Review/Approval of Minutes for May 12, 2016		
Approved James Valcour Seconded Mark Earle		
Business Arising		
Recording equipment is installed in 1M102 and will be in 1M101 shortly. This equipment will capture lectures, which will sit on the server until the Faculty member releases it. When released it will be viewed on D2L. There will be a policy written and cheat sheets provided through communications for this.		
Infoway can help med students to look up all tests eg Blood Sugars. This is something that would help with Curriculum development. Something CCME is interested in.		
Blackboard will be discontinued. CITL is looking at other products. The Polycom bridge maybe another option with a recorder option. Skype For Business (Microsoft) can work with the bridge.		
Action Items	Person Responsible	Deadline
Gerard Barrington will check to see if students who are trained on Meditech in St. John's will be able to use it at other sites across the province. Or if EH can come up with some type of standardized training for all sites	Gerard Barrington	Next Meeting
General Business		
New members are need for this committee.		
NBME exams are developed by MUN. This will shift from paper to online through QuestionMark.		
Upgrades in 2J618/2J619 will take place in late October.		
Resilience hoping to submit App to Apple store end of October. This will enable T-Res to act as Clinic Card.		
MUN has guest WiFi. Select @memorial – Guest and accepted Terms of Use.		
Questionmark will be moving to the cloud by January 2017. If in the cloud it can be done outside MUN Firewalls.		
Ask Buddy for your clerkship 1 st phase for the end of October. Fully operational next spring.
