USE OF THE EVALUATION FORM

This form should be completed by the individual in the best position to evaluate the student's performance. Each student will benefit from constructive criticism given by a supervisor on job performance.

This form is meant to be used by both the student and the supervisor. It will work best if the student and supervisor discuss work term objectives at the beginning, middle and towards the end of the term. The student should arrange meetings with the supervisor for these discussions. Section I is a statement of performance and professional/personal objectives for the term. It should be completed during the first week of work and returned to the Co-operative Education Office.

Evaluation is a continuous process. Periodic feedback will make the student aware of his/her strengths and areas for improvement as they become apparent.
