- The Administrative Committee is responsible for the Program. Committee members are appointed by the Dean of Science, on the recommendation of the Chair of the Committee and of the Heads of Biology and Psychology. The Committee Chair is elected by the committee members and appointed by the Dean of Science. The Committee makes recommendations to the Dean of Graduate Studies concerning admissions and academic requirements. In consultation with supervisors, recommendations are made concerning course programs, financial support, thesis committees, comprehensive and thesis topics, examiners and students' annual progress. Upon program completion, the Committee certifies that all requirements for the appropriate degree have been met. The Department of the Supervisor ensures that adequate facilities are provided for each candidate. Students in Cognitive and Behavioural Ecology are considered for teaching assistantships in the Psychology or Biology Departments.

33.6.2 Regulations

- There are no required courses for the doctoral program. However, the Doctoral Seminar (CABE 6992) and/or other courses tailored

for individual students may be included in the student's program by the Dean of Graduate Studies on the recommendation of the Chair of the Committee.

- The comprehensive examination shall normally be taken within the first 5 semesters of the program. An Examination Committee will be struck in accordance with **General Regulations**. At least one member of either the Department of Biology or of the Department of Psychology (other than the Supervisor) must be on the Examination Committee, along with one other representative from among the faculty members currently associated with Cognitive and Behavioural Ecology and an additional representative from either within or outside of Cognitive and Behavioural Ecology. The candidate's Supervisor will be on the Examination Committee with a maximum of one other member from the candidate's supervisory committee permitted to serve when appropriate. The Examination Committee is chaired by the Chair of the Cognitive and Behavioural Ecology Committee. The examination will include a comprehensive, integrative review and critical evaluation of novel ideas with regard to a topic in Animal Behaviour or Behavioural Ecology. The review topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper in 10 weeks, and the oral examination will occur within two to three weeks of the paper's submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Cognitive and Behavioural Ecology.

Professor and Head of the Department

M. Gong

The degrees of Master of Science and Doctor of Philosophy are offered in Computer Science.

33.7.1 Program of Study

- Admission into the Ph.D. program in Computer Science is normally restricted to candidates holding a Master's Degree (or equivalent) in Computer Science or a closely related area. Others may be considered for admission. See **Qualifications for Admission** of the **General Regulations**. International applicants are strongly encouraged to submit results of the (general) Graduate Record Examination (GRE) Test.
- Each candidate for the Ph.D. shall complete a program of graduate courses prescribed by the supervisory committee. The normal minimum will be 9 credit hours.
- The candidate shall take the Comprehensive Examination within the time limits specified in **Comprehensive Examinations** of the **General Regulations**. Students should consult the Departmental guidelines for a detailed description of the content of the Comprehensive Examination.
- The Ph.D. Degree program will conclude with an oral defence of the thesis as described in **Theses and Reports** of the **General Regulations**.

33.7.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6758-6769 Special Topics in Computer Applications
 6770-6790 Special Topics in Computer Science
 690A/B Research Methods in Computer Science
 6901 Applied Algorithms (*credit may be obtained for only one of 6901 and 6783*)
 6902 Computational Complexity (*credit may be obtained for only one of 6902 and 6743*)
 6903 Concurrent Computing
 6904 Advanced Computer Architecture (*credit may be obtained for only one of 6904 and 6722*)
 6905 Software Engineering (*credit may only be obtained for one of 6905 or 6713*)
 6906 Numerical Methods (*credit may only be obtained for one of 6906 or 6731*)
 6907 Data Mining Techniques and Methodologies (*credit may be obtained for only one of 6907 and 6762*)
 6908 Database Technology and Applications (*credit may be obtained for only one of 6908 and 6751*)
 6909 Fundamentals of Computer Graphics (*credit may be obtained for only one of 6909 or 6752*)
 6910 Services Computing, Semantic Web and Cloud Computing
 6911 Bio-inspired Computing
 6912 Autonomous Robotics (*credit may be obtained for only one of 6912 and 6778*)
 6913 Bioinformatics

6914 3D Modelling and Rendering
 6915 Machine Learning
 6916 Security and Privacy
 6918 Digital Image Processing (*credit may be obtained for only one of 6918 or 6756*)
 6921 Syntax and Semantics of Programming Languages (*credit may be obtained for only one of 6921 or 6711*)
 6922 Compiling Methods (*credit may be obtained for only one of 6922 and 6712*)

 www.mun.ca/earthsciences

Professor and Head of the Department

J. Hanchar

The degrees of Master of Science and Doctor of Philosophy are offered in Earth Sciences (Geology) and Earth Sciences (Geophysics) by full-time and part-time study.

33.8.1 Program of Study

1. Admission into a Ph.D. program in Earth Sciences (Geology) and Earth Sciences (Geophysics) is normally restricted to candidates holding a Master's Degree or its equivalent. Candidates holding B.Sc. (Honours) degrees who show evidence of exceptional ability may be considered for a direct entry into a Ph.D. program. In exceptional circumstances, a candidate with a B.Sc. (Honours) Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program, provided that the candidate can demonstrate, to the satisfaction of the Department of Earth Sciences, his/her ability to pursue research at the doctoral level.
2. A candidate for the Ph.D. Degree is normally required to complete 6 credit hours in addition to the credit hours required for the M.Sc. Degree. The courses must be selected from the overview and general courses below or with the approval of the supervisory committee and Head of Department, other graduate level courses including those offered by other departments. Depending on background and/or area of specialization, a candidate also may be required to complete additional courses in earth sciences or related subjects. All course requirements should be completed within 12 months from the date of the first registration in the Ph.D. program.
3. The Ph.D. Comprehensive Examination shall normally be taken in the first semester of registration in the Ph.D. program.
 Note: *Detailed descriptions of the Ph.D. Comprehensive Examination are available upon request from the General Office of the Department of Earth Sciences.*
4. The Ph.D. Thesis Proposal Examination shall normally be taken in the second semester of registration in the Ph.D. program.
 Note: *Detailed descriptions of the Ph.D. Thesis Proposal Examination are available upon request from the General Office of the Department of Earth Sciences.*
5. The Ph.D. Degree program will conclude with a thesis examination and an oral defense of thesis as prescribed in the **General Regulations, Theses and Reports**.
6. The Supervisor and the Head of the Department may recommend to the Dean of Graduate Studies that the program of a candidate who is not making satisfactory progress be terminated, in accordance with **General Regulation, Termination of a Graduate Program**.
7. A candidate is required to give an oral presentation to the Department on the results of his/her research. The presentation must be given during the second or third year of the program.

33.8.2 Courses

A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

Overview Courses

7110 Physics of the Solid Earth
 7120 Crustal Geophysics
 7300 Changes in Global Paleoenvironment
 7400 Tectonic Regimes
 7410 Engineering and Environmental Geology
 7500 Chemical Fluxes in the Earth
 7810 Paleocology (*same as former 6810, credit may be obtained for only one of 7810 or 6810*)

General Courses

6070 Quantitative Techniques in Mineralogy and Metamorphic Petrology
 6105 Advanced Field Course in Applied Geophysics (may be offered in accelerated format)
 6141 Rotation of the Earth
 6142 Theory of Global Geodynamics
 6152 Paleomagnetism
 6171 Advanced Exploration Seismology
 6172 Borehole Seismic
 6175 Gravity and Magnetic Methods
 6177 Mathematical Formulations of Seismic Wave Phenomena
 6210 Genesis of Mineral Deposits
 6320 Marine Geology
 6400 Flow and Transport in Fractured Rock

6410 Advanced Engineering and Environmental Geology
 6420 Deformation Mechanisms
 6500 Stable Isotope Geochemistry
 6510 Trace Element Geochemistry
 6520 Methods in Advanced Research in Geochemistry
 6540 Radiogenic Isotope Geochemistry
 6550 Biogeochemistry
 6600 Petroleum Geology
 6740 Modern and Ancient Sedimentary Environments
 6750 Sequence Stratigraphy
 6801 Palaeobiology of Early Animal Life
 6820 Palynology and Paleobotany
 6900-6999 Special Topics in Earth Sciences

33.9 Education

www.mun.ca/educ

Professor and Dean

K. Anderson

The degrees of Master of Education and Doctor of Philosophy are offered in Education.

The Degree of Doctor of Philosophy in Education is offered to qualified candidates, normally by full-time study. The **General Regulations** of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the Faculty of Education outlined below will apply.

33.9.1 Admission to the Ph.D. Program

General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out in the University Calendar under School of Graduate Studies, General Regulation **Qualifications for Admission, Ph.D. Program**.

In addition, the following admission requirements apply:

1. an 'A' standing in a Master's Degree in Education or in an equivalent Master's Degree from an accredited university;
2. evidence of scholarly work, such as a master's thesis, directed research project, or qualifying research paper;
3. normally, completion of two years of professional experience in an educational setting;
4. an interview may be required.

33.9.2 Supervisory Committee

Each candidate will have a supervisory committee comprised of a minimum of three members, at least two of whom shall be members of the Faculty of Education. The thesis Supervisor shall be a faculty member in the Faculty of Education, Memorial University of Newfoundland.

33.9.3 Program of Study

1. Courses

- a. Students are required to successfully complete four courses on the doctoral program.

Education 701A/B - Doctoral Seminar in Education: Area of Specialization

Education 702A/B - Advanced Educational Research

Students will normally register for the 'A' portion of the above-noted courses in the relevant Fall semester of their program of study and the corresponding 'B' portion of the course in the following Winter semester. A grade of NC (No Grade Expected) will be assigned to the 'A' portion of each of these courses.

- b. Students will also be required to complete two available graduate courses related to their program focus and specialty, based on the advice of the student's supervisory committee.
- c. Normally, no more than four courses may be undertaken on a candidate's program.
- d. Education 7003-30 - Special Topics (offered as required)

2. Comprehensive Examination

The candidate shall undertake a written and an oral comprehensive examination, which will follow General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination** which sets out the procedures for the comprehensive examination.

- a. A candidate in a Ph.D. program in Education shall normally take the examination no later than the end of the seventh semester in the program. The candidate will have completed required courses prior to taking the Comprehensive Examination. In preparation for the Comprehensive Examination, the doctoral candidate, with the guidance of the candidate's Supervisor, will undertake study of the sub-disciplines/areas of concentration identified by the candidate and supervisory committee and approved by the Doctoral Committee. Normally, these will include the candidate's area of concentration and two additional sub-disciplines/areas of concentration.
- b. Such study of sub-disciplines will normally include but not be limited to developing a reading list of important historical and current publications within the sub-disciplines, identifying emerging research emphases within the sub-disciplines, and writing scholarly review papers of these publications.
- c. In preparation for the written comprehensive examination, the doctoral candidate and the supervisory committee will agree on the topics to be examined. The examination will be written over a three-week period.
- d. Normally, the oral comprehensive examination will occur within six weeks of the written examination, which if judged to be successful by the Comprehensive Examination Committee, will form the basis of an oral comprehensive examination.
- e. The procedure for scheduling the Comprehensive Examination shall be initiated by the candidate's Supervisor who will notify, in writing, the Dean of Education of the candidate's readiness. The date of both the written examination and the oral examination will be determined by the Dean of Education. The candidate will receive a written notice of the scheduled date for both examinations from the Dean of Education.

- f. The Comprehensive Examination Committee shall be appointed by the Dean of Graduate Studies in accordance with School of Graduate Studies General Regulation **Comprehensive Examination, Ph.D. Comprehensive Examination** on the recommendation of the Dean, Faculty of Education. There will be six members of the Comprehensive Examination Committee as follows:

Dean of Education or delegate (Chair)
 Chair of the Doctoral Committee of the Faculty Council of Education
 Candidate's Supervisor
 Second member of candidate's supervisory committee
 Dean of School of Graduate Studies or delegate (non-voting)
 Member of the Faculty of Education or educational community selected by the Dean of Education.

