Blue Box Seminar Series

Department of Geography

PRESENTS:

Angela is a Rachel Carson Fellow (LMU–Germany) and a member of Norway's Empowered Futures Research School, which explores the social and environmental controversies of low-carbon energy transitions. Her research brings together climate communications and justice, disinformation, petrocultures, and political discourse. She also produces the *GYRE* energy futures podcast and writes on energy issues for *theindependent.ca*.

When?February 20, 2026 | 12-1pm Arts 3017

Blue Box Seminar Series – Department of Geography

Who Owns the Wind? A Talk on NL Energy Futures
Angela Antle

Join us for an engaging conversation on Newfoundland and Labrador's energy futures with Angela Antle, a researcher with Memorial University's *Equitable Energy Governance and Public Policy Canada Research Chair* collaboration and an interdisciplinary PhD candidate at MUN.

Friday, February 20, 2026
12:00–1:00 pm
Arts 3017

All are welcome.
