STUDENT HOUSING

Memorial University's on-campus housing is a living learning environment where our students develop as individuals and as members of our residence community. As members of our community, all students are expected to conduct themselves in accordance with the Student Code of Conduct, the University-Wide Procedures for Sexual Harassment Complaints, university policies (e.g., appropriate use of computing resources, health and safety, alcohol, smoking, etc.), the rules and regulations contained in the University Calendar, the Occupancy Agreement, the Student Housing Regulations, and the wider criminal and civil laws, which govern their lives generally. A resident can be referred to the Residence Life Office for any of the above and/or for support and guidance.

The manager of Student Housing and/or delegate will report misconduct to the appropriate university officials. Conduct that is deemed to be an offence under the university's Student Code of Conduct includes, but is not limited to:

- Offences against persons including assault, threats, hazing, or froshing, etc.
- Offences including property including taking, damaging, or defacing university property.
- Offences involving alcohol or drugs.
- Offences involving disruption to the university community.
- Violations of university policies (e.g., health and safety, smoking, etc.).
- Contravening the provisions of the Criminal Code of Canada or any federal, provincial, or municipal legislation. The university reserves the right to report student conduct to law enforcement agencies.

The manager of Student Housing and/or delegate has the authority to; investigate alleged violations of the Student Housing Regulations and allegations of inappropriate behaviour, impose any Student Housing sanction, and prevent/ limit any individual's access to the residences, the chalets, and surrounding grounds.

Full-time employees of Student Housing (manager, residence life officer, administrative program assistant,

Facilities Management) have the authority to issue sanctions for any violations of the occupancy agreement and/or violations of the student housing regulations. Parttime and student employees of Student Housing (residence coordinators, residence assistants and chalet advisors) have the authority to issue sanctions for any violations of the Student Housing Regulations.

Students are required to read and review their Occupancy Agreement and the Housing Regulations. Violations of the Occupancy Agreement and/or the Housing Regulations may result in eviction. Repeated violations of the Occupancy Agreement and/or the Housing Regulations will result in eviction.

The Student Housing Office maintains a record for each student. Readmission to Student Housing is based on a number of factors including a review of a student's record. Students who demonstrate an inability and/or unwillingness to abide by the rules and regulations will not be readmitted to Student Housing. Students are advised that being under the influence of drugs or alcohol are not acceptable defenses for behaviour that violates the Housing regulations.