In the event that the Chair of the Doctoral Committee is the candidate's Supervisor, the Dean of Education shall appoint an additional member.

3. Ph.D. Thesis Regulations

- The candidate must submit a thesis proposal based on his/her own research interest to all members of the Supervisory Committee for critical evaluation. Normally, the proposal must be approved prior to the eighth semester of the program. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection or acceptance with recommended changes.
- If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted and deemed acceptable by the Supervisory Committee within a semester. Failure to resubmit within this time period will lead to termination of the candidate's program.
- The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary theoretical and methodological framework and analyses, and present the findings in a scholarly manner.
- Each candidate will be required to present a seminar on her/his thesis research to the Faculty.
- Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the General Regulation **Theses and Reports, Evaluation of Ph.D. Theses** governing the School of Graduate Studies.

33.9.4 Courses

701A/B Doctoral Seminar in Education: Area of Specialization (*credit may not be obtained for 701A/B and the former 7001*)

702A/B Advanced Educational Research (*credit may not be obtained for 702A/B and the former 7002*)

7003-30 Special Topics

33.10 Engineering and Applied Science

www.engr.mun.ca

Professor and Dean

G. Naterer

The degree of Doctor of Philosophy (Ph.D.) is offered in the Faculty of Engineering and Applied Science and may be obtained either through full-time or part-time studies. The Ph.D. degree can be obtained through programs in Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Ocean and Naval Architectural Engineering, Oil and Gas Engineering, and Process Engineering.

33.10.1 Qualifications for Admission

Admission to the Ph.D. program is limited and competitive. All applicants must meet the minimum qualifications described in the **General Regulations** for the School of Graduate Studies. Admission is normally restricted to candidates holding a Master's Degree in Engineering or a related area. Decisions on admission, however, will also take into account such things as the applicant's rank in class, referees' assessments, general performance throughout the applicant's previous academic programs, and the availability of supervisors in the area of the applicant's interest. In cases of demonstrated ability, a student enrolled in the M.Eng. program may be allowed to transfer to the Ph.D. program without the completion of all the M.Eng. Degree requirements. As well, in exceptional cases, direct entry to the Ph.D. program, after completion of a Bachelor's Degree in Engineering or a related area, is possible.

Normally, applicants will be considered in January for admission for the following September. In special cases, applicants may also be considered in April and August. Applications should be made sufficiently far in advance to permit the University to obtain all relevant documents and review the application.

33.10.2 Program of Study and Research

A Ph.D. program shall normally consist of three components:

- a minimum of 6 credit hours consisting of graduate courses recommended by the student's supervisory committee,
- a comprehensive examination as detailed in **Regulations for Ph.D. Comprehensive Examination**, and
- a thesis satisfying the requirements of the **General Regulations** for the School of Graduate Studies.

In cases of direct entry after a Bachelor's Degree or promotion from a Master's program before fulfilment of the Master's course requirements, it is likely that the student will be required to take more credit hours than the normally required minimum. In such cases, the requirements for the course component of the student's program will be reviewed on an individual basis by the student's supervisory committee and the Dean of the Faculty of Engineering and Applied Science.

33.10.3 Regulations for Ph.D. Comprehensive Examination

Timing

A candidate registered in the Ph.D. Program shall normally take the Comprehensive Examination within four semesters of the start of his/her program. The candidate must have successfully completed all required courses prior to the Comprehensive Examination. The Comprehensive Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science, normally within three semesters of the start of the student's program.

The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science, normally within three semesters of the start of the student's program.

Examination Procedure

The Comprehensive Examination (as prescribed under **General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination**), shall be an oral examination that is open to the University community; however, only members of the Examination Committee are permitted to ask questions. Following the examination, the Examination Committee shall meet in camera to decide a recommendation for the Committee Chair to forward to the Dean of Graduate Studies. The possible recommendations in accordance with **General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination** are "pass with distinction", "pass", "re-examination", or "fail".

33.10.4 Ph.D. Thesis Regulations

1. Upon successful completion of the Comprehensive Examination, and normally prior to the end of the sixth semester in the program, the candidate must submit a thesis proposal to the Supervisory Committee for evaluation and approval. The proposal shall consist of
 - 1) a written research proposal, normally of no more than 10,000 words, that should clearly define the research problem, survey literature, present the research method or experimental design, and may include a summary of results already obtained, and 2) a 20 to 30 minute presentation. The candidate should submit the written proposal at least one month prior to the presentation which is open to the University community.
2. The presentation will be chaired by the Dean of Engineering and Applied Science or delegate. Immediately following the presentation, the Supervisory Committee shall question the candidate regarding the proposal and shall then meet in camera to assess the proposal. Assessment shall result in one of the following three outcomes: (1) accept; (2) accept with changes, or (3) reject. The results of this assessment shall be provided to the student following the meeting. Assessments of 'accept with changes' or 'reject' shall be accompanied by written comments within one week of the proposal presentation.
3. If the proposal is rejected, the candidate shall be permitted to submit a second proposal. This proposal must be submitted and deemed acceptable by the Supervisory Committee within four months of the original proposal presentation. Failure to submit an acceptable second proposal within the time period shall lead to termination of the candidate's program.
4. The Ph.D. thesis shall constitute an independent and original research contribution.
5. The Ph.D. thesis shall be evaluated according to the process established in **General Regulations, Theses and Reports, Evaluation of Ph.D. and Psy.D. Theses** governing the School of Graduate Studies.

33.10.5 Courses

For a list of graduate courses offered by the Faculty of Engineering and Applied Science refer to the list of "Core Courses" and the list of "Other Courses" offered for the Master of Engineering program.

33.11 English

www.mun.ca/hss
www.mun.ca/english

Associate Professor and Head of the Department

J. Lokash

The degrees of Master of Arts and Doctor of Philosophy are offered in English.

Candidates for the M.A. in English may complete the program as either part-time or full-time students. Candidates for the Ph.D. in English must be in attendance as full-time students for at least three semesters of the program.

33.11.1 Program of Study

1. Admission to the Ph.D. in English is limited and competitive. Applicants should have a Master's Degree in English or its equivalent from a recognized university and should have an outstanding academic record.
2. All candidates will be required to complete 15 credit hours in graduate courses. These courses will be selected by the candidate in consultation with the candidate's Supervisory Committee.

While candidates will normally be free to choose graduate courses of interest to them, it will be a primary responsibility of their Supervisory Committees to ensure that any serious deficiencies in their record of previous courses, graduate and undergraduate, are remedied, particularly in the area of proposed thesis research.

3. Candidates who have not previously taken English 7003 or its equivalent will take English 7003, which will count as one of the required courses for the Ph.D. Students who have taken English 7003 or its equivalent before entering the Ph.D. program must still complete 15 credit hours.
4. Candidates who have not completed English 4900 or English 5900 or an equivalent course will be required to complete English 5900, which will not count as one of the required courses for the Ph.D. The course will be graded "pass" or "fail". As in other graduate courses a grade of 65B or above is considered a pass.
5. Candidates must submit a thesis proposal which includes a statement of topic, a working title, a plan of research, and a preliminary bibliography. The thesis proposal should be approved by the Supervisory Committee and submitted to the Departmental Graduate Studies Committee for its approval before the Comprehensive Examination and before the end of the fifth semester. The Departmental Graduate Studies Committee shall return the thesis proposal to the candidate no later than one month after receiving it.
6. Reading knowledge of a second language will be required of all candidates. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, a passing grade in an approved second-language course for graduate students, or performance satisfactory to the Department in an arranged reading proficiency test (in which a dictionary may be used).

The language requirement should be completed before the Comprehensive Examination is taken.

The second language will normally be French. In exceptional circumstances, and on the recommendation of the Supervisory Committee and the Departmental Graduate Studies Committee, a language other than French may be substituted.

The Supervisory Committee may also require a demonstrated reading knowledge of an additional language (other than French or the substituted language) if such knowledge is deemed necessary for the student's research interests.

7. The Ph.D. Comprehensive Examination in English will have written and oral components, will have two parts, and will be prepared by the candidate's Comprehensive Examination Committee. The Comprehensive Examination Committee will determine the submission dates for papers and the dates of oral examinations. The Ph.D. Comprehensive Examination in English shall in all circumstances be in accordance with General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination**.

The candidate's Comprehensive Examination Committee will include the Head (or the Head's delegate, usually the Graduate Co-ordinator), the Dean of the School of Graduate Studies (or delegate), the candidate's Supervisor, and three other members of the Department.

The examination shall take place before the end of the seventh semester.

The first part of the examination will be in a complementary area (Complementary Examination) and the candidate will have a choice of either writing an essay in response to questions determined by the Comprehensive Examination Committee or completing a set of assignments related to teaching in the field.

The second part of the examination will be in the candidate's thesis area (Thesis Area Examination) and will require the candidate to write in response to questions determined by the Comprehensive Examination Committee and that paper will form the basis of a departmental presentation. The Comprehensive Examination Committee will orally examine the candidate about the paper topic and the broader relationship to the thesis area.

All examinations, both written and oral, will comply with Departmental Guidelines.

Candidates will be graded "pass with distinction", "pass", "re-examination", or "fail." Candidates who are marked for "re-examination" will be re-examined in the area or areas in which the Comprehensive Examination Committee has determined that the candidate's performance is deficient. The nature of this re-examination (and whether it will be written or oral) is left to the discretion of the Comprehensive Examination Committee.

33.11.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

- Notes: 1. *Since it is impossible to list in detail the many topics that may from time to time be offered, the titles below refer only to the major periods and general subject areas in which specific courses may be available. The content and approach in specific courses will vary according to the research interests of students and faculty involved in the course. Students should consult the Department's annual Graduate Student Guide (or the Graduate Co-ordinator) for detailed descriptions of specific course offerings. Normally, no fewer than 30 credit hours in graduate courses are offered in any given academic year.*
2. *English 5900 cannot be counted as one of the required graduate courses in any program.*
3. *All students will normally take English 7003 - Trends in Contemporary Literary Theory, usually in their first semester.*
4. *Students who took graduate courses in English at Memorial University of Newfoundland before 1997 should consult with the Department before selecting further courses.*

33.12.1 General Information

1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Medicine and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.
2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

33.12.2 Program of Study

1. The Doctor of Philosophy (Ph.D., Environmental Science) is a research degree which includes a doctoral dissertation and course work. Normally, students entering the Ph.D. program in Environmental Science will have a M.Sc. degree from an institution recognized by the Senate. Students in the Master of Science (Environmental Science) program, after a minimum of 12 months in their program of studies, may request a transfer to the Ph.D. program. Final decision for transfer from the M.Sc. program to the Ph.D. program rests with the Dean of the School of Graduate Studies. There are two courses (6 credit hours) required for the doctoral program. All students take Environmental Science 6010 and those with a disciplinary M.Sc. degree in Science from a recognized university also take Environmental Science 6000. Other courses tailored for individual students are included in the student's program by the Dean of Graduate Studies on the recommendation of the Chair of the Board of Studies.
2. The comprehensive examination should be taken on completion of all course work. An Examination Committee will be struck in accordance with the **General Regulations**. At least two members of the Board of Studies must be on the Examination Committee. The candidate's Supervisor will be on the Examination Committee and will be the only examiner from the candidate's Thesis Supervisory Committee. The Head of the Department of the Supervisor or his/her delegate is invited to serve on the Comprehensive Examination Committee. The Examination Committee is chaired by the Chair of the Environmental Science Program. The examination will be both written and oral. The topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper within four months, and the oral examination will occur within six weeks of the paper's submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Environmental Science.
3. The doctoral thesis is based on the results of systematic, independent research on an approved scientific topic. To ensure the research is interdisciplinary, the supervisory committee must be made up of members from at least two different departments. The candidate will be required to present a Ph.D. research proposal to the supervisory committee. The completed thesis will be evaluated according to the **General Regulations** of the School of Graduate Studies. It must contribute significantly to knowledge in the field of Environmental Science.

