

OFFICE OF LEARNER WELL-BEING AND SUCCESS

WHO WE ARE

We are a team who continually reflects on the present and reimagines the future through empowering medical learners to achieve their full academic and personal potentials.

WELL-BEING

We support, engage and inspire medical learners to cultivate their strengths and find new ways to enhance their experiences of learning and working that enable them to thrive.

MENTORSHIP

We create spaces where learners, practitioners, scholars come together with curiosity and an open mind to exchange insights and nurture minds and identities to benefit from the diverse and enduring vitality of our community.

FINANCIAL SERVICES

We provide financial guidance, options and solutions based on learners values and priorities to pursue their life goals and future.

NEWS & EVENTS

We celebrate distinctive voices and inform conversations about how our learners' experiences and accomplishments shape their lives through celebrating success at Orientation, White Coat, Convocation and many recognition scholarships and awards. We engage and bring together thinkers, doers and leaders through our Newsletter and other media and by supporting learner interest groups as hubs of innovation and culture.

CAREER ADVISING

We provide advice and resources to guide learners through specialty selection, residency application process and beyond. We provide learners with access to our extensive network of practitioners, educators and administrators for charting their careers as practitioners, innovators and leaders in healthcare.
