

## HONOURS PROGRAMME – DEPARTMENT OF BIOCHEMISTRY

Name: \_\_\_\_\_ Major: \_\_\_\_\_

Student number: \_\_\_\_\_

Email address (must be a @mun.ca account): \_\_\_\_\_

Phone numbers:

(Cell) \_\_\_\_\_ (Local) \_\_\_\_\_ (Permanent) \_\_\_\_\_

Semester and year: \_\_\_\_\_

Supervisor(s): \_\_\_\_\_

Proposed research topic: \_\_\_\_\_

Theses are due in the 10<sup>th</sup> week of Bioc 499B. Late submissions will be penalized. Due dates and presentation dates will be confirmed later. Students are required to submit a .pdf version of their thesis to D2L. Be prepared to print a paper copy on short notice if one is requested by the examiner. After the thesis is examined and marked, it will be returned to the student for corrections if necessary. After these corrections are made, two paper copies of the corrected thesis must be submitted to the Department Office (SN4006). They need not be on bond paper and are NOT to be bound or stapled. A library release form must also be submitted along with the corrected thesis. **No mark will be forwarded to the Registrar's Office until corrected copies are received by the Head.** Students are therefore responsible for submission of corrected copies before the deadlines set by the Registrar for the receipt of course grades.

Student signature: \_\_\_\_\_

\*\*As an honours supervisor I understand that I will need to be available for my student's oral presentation in **April 2019**, as well as available to check their final corrections in a timely manner after the presentation and examination.

Supervisor(s) signature(s)\*\*: \_\_\_\_\_