33.13 Ethnomusicology

www.mun.ca/hss
www.mun.ca/folklore
www.mun.ca/music

Associate Professor and Dean

I. Sutherland

The Doctor of Philosophy program in Ethnomusicology is administered by the School of Music in consultation with the Department of Folklore, and generally in response to recommendations from an Interdisciplinary Advisory Committee with representation from both academic units, chaired by the Program Co-ordinator.

The Degree of Ph.D. in Ethnomusicology is offered by part-time and full-time study. This program is a research Degree, generally involving extended fieldwork. The resources of the Memorial University of Newfoundland Folklore and Language Archive are available to graduate students in Ethnomusicology.

33.13.1 Qualifications for Admission

Applicants may be admitted to the program if they have at least a B+ average in a M.A. Degree in Ethnomusicology, another field of Music, or other relevant discipline in the Humanities or Social Sciences with evidence of specialization in music. Applicants from a discipline other than Music will be expected to demonstrate the following skills:

- Competent performance in any musical tradition, as judged by a musician knowledgeable about that tradition.
- Knowledge of culturally appropriate language for discussion of performance techniques in that tradition.
- Ability to discuss musical details on the basis of aural and/or written sources, as appropriate to that tradition.

Candidates for admission may, at the discretion of the Interdisciplinary Advisory Committee, be required to write diagnostic examinations measuring skills and knowledge in music literacy, theory, or aural perception. Candidates with deficiencies in any of these areas may be required to take remedial course work prior or in addition to the required program.

Upon completion of M.A. course work, students who have attained an A average may wish to be considered for transfer to the Ph.D. program. Students who seek this option must apply to the Interdisciplinary Advisory Committee to be considered for transfer one month prior to the completion of their M.A. courses or by the end of the 5th semester (see General Regulation **Qualifications for Admission, Master's Program**).

33.13.2 Program of Study

The Ph.D. program may be completed within twelve to fifteen consecutive semesters of full-time study, depending on fieldwork requirements. The Degree is normally taken by completing course work, comprehensive examinations, a language proficiency requirement, and a Ph.D. thesis, defended in accordance with General Regulation **Theses and Reports** of the School of Graduate Studies.

1. Students must complete a minimum of 21 credit hours of course work. If required courses have been completed at the M.A. level, electives may be substituted (with approval of the Interdisciplinary Advisory Committee). The required courses are:
 - a. Music 8001; Folklore 6030; and Folklore 7100.
 - b. Twelve credit hours of electives selected from courses listed below or from relevant courses offered in another discipline (with the approval of the Interdisciplinary Advisory Committee). Ph.D. students may take up to two courses (6 credit hours) in a cognate discipline.
 - c. Reading proficiency in one language other than English, relevant to the research area, demonstrated to the satisfaction of the Interdisciplinary Advisory Committee. The choice of language must be approved by the Interdisciplinary Advisory Committee. The language exam should normally be completed before the comprehensive exams.
 - d. Further courses beyond the minimum number may be required, depending on the background and needs of the student.
2. Comprehensive examinations will be administered in a major area, minor area, and theoretical/interdisciplinary area; a component of the comprehensive examination will test audio-visual skills. Bibliographies and discographies for several focussed topics will be developed by the student in consultation with his/her supervisory committee and will be the basis of examination questions. The written portion of the examination will be scheduled over a one-week period. The Comprehensive Examination Committee will normally schedule a consultation with the student to discuss the written essays within one month following the completion of the written examination. For further information see General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination**.
3. Students must complete a thesis, examined and defended in accordance with General Regulation **Theses and Reports** of the School of Graduate Studies. A thesis proposal, including a working title, statement of purpose and research scope, outline of theoretical and methodological approach, working plan, and preliminary bibliography, together with proposed membership of the supervisory committee, must be submitted to the Interdisciplinary Advisory Committee no later than the fifth semester of study. The thesis shall demonstrate the candidate's ability to carry out original and independent research, develop the necessary theoretical and methodological framework, and present the findings in a scholarly manner.

33.14 Fisheries Science

www.mi.mun.ca

Vice-President (Marine Institute)

G. Blackwood

The Degree of Philosophy is offered in Fisheries Science to full-time and part-time students. The following regulations must be read in conjunction with the **General Regulations** of the School of Graduate Studies of Memorial University of Newfoundland.

An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Committee will consist of an Academic Director as Chair, three members from the Marine Institute, and two members from other academic units of the University. Normally, all appointments will be for a period of three years.

33.14.1 Admission and Program of Study

1. Admission into the Ph.D. program in Fisheries Science is normally restricted to applicants holding a Master's Degree or its equivalent. In exceptional circumstances, an applicant with a B.Sc. Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program. For this transfer to be accepted, the applicant must demonstrate, to the satisfaction of the Supervisor and Supervisory Committee, the ability to pursue research at the doctoral level.
2. In addition to completing a thesis of original research, a student will be required to take FISH 6000, 6001, and 6002. Depending on the background of the student, the Supervisor and Supervisory Committee may deem the student to be exempt from completing any or all of these courses. A student may be required by the Supervisor and Supervisory Committee to take FISH 6003, 6004, and/or 6005.
3. Within three months of the first registration in the Ph.D. degree program, the student will meet with the Supervisory Committee. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report,

signed by all members of the Supervisory Committee and student, must be given to the Academic Unit. A copy will be sent to the graduate student and to the Dean of Graduate Studies.

4. At the first committee meeting, the Supervisory Committee shall discuss the student's program and will explore areas of weakness in the student's knowledge, especially where these relate to the intended areas of research. The Supervisory Committee may require the student to take additional courses.
5. The student and the Supervisory Committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and the Supervisory Committee) to the Head for inclusion in the student's file. This proposal should be no more than five pages in length.
6. The student will present a research seminar to the Academic Unit, normally by the end of the third semester following admission, to describe the research topic being investigated and the methodologies to be employed. The Supervisory Committee should be present at this seminar. This seminar provides an opportunity for the student to receive constructive input from the broad research community.
7. A student must successfully complete a Comprehensive Examination, as outlined under **General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination**. The comprehensive examination will be both written and oral.
8. A theses shall conform to **General Regulations, Theses and Reports** of the School of Graduate Studies.

33.14.2 Courses

33.15 Folklore

www.mun.ca/hss
www.mun.ca/folklore

Associate Professor and Head of the Department

C. Thorne

The Degree of Doctor of Philosophy in Folklore is offered by part-time and full-time study and is primarily a research Degree. The program normally requires extensive fieldwork research in Newfoundland and/or the Maritimes.

Integral to the teaching of the Department of Folklore is the work of the Memorial University of Newfoundland Folklore and Language Archive; see section under **Master of Arts, Folklore**.

33.15.1 Program of Study

1. An applicant for admission to the Ph.D. program in Folklore must hold an M.A. Degree in Folklore, or its equivalent as determined by the Head of the Department and the Dean, with an average grade in M.A. courses of not less than 80%.
2. All Ph.D. students in the Folklore program must complete *at least* 18 credit hours in program graduate courses which shall include Folklore 7000 and 7100. Candidates will normally be free to choose graduate courses of interest to them in Folklore or related disciplines, though it will be a primary responsibility of their committees to ensure that any serious deficiencies are made good. At the end of the second semester the program and further status of the candidate will be reviewed.
3. Second Language Requirements:
 - a. All Ph.D. candidates are required to demonstrate an adequate reading knowledge of a second language - normally a common, modern language.
 - b. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, or performance satisfactory to the Department in an arranged reading proficiency test.
 - c. The selection of a second language can be based on the student's research requirements.
 - d. The selection of a second language must be made in consultation with the student's faculty advisor or Supervisor. Confirmation that the choice is acceptable must be obtained from the Department.
 - e. The language requirement must normally be fulfilled before a student takes the Ph.D. Comprehensive Examination.
4. Comprehensive Examination for the Ph.D.:
 - a. The Ph.D. Comprehensive Examination shall be administered in accordance with **General Regulations, Comprehensive Examinations**. Candidates will prepare for three examinations by undertaking supervised readings in three fields decided by the Comprehensive Examinations Committee. The basic principle is to integrate knowledge within specific areas of folklore and folklife scholarship. The examination normally will be written with the format to be determined by the Comprehensive Examination Committee in consultation with the student. Assessment will be based on the examination of three papers each of one week duration or three open book examinations each of eight hour duration. The Committee will recommend to the Dean of Graduate Studies a grade of PWD (pass with distinction), PAS (pass), REX (re-examination), or FAL (fail).
 - b. Examination normally will take place only upon the completion of the second language requirements and no earlier than the end of the first year after admission to candidacy but no later than one year after the completion of the program courses. The examination normally will be scheduled in the second semester following the candidate's completion of courses.
5. Ph.D. Thesis:
 - a. The candidate will normally submit a thesis proposal based on his/her own interests no later than the end of the semester following the completion of comprehensive examinations. The thesis proposal will include a working title, names of preferred Supervisor and two other Committee members, statement of topic, plan of research, statement of methodological and theoretical approach, a brief review of the literature and a preliminary bibliography. The proposal will be circulated to the Department for critical evaluation on the basis of which the candidate will be informed, within one month, by the Supervisor, of its acceptance, rejection, or acceptance with recommended changes.
 - b. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary theoretical and methodological framework and present the findings in a scholarly manner.

33.15.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, normally after consultation with the Head of the Department or the Graduate Studies Administrator, and as far as the resources of the Department will allow. Courses are structured according to the categories of: Theories and Methods, Issues, Form and Performance, Special Topics, Regional, National and International Heritage, Social Identities, Public and Applied Folklore, Interdisciplinary Perspectives and Required (Ph.D.).

33.17.1 Program of Study

1. To be admitted to the program, an applicant must have completed either a Master of Arts or a Master of Science Degree, or its equivalent, in Geography or a related discipline. In exceptional circumstances, a candidate who has completed either a B.A. (Honours) or B.Sc. (Honours) Degree, and who has spent not less than 12 months in a M.A. or M.Sc. Degree program may apply for transfer into a Ph.D. program. A successful application for transfer will require that the candidate demonstrate to the satisfaction of the Department an ability to pursue research at the doctoral level.
2. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.
3. Research areas for graduate study at the Doctoral level are cultural, political and historical geography, economic geography, resource management, community and regional development, physical geography, and geographic information sciences.
4. An applicant will be admitted to a doctoral program only if a faculty member agrees to act as Supervisor, and at least two other individuals are willing to serve on the supervisory committee.
5. All candidates must successfully complete Geography 6000 and 6001 if these courses, or equivalent courses, have not been included in their Master's program. In addition, all candidates are required to successfully complete a minimum of 3 credit hours in graduate program courses.
6. The supervisory committee may decide that a candidate successfully completes an examination for reading or speaking a language other than English.
7. After the successful completion of all required courses, candidates must take a comprehensive examination which will have both a written and an oral component.
8. Following successful completion of the comprehensive examination the candidate will submit a written research proposal to the supervisory committee. The proposal must then be approved by the Committee prior to the commencement of research by the candidate.
9. Each candidate will be required to present a seminar on their research to the Department.
10. The Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the **General Regulations** governing the School of Graduate Studies.

33.17.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

Assistant Professor and Head of the Department

T. Bishop Stirling

The degrees of Doctor of Philosophy and Master of Arts are offered in History by full-time or part-time study.

