

MUN Family Medicine  
*WestFam Stream – Stephenville Site*

Stephenville is a rural community in western Newfoundland that is equipped with essential amenities and charming local businesses. It is super scenic here with the ocean and mountains in every direction. In summertime, there are endless places to hike, camp, swim and kayak. It is every skier and snowmobiler's dream in the winter with the Whaleback Nordic Ski Club and the Lewis Hills in our backyard.

We practice broad-scope family medicine in Stephenville. As a resident, you will join us in our busy outpatient practices and in our roles at Sir Thomas Roddick Hospital. You will provide regular acute inpatient care, palliative care, and minor procedures. We also have a very busy and high acuity emergency room that provides ample learning opportunities.

We think Stephenville is an awesome place to live and work.  
Come join us!

*A pint from our local brewery*

*The Gravels Walking Trail*

*Snowmobiling in the Lewis Hills*

*Harmon Seaside Links Golf Course*

If you have any questions about living or training in Stephenville, please feel free to contact
