APPLICATION FORM: **CO-OPERATIVE INTERNSHIP IN COMPUTER SCIENCE (CICS)**

The CICS is an option available for Computer Science majors to complete a full-time, paid internship of 8, 12 or 16 months duration as part of the degree program. Students work in diverse areas including software development, web and mobile development, UI/UX design, cloud computing, security and privacy, data science, robotics and AI for local and national companies. Admission to the CICS is competitive and selective.

To apply: Please submit this form along with a letter explaining your interest in the program and a resume outlining your work/volunteer experience/technical projects and skills to coopscihss@mun.ca. See the university calendar for application requirements and program guidelines.

First Name:		**Last Name:**	
Gender Pronoun:		**Student Number:**	
MUN Email Address:		**Cell/Local Phone Number:**	
Local Address:			
Permanent Address: *If different from local*			
Declared Major(s):			
Citizenship:	Canadian Citizen	International Student	Permanent Resident or Refugee
Internship start date:	January	May	September

I attended a CICS information session: Yes   No

In order to be eligible for the CICS applicants must have completed a total of 75 credit hours including COMP1001, 1002, 1003, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008 plus 6 additional computer science credit hours at the 3000-level or higher **prior to the start of the internship** (not necessarily at the time of application).	I will meet this criteria by the internship start date I will not meet this criteria by the internship start date
Courses to be taken next semester	

Students must have at least 15 credit hours remaining at after the completion of the internship, 3 of which are in Computer Science. Please list the remaining courses in the section above.	I will meet this requirement
	I will not meet this requirement
Please list the remaining 15 credit hour courses here:	
I attest that I have not used AI tools to write or assist with completion of this application or the supporting documents. I understand that my application may be rejected if the review committee suspects AI tools were used.