33.20.1 Program of Study

1. The Ph.D. Degree in History is offered in accordance with **General Regulations** and current department strengths.
2. An applicant must hold either a Master's Degree in History or a Bachelor's Degree in History with first-class Honours or their equivalents as determined by the Head of the Department and the Dean.
3. During the first semester, a Ph.D. candidate must successfully complete History 7000 and 7001 if these courses (or their equivalents) have not been included in his/her Master's program. The Supervisory Committee may require the candidate to complete additional graduate courses.
4. A candidate must demonstrate in accordance with regulations established by the School of Graduate Studies a reading knowledge of French before taking the comprehensive examination. On the recommendation of the Supervisory Committee a modern language other than French may be substituted. In addition, the Supervisory Committee may require a demonstrated reading knowledge of a second language other than French or English (or the substitute language).
5. A candidate will undertake supervised reading in fields prescribed by the Department. The Supervisors of these programs of reading, along with the thesis Supervisor, will comprise the student's Supervisory Committee.
6. In the second year of the program, after the successful completion of all required courses, a student must take a Comprehensive Examination, which will have both written and oral components.
7. Following successful completion of the Comprehensive Examination, a student must submit a thesis proposal, deemed acceptable by the Supervisory Committee, to the Department.
8. An interested applicant is urged to consult with the Head of the Department on these prerequisites and other requirements before filing an application for admission.

33.20.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

6000 Advanced Studies in Newfoundland History

33.21 Interdisciplinary

www.mun.ca/sgs

Associate Professor and Director

J. Dyer

The Degree of Doctor of Philosophy (Interdisciplinary) is offered by part-time and full-time study.

The **General Regulations** of the School of Graduate Studies and the regulations outlined below will apply.

33.21.1 Administration

1. The program shall be administered by a Director, together with the School of Graduate Studies Interdisciplinary Ph.D. Committee (ID Ph.D. Committee). Duties of this committee include recommendation of applications for acceptance into the program.
2. The program of study of each student will be guided for the duration of the program by a Supervisory Committee of either three (3) or five (5) faculty members, appointed by the Dean of Graduate Studies on the recommendation of the ID Ph.D. Committee at the time of admission.

In addition, the Director shall be an ex officio member of each Interdisciplinary Ph.D. Supervisory Committee.

Duties of this Committee shall involve supervising the overall program of study, including the recommendation of appropriate

courses, the setting and scheduling of comprehensive examinations, advising on the development of a research proposal and thesis-writing and recommendation of thesis examiners.

The Supervisory Committee is also responsible for recommending fellowship support to the ID Ph.D. Committee and to the Dean of Graduate Studies at the time of admission and throughout the student's program.

3. Normally, the "academic home" for the student is in the Department or faculty/school of the Chair of the Supervisory Committee.

33.21.2 Deadlines for Applications

1. The deadline for Fall admission is March 1 for commencement in September, October 1 for commencement in January, and February 1 for commencement in May. Students seeking admission to the program should start preparing their admission file well in advance of the application deadline.

Admissions shall be considered by the ID Ph.D. Committee and recommendations shall be made to the Dean of Graduate Studies.

33.21.3 Admission

1. Prospective students should normally hold a Master's Degree and have an excellent academic record. Applications for admission must include:
 - a. Two letters of reference
 - b. A detailed research proposal
 - c. Letters expressing a commitment to the research project and to supervisory duties from three Memorial University of Newfoundland faculty members, one of whom is prepared to assume the role of Chair of the Supervisory Committee and at least one whose unit of primary responsibility is a Ph.D. granting unit.
 - d. Letters of endorsement from the administrative heads of each of the units involved in the proposed program.
 - e. A statement from the University Librarian indicating the adequacy of Library resources to satisfy the demands of the research program.

33.21.4 Program of Study

1. Courses

- a. Students are required to complete INTE 902A/B: normally, this course will be completed in the first year.
- b. In addition to INTE 902A/B, students will normally be required to take 12-18 credit hours of courses to be determined by the Supervisory Committee. These must include at least one course from each participating discipline. Directed reading courses may be included to support the development of the thesis work.
- c. Where appropriate, extra language and/or methodology courses may be prescribed. See **Evaluation, Evaluation of Graduate Students**, 4. concerning language(s) requirement.

2. Comprehensive Examination

The scope and format of the comprehensive examination shall be determined by the Supervisory Committee in consultation with the student and in accordance with the needs of his/her particular program of study. Students will be required to take a comprehensive examination no later than the end of the seventh semester of study and after the completion of all required course work. Comprehensive examinations shall follow procedures in accordance with General Regulation, **Comprehensive Examinations, Ph.D. Comprehensive Examination**, with the exception of 2.

3. Thesis

- a. Students must complete a thesis, examined and defended in accordance with General Regulations of the School of Graduate Studies. The thesis shall give evidence of the candidate's ability to develop independent and original research.

33.21.5 Doctoral Internship

1. The School of Graduate Studies allows doctoral students, Interdisciplinary Ph.D. students, to undertake internships of work. Students approved to undertake an internship will be required to register for the Doctoral Internship course (INTE 6000). Students will be expected to obtain their own internships (with the help of supervisors when possible) and must have completed their comprehensive exams prior to starting their internships.
2. Internships must be approved by the supervisor, Director of the Interdisciplinary Ph.D. program, and Head of the academic unit (in cases where INTE 6000 is approved for a doctoral student outside of the Interdisciplinary Ph.D. program). In cases where approval is granted, students must add INTE 6000 to their program of study and register using a Course Change form.
3. The doctoral internships shall normally be one semester in duration and consist of a minimum of 420 hours of paid or unpaid work. Students undertaking the internship shall submit a concise report to their supervisors at the end of the semester while on internship. The report and performance in the internship shall be graded as pass/fail by the supervisor upon consultation with the on-site work supervisor. If a student fails to achieve a final grade of pass, and provided the student has not failed to achieve a grade of B or better in any other program course, the student may request to repeat the internship or replace with a substitute course. Only one such repeat or substitution will be permitted in a student's program. Students who drop an internship without permission, fail to honour an agreement to work with a host employer, or who conduct themselves in a manner as to cause their discharge from the internship position will normally be awarded a failed grade for the internship.

33.21.6 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Doctoral Internship

33.22 Linguistics

www.mun.ca/hss
www.mun.ca/linguistics

Associate Professor and Head of the Department
P. Branigan

The degrees of Master of Arts and Doctor of Philosophy are offered in Linguistics.

33.22.1 Program of Study

1. The Degree of Doctor of Philosophy is offered in the following areas:
 - a. Theoretical issues in Core Areas of Grammar (phonetics, phonology, morphology, syntax, semantics);
 - b. Languages in which the Department has demonstrated expertise, especially languages of the Newfoundland and Labrador Area;
 - c. Language Acquisition; and
 - d. Language Variation and Language Contact.
2. In order to be admitted to the Ph.D. in Linguistics, a student shall normally hold a Master's Degree in Linguistics. In the case of a student who does not meet the above requirement but who holds a language-oriented Master's Degree, a program of additional linguistics courses, supplementary to those normally considered to be required in the Ph.D. program, may be required.
3. The program of each candidate must be approved by the Dean of Graduate Studies upon the recommendation of the Supervisory Committee in consultation with the Head of the Department.
4. Candidates who fulfill the requirement in Clause 2 and who otherwise possess the qualifications of Ph.D. candidates will embark on a program approved on an individual basis. This will normally include not less than 15 credit hours in graduate courses, at least 6 credit hours of which must be at the 7000-level.
5. Where needed, each program will include appropriate courses to ensure that the student will have completed 9 credit hours from graduate courses in each of two required fields selected from the following:
 - a. Phonetics and Phonology
 - b. Morphology and Syntax
 - c. Language Acquisition
 - d. Sociolinguistics
6. The student must research and write two comprehensive papers, each to be defended at an oral examination (see Regulation **Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination of the General Regulations**).
 - a. The written examinations consist of two separate research papers. These papers will be submitted to the Examination Committee. At least one of the papers must be in one of the core areas of phonetics/phonology, morphology, syntax or semantics. The topic selected for each paper must obtain the prior approval of the Graduate Studies Committee of the Department. In each of these papers, candidates must demonstrate knowledge of the literature on the topic selected, general mastery of the discipline of linguistics and ability to undertake independent research.
 - b. The Examination Committee will examine the candidate orally, on each paper, within one month of submission. Questioning can be as wide-ranging as the Committee deems necessary to ensure that the student displays a thorough and comprehensive knowledge of the area in question.
 - c. The Examination Committee shall consist of the Head of Department (or delegate) who shall Chair the Committee, the Supervisor, the Dean of Graduate Studies (or delegate), and other members necessary to satisfy General Regulation **Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination, 2.**, who may normally include the members of the Supervisory Committee. If the Head of Department is also a member of the Supervisory Committee, an additional representative of the Department shall be appointed to chair the Examination Committee.
7. Initially, candidates must obtain approval for their Ph.D. thesis topics from the Graduate Studies Committee of the Department, in consultation with the Supervisory Committee. The thesis topic is normally selected before the end of the second full year in the program. Once the topic is approved, a more detailed thesis proposal must be presented to the Department in both written and oral format, and must receive formal Departmental approval prior to the writing of the thesis.
8. Proficiency in a language other than the candidate's first language will be required, as demonstrated by a minimum B grade in a second-year language course, or performance satisfactory to the Department in an arranged reading proficiency test. A structural knowledge of a non-Indo-European language is also required, as demonstrated by a minimum B grade in a field methods/language structure course or other performance satisfactory to the Department. Depending on the program, a reading knowledge of one or more additional languages may be required. Students must meet all language requirements before undertaking their comprehensive examinations.
9. All Ph.D. students are advised to consult the Linguistics department's Graduate Handbook for details on program requirements and for general information relating to the graduate program.

33.22.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of students, as far as the resources of the Department will allow. Full information is to be found in the Department's Graduate Brochure.

6050-54 Structure of a North American Aboriginal Language (*credit restriction: except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6050-54 series. Students may not obtain credit for any of the previously offered 6010, 6011, 6020, 6021, 6030, 6031, 6040, 6041 in addition to a course in the 6050-54 series.*)

6055-59 Structure of an Uncommonly-Taught Language (*credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6055-59 series.*)

6100 Issues in Morphosyntax (*credit may not be obtained for both Linguistics 6100 and the former 6001*)

6110 Selected Topics in Transformational Grammar

6115 Topics in the Syntax of A Selected Language (*prerequisite: 6001 or 6110*)

6150 Principles of Language Acquisition

6151 Selected Topics in Language Acquisition (*prerequisite: Permission of the instructor*)

6200 Phonological Theory

6201 Selected Topics in Phonology (*prerequisite: 6200*)

6210 Sociolinguistics (*credit restriction: A student may not obtain credit for both 6210 or the former 6211*)

6212 Selected Topics in Language and Gender
 6220 Areal and Temporal Variations in Language
 6300-09 Special Subjects
 6350 General Romance Linguistics
 6390 Franco-Canadian
 6400 Comparative and Historical Linguistics
 6401 Morphosyntactic Change (*prerequisite: 6400*)
 6403 Etymology (*cross-listed as English 6403*)
 6410 Comparative Structure of a Selected Language Family (*prerequisite: 6011 or 6031 or 6403*)
 6420 English Dialectology I
 6421 English Dialectology II
 6430 Selected Topics in Linguistic Variation (*prerequisite: 6220 or the former 6211*)
 6500 Field Methods
 6601 Modern Linguistic Theories
 6700 Experimental Phonetics
 6701 Selected Topics in Experimental Phonetics (*prerequisites: 6200, 6700*)
 6800 Selected Topics in Morphology
 6880 Selected Topics in Semantics
 7000 Seminar in Research Methods
 7001 Analytical issues in Linguistics
 7100 Topics in North American Native Languages (*prerequisites: a course from series 6050-6054 or the former 6011, 6031, 6041*)
 7200 Advanced Topics in Syntax (*prerequisites: 6110, plus either 6001 or 6115*)
 7400 Seminar in Comparative and Historical Linguistics (*prerequisite: 6400 or 6410*)
 7430 Seminar in Linguistic Variation (*prerequisite: 6430*)
 7800 Seminar in Morpho-semantics (*prerequisite: 6800*)
 7900-03 Special Topics in Linguistics

Note: *Appropriate equivalent credits may be given for courses taken at the Summer Institute of the Linguistic Society of America, or a similar institute. Students are encouraged to attend these institutes. They should, however, consult the Head of the Department as to what courses may be appropriate for credit.*

33.23 M.D.-Ph.D.

www.mun.ca/sgs

1. The M.D.-Ph.D. program is offered by full-time study to highly motivated students with an excellent academic record who wish to obtain an M.D. and a Ph.D., and whose academic excellence, research potential, and the suitability of the proposed research training environment is acceptable to the Program Admissions and Advisory Committee.
2. The purpose of the M.D.-Ph.D. program is to provide medical education, including clinical skills and training in health research.
3. The M.D.-Ph.D. program will be overseen by the Program Admissions and Advisory Committee (P.A.A.C.). The P.A.A.C. will be responsible for the recruitment and oversight of the program of highly qualified trainees.
4. The P.A.A.C. is composed of the M.D.-Ph.D. Program Director(s), a representative from the Faculty of Medicine, one or more faculty members representing the School of Graduate Studies and a senior M.D.-Ph.D student.
5. M.D.-Ph.D students are jointly enrolled in the M.D. program and the Ph.D. program. The student's Ph.D. program is overseen by the administrative Head of the appropriate academic unit in which the student is enrolled. The M.D. program is overseen by the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine.

