General Business		
Steve Pennell and Gerard Farrell are working together on informatics/technology –PACS,Meditech,Students Social Media and critical appraisal of apps.		
The technologies that are used for the new curriculum seem to be working: CBlue –working well, Desire2Learn-working well, Questionmark-few bumps and more knowledge is needed to run reports, Virtual Patient-would like to have more, Twitter like feed used from Turning Technologies was a success for a session done for the Dean.
