

WESTERN REGIONAL SCHOOL OF NURSING

Western Regional School of Nursing (WRSON) is part of a nursing collaborative program which is offered at locations across the province, including: Western Regional School of Nursing, Corner Brook; Memorial University Faculty of Nursing, St. John's; Centre for Nursing Studies, St. John's; and satellite locations in Gander, Grand Falls-Windsor, and Happy Valley-Goose Bay (Labrador Campus). All locations offer the same curriculum.

Our Bachelor of Science in Nursing (Collaborative) Program provides you with skills that are in high demand. As a nurse you'll become an integral member of the largest and most influential group of health care providers. You will help improve the lives of individuals, families and entire populations, in all corners of the world. We offer students both real and simulated client care experiences in a variety of care areas.

The number of clinical experience hours our students complete throughout the program is among the highest in the country. WRSON has graduated more than 2000 nurses since its first graduating class of 1971. The BScN (Collaborative) Program has received four seven-year gold accreditations from the Canadian Association of Schools of Nursing.

Courses and Program Requirements

<https://www.mun.ca/university-calendar/grenfell-campus/grenfell-campus/5/1/#5.1.6>

Apply to the nursing program

For more information see the Bachelor of Science in Nursing (BScN) (Collaborative) Program Nursing Admissions website at <https://www.mun.ca/nursingadmissions/>

The deadline for applications is January 20. The deadline to have all supporting documents submitted is February 3.

Whether you are choosing the four-year program or the three-year accelerated option, you must submit a general application to Memorial University (with appropriate application fee) and submit a nursing application (no fee required).

Resources

The BScN (Collaborative) Program sites work together to offer the same curricula, combining innovative teaching and learning strategies with hands-on clinical experiences. The experiential learning experiences support contextualized teaching and learning of the required skills and competencies for professional nursing practice.

GRENFELL
CAMPUS

Grenfell Campus Housing

Grenfell provides accommodations (double rooms or apartment style) to students enrolled at Western Regional School of Nursing.