33.23.1 Qualifications for Admission

1. To be admitted into the M.D.-Ph.D. program, applicants must first meet the admission requirements of both the M.D. and Ph.D. programs. Admission to the Ph.D. program shall be by the Dean of Graduate Studies on the recommendation of the Head of the appropriate academic unit. Admission to the M.D. program is by the Dean of Medicine on the recommendation of the Assistant Dean, Admissions, Faculty of Medicine.
2. Normally, students will enter the M.D.-Ph.D. program from the M.D. program after successful completion of the pre-clerkship phase or from the Ph.D. program after one or two years of the graduate program and acceptance into the M.D. program.

33.23.2 Program of Study and Research

1. The program of study for the Ph.D. is described in the University Calendar entry for the student's chosen discipline. For the purposes of timing of the comprehensive examination, only the semesters in the Ph.D. component of the program will be counted.
2. The program of study for the M.D. follows the General Regulations governing the M.D. Degree.
3. During the Ph.D. component, students are expected to maintain clinical skills by arrangement with the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine, and will be required to demonstrate competency in clinical skills before resuming full-time studies in the clerkship phase of the M.D. component.
4. During the M.D. component (including the clerkship phase), students, where required, are expected to participate in seminars and journals clubs in their area of research specialization.
5. The Ph.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the Ph.D. Degree. The M.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the M.D. Degree.

33.23.3 Evaluation

Failure to maintain academic standing in either the Ph.D. or M.D. components will lead to termination of the M.D.-Ph.D. program which will be annotated on the student's transcript. On failure of the M.D. component, the Dean of Graduate Studies may approve transfer to a Ph.D. program on the recommendation of the administrative Head of the appropriate academic unit. On failure of the Ph.D. component, the Dean of Medicine may approve transfer to a M.D. program on the recommendation of the Assistant Dean of Undergraduate Medical Education.

33.23.4 Courses

See course listing under the regulations for the relevant Ph.D. program and also for the M.D. program in the General Regulations

governing the M.D. degree.

33.24 Management

www.business.mun.ca

Dean

to be determined

The Degree of Doctor of Philosophy in Management is offered in the Faculty of Business Administration. The designation refers to management in the broad context. The Degree will offer specializations corresponding to functional areas in management. The Degree currently is offered with specializations in: (1) operations and information management, (2) organizational behaviour and human resources management, and (3) general management.

The Degree of Doctor of Philosophy in Management is offered by full-time study to qualified candidates. The **General Regulations** of the School of Graduate Studies and the Degree Regulations of the Faculty of Business Administration outlined below, will apply.

33.24.1 Admission to the Ph.D. Program

Admission is limited and competitive. General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out under **General Regulations, Qualifications for Admission**. Applicants from all disciplines will be considered.

In addition:

1. Quantitative and qualitative competency are required as evidenced by an acceptable balanced GMAT (minimum score of 600) (or a minimum GRE score of 302).
2. An applicant who did not complete a Master's degree at a recognized university where English is the primary language of instruction must normally complete either the: Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet-based score of 92-93 (or higher); or International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

33.24.2 Supervisory Committee

Until a supervisory committee has been formed, the Ph.D. Program Director will be the designated advisor of each Ph.D. student. Each candidate will have a supervisory committee consisting of three or more members, at least two of whom shall be members of the Faculty of Business Administration. The thesis Supervisor shall be a doctorally qualified faculty member in the Faculty of Business Administration, Memorial University of Newfoundland, having a recent (past five years) research track record suitable to provide research supervision at the Ph.D. level. The supervisory committee will be appointed no later than the end of the first year of studies.

Students are encouraged to find a Supervisor within the first year of the program and, together with the Supervisor, find the remaining committee members by the time all required courses are completed.

33.24.3 Components of Study

33.24.3.1 Courses

Students are required to complete successfully a program of courses, normally over the first two years of the program. Students without an adequate background in the functional areas of business may be required to take additional breadth courses. Such determination will be made by the Graduate Research Programs Committee when a student is accepted into the program.

*Alternatively, students may elect to take an equivalent quantitative methods graduate course on the approval of the Ph.D. Program Director and the Supervisor.

**Alternatively, students may elect to take an equivalent qualitative methods graduate course on the approval of the Ph.D. Program Director and the Supervisor.

Note: *Waivers shall not be granted in the Ph.D. program for previously completed course work at either the undergraduate or master's level.*

Operations and Information Management (OIM) Specialization Courses

In addition to the above-noted courses required for all specializations, the following courses are required for the Operations and Information Management specialization.

1. Four of the following courses:
 - Business 9910 Optimization
 - Business 9911 Data and Process Models in Information Systems Development
 - Business 9912 Probabilistic Models
 - Business 9913 Human-Computer Interaction and Decision Support Systems
 - Business 9914 Supply Chains: Models and Management
 - Business 9915 Electronic Commerce
 - Business 9917 Special Topics in Operations Management
 - Business 9918 Special Topics in Information Systems
2. Two graduate courses subject to the approval of the Director of the Program and the Supervisor.

33.24.3.2 Summer Research Project

During the first summer in the program, students will complete a research project under the supervision of a qualified faculty member in the area of specialization. Projects must be presented at a Faculty of Business Administration research seminar during the second year of the program.

33.24.3.3 Research Seminar Participation

Students are expected to attend research seminars offered by the Faculty of Business Administration in their discipline. Presentation of student conference papers where the Faculty of Business Administration funds travel is expected at a Faculty of Business Administration research seminar. In addition, students may be requested to present their work at other Faculty seminars where and when feasible.

33.24.3.4 Comprehensive Examination

Students shall undertake a mandatory written comprehensive examination, following General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination**, which sets out the procedures for the comprehensive examination.

In addition:

1. A candidate in the Ph.D. Program in Management shall normally take the written Comprehensive Examination by the end of the seventh semester of the program. The candidate must have successfully completed all required courses prior to writing the Comprehensive Examination. The scope of the Comprehensive Examination will be determined by the Examining Committee (as defined in General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination**) under the guidance of the Supervisory Committee.
2. A list of topics/areas for the Comprehensive Examination will be provided to the student no later than three months prior to the date of the examination.
3. The written examination will take place in three phases over a one-week period.
4. Based on the results of the written examination, the Examining Committee may schedule a supplementary oral examination on any topics covered on the written examination. The oral examination request must be made to the Dean within two weeks of completion of the written examination. The oral examination, if any, must take place within six weeks of completion of the written examination.
5. The scheduling of the Comprehensive Examination will be initiated by the student's Supervisor who will notify the Dean of the Faculty of Business Administration or designate. The date of the written examination will be determined by the Dean of the School of Graduate Studies. The student will be provided with written notice of the scheduled dates of the written examinations. In the case of oral examinations, requests will be initiated by the Examining Committee or the student (as described above in 4.) through the School of Graduate Studies.

33.24.3.5 Ph.D. Thesis Regulations

1. The candidate must submit a thesis proposal to all members of the Supervisory Committee for evaluation and approval by the end of the eighth semester of the program. Within one month of submitting the proposal, the Candidate will give a public oral presentation of the proposal, attended by the Committee. The presentation will provide the Committee and others in attendance with an opportunity to raise questions about the proposal research. Immediately following the presentation, the Supervisory Committee will meet to assess the proposal. Assessment will result in one of the following three outcomes: (1) accept; (2) accept with changes; or (3) reject. The results of this assessment will be provided to the student following the meeting. Assessments of accept with changes or reject will be accompanied by written comments within one week of the proposal presentation.
2. If the proposal is rejected, the candidate will be permitted a second proposal. This proposal must be submitted and deemed acceptable by the Supervisory Committee within four months of the original proposal presentation. Failure to resubmit within this time period will lead to termination of the candidate's program.
3. The Ph.D. thesis will constitute an independent and original research contribution.
4. The Ph.D. thesis will be evaluated according to the process established in General Regulation **Theses and Reports, Evaluation of Ph.D. Theses** governing the School of Graduate Studies.

33.25 Marine Biology

www.mun.ca/science

www.mun.ca/osc

Professor Emeritus and Head of the Department of Ocean Sciences

G.L. Fletcher

The Degree or Doctor of Philosophy (Ph.D) is offered in Marine Biology by full-time and part-time study through the Department of Ocean Sciences. Areas of concentration include: Ocean Ecology, Functional Biology of Marine Organisms, Fisheries and Aquaculture, and Oceans and Environment.

33.25.1 Admission and Program of Study

1. Admission into the Ph.D. program in Marine Biology is normally restricted to candidates holding a Master's Degree or its equivalent. In exceptional circumstances, a candidate with a B.Sc. (Honours) Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program, provided that the candidate can demonstrate, to the satisfaction of the Department of Ocean Sciences, his/her ability to pursue research at the doctoral level.
2. Each student will be assigned a Supervisory Committee consisting of the Supervisor and at least one other member. Within three months of the first registration in the Ph.D. degree program, a student will meet with his/her Supervisory Committee. Within nine months, the student and the Supervisory Committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and the supervisory committee) to the Head for inclusion in the student's file.
3. A student is normally required to complete a minimum of 6 credit hours of graduate program courses as follows:
 - Ocean Sciences 7100 or 7200
 - Ocean Sciences 7000 or relevant course as approved by the Supervisory Committee
4. All course requirements should be completed within five semesters from the date of first registration in the Ph.D. program.
5. Normally, upon completion of required course work the student shall undertake a mandatory comprehensive examination, following the **General Regulations, Comprehensive Examinations, Ph.D. and Psy.D, Comprehensive Examination**. The comprehensive examination will be both written and oral. A student should consult the Departmental guidelines for further information and a detailed description of the content of the Comprehensive Examination.
6. The Ph.D. program will conclude with the examination and oral defense of the completed thesis in accordance with the School of Graduate Studies **General Regulations, Theses and Reports**.

