REQUEST FOR COURSE LOAD WAIVER

The normal course load in any semester is fifteen to eighteen credit hours, and in any session, six credit hours. Should you wish to register for more than the normal course load, and should your academic program not require you to register in more than the normal load you must obtain the written permission of the Dean of your faculty/school. This permission must be processed by the Registrar's Office before the registration systems will permit you to register in more than the normal course load.
