

Wellness Physical/Emotional Supports

The staff at Student Health Service are available to provide comprehensive health care. The student health center offers appointments with physicians or nurses, counselling on smoking, fitness, alcohol, drugs, and general wellness. Reproductive health, HIV testing, HIV counselling are also provided. Also, the center can make referrals to various specialists. Be sure to bring your MCP card (or your own provincial insurance card) when you visit for the first time. International medical students bring confirmation of your health insurance purchased through the university.