33.25.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

OCSC 7000 Graduate Core Seminar (*cross-listed as Biology 7000*)

OCSC 7100 Biological Oceanography (*credit cannot be obtained for both OCSC 7100 and the former Biology/OCSC 7531*)

OCSC 7200 Adaptations to the Marine Environment (*credit cannot be obtained for both OCSC 7200 and the former Biology/OCSC 7561*)

OCSC 7300 Plankton Dynamics (*credit cannot be obtained for both OCSC 7300 and the former Biology/OCSC 7540*)

OCSC 7400 Fisheries Resource Management (*credit cannot be obtained for both OCSC 7400 and the former Biology/OCSC 7551*)

33.26 Mathematics and Statistics

www.mun.ca/science

www.mun.ca/math

Professor and Head of the Department

C. Radford

The degrees of **Master of Applied Statistics** (see appropriate Calendar entry), **Master of Science**, and Doctor of Philosophy are offered in the Department of Mathematics and Statistics. The Masters' degrees are offered by full-time and part-time studies. The Department also participates in the interdisciplinary Ph.D. Program in Theoretical Physics.

33.26.1 Program of Study

The following regulations should be read in conjunction with the **General Regulations** of the School of Graduate Studies.

1. Candidates shall be assigned a supervisory committee consisting of the Supervisor (or Co-Supervisors) and at least two other members of faculty appointed by the Dean on the recommendation of the Head.
2. A candidate shall complete at least 6 credit hours in graduate courses in the area of specialization. A candidate may be required to take additional courses at any time during his/her program.
3. The Comprehensive Examination consists of two parts, called the "qualifying review" and the "intermediate review". Successful completion of both the qualifying and intermediate reviews constitutes successful completion of the Comprehensive Examination in the sense of General Regulation **Comprehensive Examinations**.
 - a. The **qualifying review** consists of written examinations and takes place once the student has successfully completed the courses specified in his/her program of study at the time of this review and the Supervisory Committee deems it appropriate. Its main purpose is to ensure that the candidate has a reasonably broad general knowledge of mathematics or of statistics, as appropriate.
 - b. The **intermediate review** consists of an oral presentation on the candidate's thesis topic followed by an oral examination based on the presentation although questions of a general nature relating to the field of specialization are also permitted. It must take place no later than the end of the candidate's seventh semester in the doctoral program and at least three months after the qualifying review. Its purpose is to ensure that the candidate has specialized knowledge in his/her chosen area sufficient to do original research of a high level.

More details concerning the Department's comprehensive examinations can be obtained from the Department.

33.26.2 Specific Regulations for the Ph.D. in Mathematics

A Masters Degree in mathematics or related area from a recognized university is required for entry into the Ph.D. program. Students currently registered in their first year at Memorial University of Newfoundland's M.Sc. Program in mathematics who have obtained A in at least four program courses are eligible to be transferred into a Ph.D. program. Such transfer must be supported by a prospective Ph.D. supervisory committee as well as the Graduate Studies Committee and approved by the Dean of Graduate Studies. Transferred students shall finish their Masters program courses plus the minimum Ph.D. requirements.

33.26.3 Specific Regulations for the Ph.D. in Statistics

A Masters Degree in statistics from a recognized university is normally required for entry into the Ph.D. program. Students currently registered in their first year at Memorial University of Newfoundland's M.A.S. or M.Sc. Program in statistics who have obtained A in at least four program courses are eligible to be transferred into a Ph.D. program. Such transfer must be supported by a prospective Ph.D. supervisory committee as well as the Graduate Studies Committee and approved by the Dean of Graduate Studies. Transferred students shall finish their Masters program plus the minimum Ph.D. requirements.

In addition to general Departmental requirements, each candidate for the Ph.D. in mathematics or statistics will be required to present at least one paper at a graduate seminar on a topic to be approved by his or her Supervisor.

33.26.4 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Mathematics

- 6100 Dynamical Systems
- 6101 Modern Perturbation Theory
- 6102 Mathematical Biology
- 6104 Infinite Dimensional Dynamical Systems
- 6110 Advanced General Relativity
- 6111 Calculus in Manifolds
- 6112-6119 Special Topics in Applied Mathematics
- 6120 Theoretical Fluid Dynamics
- 6121 Functional Differential Equations
- 6130 Introduction to General Relativity
- 6201 Numerical Methods for Partial Differential Equations
- 6202 Nonlinear and Linear Optimization (*credit restricted with Computer Science 6933*)
- 6204 Iterative Methods in Numerical Linear Algebra
- 6205-6209 Special Topics in Numerical Analysis
- 6210 Numerical Solution of Differential Equations (for Computational Science students only - required core course)
- 6212 Numerical Methods for Initial Value Problems
- 6230 Differentiable Manifolds and Riemannian Geometry
- 6300 Homology Theory
- 6301 Homotopy Theory
- 6302 Theory of Fibre Bundles
- 6304-6309 Special Topics in Topology
- 6311 Complex Analysis
- 6312 Measure Theory
- 6313 Functional Analysis II
- 6315-6319 Special Topics in Analysis
- 6320 Group Theory
- 6321 Ring Theory
- 6322 Nonassociative Algebra
- 6323 Homological Algebra
- 6324-6329 Special Topics in Algebra
- 6330 Analytic Number Theory
- 6331 Algebraic Number Theory
- 6340 Graph Theory
- 6341 Combinatorial Design Theory
- 6342 Advanced Enumeration
- 6343-6349 Special Topics in Combinatorics

Statistics

- 6500 Probability (*credit restricted with former 6586*)
- 6503 Stochastic Processes
- 6505 Survival Analysis
- 6520 Linear Models
- 6530 Longitudinal Data Analysis

6540 Time Series Analysis
 6545 Statistical Computing
 6550 Nonparametric Statistics
 6561 Categorical Data Analysis
 6563 Sampling Theory
 6571 Financial and Environmental Time Series
 6573 Statistical Genetics
 6570-6589 Selected Topics in Statistics and Probability (excluding 6571, 6573, 6586)

Notice that, although the courses 6160, 6310, 6332, 6351, 6510 and 6560 cannot be used to fulfill the 6 credit hours graduate courses requirement, any of them can be listed as part of the program of study as additional course work, whenever the supervisory committee deems it appropriate.

33.26.5 Specific Regulations for the Ph.D. in Theoretical Physics

The **Ph.D. in Theoretical Physics** is an interdisciplinary program offered jointly with the Department of Physics and Physical Oceanography. The regulations for this program are described under the **Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics**.

33.27 Medicine

www.med.mun.ca

Professor and Dean

M. Steele

The Faculty of Medicine offers the degree of Doctor of Philosophy in seven program areas: Cancer and Development, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics, Immunology and Infectious Diseases and Neurosciences. Each program area has a Co-ordinator who is responsible for communicating the interests of the program to the Faculty of Medicine Graduate Studies Committee and participate in the admission of graduate students into the graduate program in Medicine. The Faculty of Medicine also offers the opportunity for students registered in the Doctor of Medicine (M.D.) program to obtain a Ph.D. in a combined and integrated M.D.-Ph.D. program.

33.27.1 Qualifications for Admission

The admission requirements for the Ph.D. are as given under the **General Regulations** governing Ph.D. degrees.

33.27.2 Program of Study and Research

1. The program of study for a Ph.D. Degree is the responsibility of the supervisory committee composed of a Supervisor and at least two other faculty members.
2. It is the responsibility of the supervisory committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate's program. An annual report prepared by the Supervisor and signed by the student and all members of the committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).
3. Graduate Students are expected to participate in Faculty of Medicine seminars and journal clubs, for some of the program areas these are available as required courses.
4. Course requirements are set by each of the program areas and are described under Program Requirements. Some supervisory committees may require some students to successfully complete specified course work.
5. Graduate Students in the Ph.D. degree are required to successfully complete the comprehensive examination before the end of the seventh semester. The comprehensive examination consists of both written and oral components and is in accordance with the **General Regulations** governing Ph.D. degrees.
6. Graduate students in the Ph.D. degree must complete an original piece of research, a written dissertation which must be successfully defended in an oral examination in accordance with the **General Regulations** governing Ph.D. degrees.

33.27.2.1 Program Areas

1. **Cancer and Development**
 - a. The graduate program in Cancer and Development offers study in fundamental cell and molecular biological areas including viral oncogenesis, growth factors and oncogenes in developmental models, programmed cell death and drug resistance.
 - b. Program Requirements: Students are required to participate in the Seminar Series (MED 6410, 6411, 6412, 6413).
2. **Cardiovascular and Renal Sciences**
 - a. The graduate program in Cardiovascular and Renal Sciences enables students to pursue research and academic studies in selected topics including hypertension and stroke, neural and endothelial control of vasculature and blood pressure as well as physiological mechanisms promoting heart failure.
 - b. Program Requirements: Students are required to successfully complete MED 6140 if this course has not been previously taken. Students are required to present their thesis research to the Cardiovascular and Renal Sciences group.
3. **Clinical Epidemiology**
 - a. The program in Clinical Epidemiology is aimed at university graduates intending a career in health services, faculty members seeking advanced training in clinical epidemiology, medical doctors, and other health care professionals interested in health research.
 - b. Program Requirements: Students are required to successfully complete the following courses if they have not been previously completed: MED 6262, MED 6250, MED 6255, and MED 6260 plus a minimum of one elective. Electives are normally chosen from MED 6095, MED 6263 and MED 6265 or as recommended by the supervisory committee and approved by the Director or Coordinator. Students are required to take the Ph.D. Seminar Series (MED 6410, 6411, 6412, 6413). MED 6250 and MED 6262 are normally completed in the Fall semester. MED 6255 and MED 6260 are normally completed in the Winter semester. The supervisory committee, with the approval of the Director or Coordinator, can recommend an alternate program of study. Students are expected to give an oral presentation or course lecture in each year of their program.
4. **Community Health**
 - a. The graduate program in Community Health enables students to pursue research and academic studies in selected topics.

Students may specialize in one of the following three streams: epidemiology and biostatistics; health services and policy research; or social justice and equity in health.

- b. Program Requirements: Coursework as defined by the Supervisory Committee and this would normally include the Ph.D. Seminar Series (MED 6410, 6411, 6412, 6413).
5. **Human Genetics**
 - a. The graduate program in Human Genetics will enable students to pursue academic studies and research in a number of areas of genetics including cancer genetics, genomics, genetics of complex traits, genetic epidemiology, gene mapping, medical genetics, birth defects, and population genetics. Faculty members from all three divisions of the Faculty of Medicine (Biomedical Sciences, Community Health and Clinical Sciences) participate in the program.
 - b. Program Requirements: Students are required to take the Genetics Seminar Series (MED 6410, 6411, 6412, 6413).
 6. **Immunology and Infectious Diseases**
 - a. The Immunology and Infectious Diseases group has an interdisciplinary character and consists of faculty from biomedical science. The graduate programs are designed to provide individualized training oriented towards basic research and a solid scientific background in the discipline of immunology and infectious diseases.
 - b. Students are required to successfully complete two courses if they have not been previously completed: MED 6127 is required and the students will choose one course from MED 6114, MED 6119, MED 6128, MED 6580, or any other graduate course approved by the student's supervisory committee. Some students may be required to take additional courses depending upon their thesis topic. Students are required to attend, for credit, and participate in the Immunology and Infectious Diseases Seminar Program (MED 6410, 6411, 6412, 6413).
 7. **Neurosciences**
 - a. The Neuroscience Program offers graduate studies in an interdisciplinary setting with the core faculty in the Division of BioMedical Sciences. Graduate students may pursue research in a number of specialty areas including the physiological basis of learning and memory, stroke and neuroplasticity, neuroregeneration, signal transduction mechanisms, neuronal circuitry, neuroimmunology, and membrane physiology.
 - b. Program Requirements: Normally students in the Ph.D. program are required to complete two graduate level courses in Neuroscience, one of which is to be Systems Neuroscience (MED 6196). Course selection is made on the recommendation and advice of the supervisory committee. Students are expected to attend and participate in the activities of the neuroscience group including the weekly seminar and journal club.

33.27.2.2 Courses

For a list of courses offered by the Faculty of Medicine refer to **Courses** offered for the Master of Science in Medicine.

33.28 Nursing

www.mun.ca/nursing

Professor and Dean

A. Gaudine

The degree of Doctor of Philosophy (Ph.D.) is offered in Nursing in areas reflective of the strength and expertise of current faculty members in the School of Nursing. All candidates will be required to attend as full-time students during the first six semesters (two academic years) of the program.

The following regulations must be read in conjunction with the **General Regulations** of the School of Graduate Studies.

33.28.1 Qualifications for Admission

1. Admission to the program is limited and competitive.
2. To be considered for admission an applicant must normally hold a Master of Nursing degree or equivalent from a recognized university and have a strong academic record.
3. Applicants must have completed either a graduate level course(s) in research that included both qualitative and quantitative approaches with some advanced statistical analysis in the quantitative work, or a graduate level statistics course.
4. Applicants must hold an active practicing license from the Association of Registered Nurses of Newfoundland or must be currently registered as a practicing nurse in another Canadian jurisdiction. Applicants from other countries who do not meet the above criteria will be assessed on an individual basis and must submit proof of registration as a practicing nurse (or an equivalency) from their country or jurisdiction.
5. Applicants must submit a statement about a research focus that is compatible with expertise within the current faculty of the School of Nursing.

33.28.2 Program of Study

1. A Supervisory Committee shall be appointed for each candidate in accordance with **General Regulations, Supervision** of the School of Graduate Studies.
2. Candidates normally be required to successfully complete a minimum of 18-credit hours of program courses as follows: Nursing 7011, Nursing 7012, Nursing 7100, Nursing 7101, one of Nursing 7200-7210 (or another approved research course at the doctoral level), and one of Nursing 7300-7310 (or another approved course at the doctoral level in the area of the student's research interest). All courses will normally be completed within the first two semesters of the program.
3. Candidates will normally be required to complete a minimum of two mandatory, non-credit internships/institutes during the first two years of the program. The internships/institutes are designed to provide an opportunity for students to gain substantive knowledge of, and engage in, collaborative research and/or teaching. An internship/institute will be selected based on the student's area of interest and learning needs and will have a set or negotiated time limit during a semester depending on the nature and scope of the work.
4. Candidates will be required to participate in graduate seminars of 2 hours per week in the Fall and Winter semesters in each of the first two academic years of the program.
5. Candidates must develop and maintain a professional portfolio that includes experience in research, teaching, and academic and professional service.
6. Candidates shall submit to a comprehensive examination in accordance with **General Regulations, Comprehensive**

Examinations of the School of Graduate Studies. The Comprehensive Examination will consist of a written component and an oral component. The examination will normally be scheduled in the first semester of the second year of the program, but no later than the end of the student's seventh semester in the program.

7. Candidates must submit a written thesis proposal for presentation to the School, normally within six weeks of completion of the comprehensive examinations, but no later than the end of the fifth semester of the program.
8. Candidates must submit a thesis, examined and defended in accordance with **General Regulations, Theses and Reports** of the School of Graduate Studies.
9. Candidates are required to spend a minimum of six semesters (two academic years) of full-time study in residence.
10. In keeping with the **General Regulations, Period of Study** for the School of Graduate Studies, the time limit to complete the degree is seven years.

33.28.3 Courses

A selection of the following courses will be offered to meet the requirements of candidates, as far as the resources of the School of Nursing will allow.

7011 Nursing: The Science
 7012 Nursing: The Profession
 7100 Nursing Research 1: Conceptualizing Research
 7101 Nursing Research 2: Conducting Research
 7200-7210 Reading Courses in Research Methodology
 7300-7310 Reading Courses in a Substantive Area for Research

33.29 Pharmacy

www.mun.ca/pharmacy

Professor and Interim Dean

L. Bishop

The Degree of Doctor of Philosophy in Pharmacy is offered to qualified candidates normally by full-time study. The **General Regulations** of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Pharmacy outlined below will apply. Every candidate in graduate studies shall comply with the **General Regulations**, Degree Regulations and all additional requirements of the School of Pharmacy.

33.29.1 Qualifications For Admission

1. Admission to the Ph.D. program is limited and competitive. Applicants must have completed an M.Sc. Degree in Pharmacy, or its equivalent in a related discipline, from a university of recognized standing.
2. Other students may be considered for admission to a Ph.D. provided that they have been registered in a M.Sc. Pharmacy program for a minimum of 12 months, and have demonstrated to the satisfaction of the Graduate Studies Committee of the School of Pharmacy an ability to pursue research at the doctoral level. Students wishing to transfer from the M.Sc. to the Ph.D. will have completed 6 credit hours. Prior to admittance to the Ph.D. program, a written thesis proposal will be submitted for assessment by the Supervisory Committee plus one additional faculty member. The recommendation of this Committee will be forwarded to the Graduate Studies Committee of the School of Pharmacy.
3. On admission to the program, a Supervisory Committee shall be appointed in accordance with General Regulation **Supervision** governing the School of Graduate Studies.

33.29.2 Program of Study and Research

1. As a minimum, each candidate shall successfully complete 6 credit hours as well as Pharmacy 6999 (Pharmacy Research Seminar). A minimum grade of 65% will be required in each course. Candidates shall complete additional undergraduate courses in Pharmacy or other related areas where the Supervisory Committee considers there to be a deficiency in the academic record. Candidates may select these courses in consultation with the Supervisory Committee. However, it will be the primary responsibility of the Supervisory Committee to ensure that deficiencies in the academic record are rectified.
2. All candidates must submit a thesis proposal to the Supervisory Committee for approval no later than the second semester of study after admission to the program.
3. All candidates must complete a comprehensive examination on or before the end of the sixth semester of study after admission to the program. The comprehensive examination will consist of two components: a written examination and an oral examination. The oral examination will normally be held no later than two weeks after successful completion of the written examination.
4. A Comprehensive Examination Committee shall be appointed in accordance with General Regulation **Comprehensive Examination**. The Committee will be responsible for preparing the questions for the written and oral examinations and evaluating the candidate's performance in the subject area. The Committee will consist of the Dean of Graduate Studies (or delegate), the Supervisor, and three other members, one of whom may be a member of the Supervisory Committee. All shall be voting members of the Committee except the Dean of Graduate Studies (or delegate).
5. Successful completion of the Ph.D program will require formal examination of the written thesis and an oral defence of the research, as prescribed in the General Regulation **Theses and Reports**. Final approval of the thesis shall be the responsibility of the School of Graduate Studies.

33.29.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the School will allow. Permission of the instructor and the Graduate Studies Committee of the School of Pharmacy is required for admission to any graduate Pharmacy course.

6000 Medicinal Chemistry
 6001 Advanced Physical Pharmacy
 6002 Dosage Form Design and Novel Drug Delivery Systems
 6003 Pharmacokinetic Modelling
 6004 Principles of General Pharmacology
 6005 Toxicology of Therapeutic Agents and Chemicals
 6100-6108 Special Topics in Pharmacy

6999 Pharmacy Research Seminar

33.30 Philosophy

www.mun.ca/hss
www.mun.ca/philosophy

Professor and Head of the Department

S. McGrath

The degree of Doctor of Philosophy (Ph.D.) is offered in Philosophy by full-time study only. Graduate courses are taught as small seminars and directed reading courses. Program candidates must spend a minimum of two years in residence at this institution.

33.30.1 Program of Study

- The Ph.D. in Philosophy is offered in accordance with the **General Regulations** of the School of Graduate Studies. Doctoral candidates will specialize in one or more of three departmental research clusters:
 - Metaphysics and its History
 - Kant and Continental Philosophy
 - Ethics, Social and Political Philosophy
- To be considered for admission to the program an applicant must have completed a Master of Arts Degree in Philosophy or hold an equivalent qualification.
- All candidates are required to complete 15 credit hours in graduate courses selected from the **Courses** listed below and including the following:
 - Philosophy 6000
 - Four additional courses (12 credit hours) only one of which (3 credit hours) may be a directed reading courses. Courses will be selected by the candidate in consultation with the candidate's Supervisory Committee.
- Proficiency in a second language is required since it is necessary for the purpose of the proposed doctoral research. The selection of a second language is based upon the student's research requirements, and the selection is to be made in consultation with the student's faculty advisor or supervisor. Confirmation that the choice is acceptable must be obtained from the department. Demonstration of proficiency will be determined in accordance with the governing general regulation of the School of Graduate Studies (**General Regulations, Evaluation, Evaluation of Graduate Students**). If a student is working in recent Anglo American philosophy, then the student can opt, with the permission of the Graduate Studies Committee, to complete an examination in philosophical logic. The language requirement must normally be fulfilled before a student takes the Ph.D. comprehensive examination.
- The Ph.D. Comprehensive Examination shall be administered and evaluated in accordance with **General Regulations, Comprehensive Examinations**. The examination shall consist of three written parts: a four-hour examination in the student's area of concentration and two three-hour examinations in two of the Department's research clusters (Metaphysics and its History, Kant and Continental Philosophy, and Ethics and Social and Political Philosophy).
- No more than seven semesters after having been admitted to the program the candidate must submit a thesis proposal that is considered satisfactory by the supervisory committee.
- Students must submit and successfully defend a thesis in accordance with the School of Graduate Studies general regulations governing **Theses and Reports**.

33.30.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Professor and Head of the Department

J. Lagowski

The following Departmental Regulations are supplementary to the **General Regulations** governing the M.Sc. and Ph.D. degrees. A thorough familiarity with the latter Regulations should be regarded as the prerequisite to further reading in this section.

The Department of Physics and Physical Oceanography compiles, and regularly reviews, a brochure which contains reasonably detailed descriptions of currently active research projects, as well as a comprehensive listing of recent research publications, and other material which may be of interest to prospective graduate students.

33.31.1 Program of Study

The Degree of Doctor of Philosophy (Ph.D.) is offered in Atomic and Molecular Physics, in Physical Oceanography, in Condensed

Matter Physics, and in Theoretical Physics.

1. A program of study for the Ph.D. Degree in Atomic and Molecular Physics, Condensed Matter Physics or Physical Oceanography shall normally include a minimum of 9 graduate credit hours, beyond those required for the M.Sc. Degree. However, depending on the student's background and area of specialization, more or fewer graduate and/or undergraduate courses may be required.
2. A Comprehensive Examination (as prescribed under General Regulation **Comprehensive Examinations**) shall be an oral one, and may include the presentation of a written research proposal.
3. The **Ph.D. Program in Theoretical Physics** is an interdisciplinary program offered jointly with the Department of Mathematics and Statistics. The regulations for this program are described under the **Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics**.

33.31.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Condensed Matter Physics I
 6001 Condensed Matter Physics II
 6002 Superconductivity
 6003 Path Integral Techniques in Condensed Matter Physics

Members of the Department carry out research in several areas of experimental and theoretical physics, including atomic and molecular

physics, condensed matter physics, physical oceanography, theoretical geophysics and applied nuclear physics. In atomic and molecular physics, there are experimental programs in collision-induced infrared absorption spectroscopy, electron emission spectroscopy of simple molecules, molecular ions and free radicals, laser-induced fluorescence spectroscopy, and Raman spectroscopy, and theoretical work on atomic and molecular collisions. The work in condensed matter physics includes experimental programs in solid state nuclear magnetic resonance on systems of biophysical interest, Raman spectroscopy of lipid bilayers and membranes, studies of phase transitions using Brillouin and Raman spectroscopy, studies of instabilities and pattern formation in simple fluid dynamical systems, and spectroscopic studies of molecular crystals. Theoretical condensed matter physics research involves studies of magnetism, superconductivity, and the statistical mechanics of polymers and lipid bilayers. The Physical Oceanography group carries out field and laboratory research on several projects which take advantage of Newfoundland's unique oceanographic environment, using acoustic and other remote sensing techniques. These include studies of circulation on the Newfoundland and Labrador shelves, Labrador current dynamics, fjord dynamics, submarine canyons and sediment transport dynamics in the nearshore zone and on the shelf. Theoretical oceanographic studies involve the modelling of ocean circulation, gravity wave phenomena and other aspects of ocean dynamics. Research in theoretical geophysics is concentrated on whole-Earth dynamics, with special emphasis on the physics of the liquid core (the Earth's "third ocean") as inferred from its wave spectrum and the associated momentum transfer to the deformable solid parts of the Earth. In nuclear physics, research is done on the atmospheric concentrations of radioactive elements and on dosimetry for medical applications.

33.32 Psychology

www.mun.ca/science
www.mun.ca/psychology

Professor and Head of the Department

I. Neath

The Degree of Master of Science (M.Sc.) is offered in Experimental Psychology. Interested students should also see the **Master of Science in Cognitive and Behavioural Ecology**. The Degree of Doctor of Philosophy is offered in Experimental Psychology. Interested students may wish to consult the section in the Calendar describing the **Doctor of Philosophy in Cognitive and Behavioural Ecology program**.

33.32.1 Admission

1. All applicants are required to submit results from the General section of the Graduate Record Examinations.
2. At least one letter of reference should come from someone who is familiar with the applicant's research capability.

33.32.2 Program of Study

1. An applicant must hold either a Master's Degree or an Honours Bachelor's Degree with first class standing to be considered for admission. The program of study will be specified at the time of admission. Decisions on (a) whether to include courses in the program, and if so, (b) which specific courses are to be included will be based on the student's background and the proposed thesis topic.
2. **Comprehensive Examination**
The Ph.D. comprehensive in Experimental Psychology shall be taken during the first year of the student's program. The examination will consist of two parts. Part 1 consists of a broad review of the literature that normally pertains to the topic of the thesis area. The literature review should incorporate theoretical, methodological, and empirical findings. Part 2 consists of an oral defence of the literature review. The comprehensive exam aims to ensure that the student is knowledgeable about the range of theories, methodologies, and empirical findings that are fundamental to the chosen field of study.

33.32.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Advanced Statistics in Psychology
6001 Research Design
6010 Colloquium Series in Psychology (repeatable, non-credit)
6100-6130 Special Topics in Experimental Psychology
6200 Learning I
6201 Learning II
6203 Behavioural Pharmacology
6210 Behavioural Analysis of Toxins
6351 Behavioural Ecology and Sociobiology (cross-listed as CAFE 6351)
6400 Theory and Methods in Social Psychology
6401 Social Cognition
6402 Group Processes
6403 Program Evaluation and Applied Research
6404 Project in Applied Social Psychology (This course is open only to students in the Master of Applied Social Psychology.)
6500 Developmental Psychology I
6501 Developmental Psychology II
6502 Developmental Changes During Old Age
6700 Perception
6710 Human Information Processing
6720 Human Memory
6800 Behavioural Neuroscience I
6801 Behavioural Neuroscience II
6810 Psychometrics
6910 Personality
6990 Doctoral Seminar I
6991 Doctoral Seminar II
6992 Doctoral Seminar in Cognitive and Behavioural Ecology (cross-listed as CAFE 6992)

33.33 Social Work

www.mun.ca/socwrk

Professor and Dean

D. Hardy-Cox

33.33.1 Program of Study

The degrees of Master of Social Work and Doctor of Philosophy are offered in Social Work.

Course work commences in the Spring Semester and is completed over five semesters. The program includes two Spring Semester residencies, at which time students must attend on a full-time basis, and Fall and Winter semester courses which can be taken on or away from campus.

1. An applicant for admission to the Ph.D. program in Social Work must hold a Master's Degree in social work, or equivalent professional social work Degree as determined by the Graduate Studies Committee of the School of Social Work. All applicants should also have a minimum of three years post-B.S.W. practice experience.
2. All Ph.D. students in the social work program must complete at least 24 credit hours in regulation graduate courses. These include:
 - a. 6 credit hours in foundation courses (7010 and 7020)
 - b. 6 credit hours in advanced practice courses (7310, 7320); or 3 credit hours in advanced practice courses (7310) and 3 credit hours on social work education (7510)
 - c. 9 credit hours on research (7411, 7421, and 7431)
 - d. 1 internship chosen from the Internships on Advanced Social Work Practice (7910), Social Work Education (7920), or Applied Social Work Research (7930).
3. Comprehensive Examination
 - a. A candidate registered in a Ph.D. program in Social Work shall normally take the Comprehensive Examination no later than the seventh semester in the program. Prior to proceeding to the Comprehensive Examination, candidates must have completed all required course work and the internship.
 - b. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean (School of Social Work). It shall consist of:
 - i. the Ph.D. Program Co-ordinator who will serve as representative of the Dean of the School of Social Work and who shall occupy the Chair
 - ii. the candidate's Supervisor
 - iii. the Dean of Graduate Studies or delegate
 - iv. three other members recommended by the Dean of the School of Social Work. One of these normally will be on the candidate's Supervisory Committee.

Including the Supervisor, no more than two members of the Examination Committee may be nominated from the candidate's Supervisory Committee. All members of the Examination Committee, including the Chair, but excluding the Dean of Graduate Studies or delegate, shall be voting members.
 - c. The Ph.D. Comprehensive Examination in Social Work will consist of a written paper and an oral defence. In the paper, the student will contextualize her/his substantive area using theories that inform social work and develop a research design relevant to this substantive area. The student will demonstrate a contextualized and in-depth understanding of the philosophical and theoretical frameworks informing the student's substantive area, including major critiques from competing theoretical, philosophical and historical understandings. In addition, the paper will demonstrate a thorough understanding of relevant methodological considerations and a justification for the choices made within the research design. The student will identify an area of empirical research that may be undertaken and will prepare a written paper that includes: an introduction of the substantive area and a formulation of the research question; a literature review that is consistent with the question, and which both presents a critical evaluation of the theoretical and research literature and synthesizes this literature into the student's own theoretical framework; a research design for answering the research question, including a critical analysis of the chosen methodology as well as the methods of data collection, data analysis and ethical considerations. The focus and content of the written work will be defined by the Examination Committee in consultation with the student and will be approved by the Chair of the Ph.D. Program in the School of Social Work. The body of the paper will be no less than 50 pages and not more than 75 pages. It shall be defended orally. The student shall have 13 weeks to submit the paper for examination, following the comprehensive exam process approved by the Ph.D. Studies Committee.
 - d. The Ph.D. examination procedure shall be initiated by the candidate's Supervisor who will notify, in writing, the Dean (School of Social Work) of the candidate's readiness. The candidate's Examination Committee will then be appointed according to section 3.b. (above).
 - e. Following the oral defence, the Examination Committee shall meet *in camera* to arrive at its conclusions. Evaluation of the candidate will be based on the following criteria:
 - i. demonstration of knowledge of social work theory, research, and issues relevant to the topic of inquiry in both the written and oral presentation.
 - ii. coherency of oral presentation and written paper (i.e. conceptualization, cogent argumentation, sufficient referencing of statements, clear writing style).
 - f. The Chair shall report the results of the examination to the Dean of Graduate Studies in accordance with General Regulation **Comprehensive Examinations, Ph.D. Comprehensive Examination, 4.**
4. Ph.D. Thesis
 - a. A Supervisory Committee will be appointed for each student as indicated under the General Regulation **Supervision.**
 - b. The candidate must submit a thesis proposal to the Supervisory Committee based on her/his own interest, and normally the proposal must be approved by the end of the eighth semester of the program. The proposal will be circulated to the Supervisory Committee for critical evaluation. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection, or acceptance with recommended changes.
 - c. If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted within a semester. Failure to resubmit within this time period will lead to termination of the candidate's program.
 - d. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary

theoretical and methodological framework and analyses and present the findings in a scholarly manner.

33.33.2 Courses

The following courses that are offered during the spring semester residency will be offered every other year, as far as the resources of the School will allow.

7010 Philosophical and Historical Base of Social Work Practice (S*)
 7020 Critical Thinking for Social Work Practice (S)
 7310 Tutorial on Field of Practice (F** or W***)
 7320 Tutorial in Advanced Social Work Practice (S)
 7411 Philosophy of Science and Research Design (S)
 7421 Qualitative Data Analysis (S)
 7431 Quantitative Data Analysis (S)
 7510 Social Work Education (S)
 7910 Internship on Advanced Social Work Practice (F)
 7920 Internship on Social Work Education (F)
 7930 Internship on Applied Social Work Research (F)

33.34 Sociology

www.mun.ca/hss
www.mun.ca/soc

Associate Professor and Head of the Department

A. Craig

The Doctor of Philosophy (Ph.D.) is offered in Sociology by full-time and part-time study. Graduate courses are taught as tutorials or small seminars.

33.34.1 Program of Study

1. The Ph.D. degree in Sociology is offered in accordance with **General Regulations** and current department strengths.
2. To be admitted to the program an applicant must have completed either a Master of Arts or Master of Philosophy Degree or hold an equivalent qualification.
3. All Ph.D. candidates normally complete a minimum of 12 credit hours in graduate courses in Sociology, including the Sociology Graduate Seminar (6880), Social Theory (6150), Advanced Quantitative Methods (6040), and Advanced Qualitative Methods (6041), if these or equivalent courses have not been taken previously.
 The supervisory committee in consultation with the Head or Graduate Officer will determine which additional courses, if any, may be required to ensure that candidates undertake appropriate course work in their area of research.
4. Proficiency in a second language will be required when the candidate's supervisory committee determines that knowledge of this second language is necessary for the purpose of the proposed doctoral research.
5. A written comprehensive examination, followed by a supplementary oral examination, shall normally be completed by full-time students by the end of the 5th semester of the program. Normally, part-time students shall take the examination within one year of the completion of prescribed courses. In accordance with **General Regulations, Comprehensive Examinations**, candidates must demonstrate knowledge of their special areas of research within the context of the discipline of Sociology. The examination shall consist of two components: a written and an oral examination. The written component shall be comprised of two essays: one in a broad area (e.g. theory, methods, social inequality, etc.) and a second in the candidate's area of specialization. The oral component will examine the candidate in areas covered by the written component.
6. No more than two years after having been admitted to the program the candidate must submit a thesis proposal that is considered satisfactory by the Supervisory Committee.

33.34.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6040 Advanced Quantitative Methods
 6041 Advanced Qualitative Methods
 6042-49 Special Topics in Advanced Sociology
 6090-94 Special Area in Sociology
 6120 Social Organization
 6130 Social Stratification
 6140 The Community
 6150 Social Theory
 6160 Theory Construction and Explanation in Sociology
 6240 Sociology in Medicine
 6280 Social and Economic Development
 6300 Maritime Sociology
 6310 Political Sociology
 6320 Gender and Society
 6330 Science and Technology
 6340 Comparative North Atlantic Societies
 6350 Environmental Sociology
 6360 Sociology of Work
 6370 Feminist Theory and Methods
 6380 Women, Nature, Science and Technology
 6390 Sociology of Culture
 6610 Socialization
 6620 Current Topics in Social Behaviour
 6880 Sociology Graduate Seminar

33.35 Theoretical Physics

www.mun.ca/science
www.mun.ca/math
www.mun.ca/physics

Chair

I. Booth, Department of Mathematics and Statistics

33.35.1 General Information

1. The Theoretical Physics Program is an interdisciplinary Doctor of Philosophy program offered jointly by the Department of Mathematics and Statistics and the Department of Physics and Physical Oceanography. It is broadly based and includes several subdisciplines with the common denominator that each applies advanced mathematical techniques to the study of physical problems. The subdisciplines include, though are not necessarily limited to, theoretical astrophysics, general relativity, partial differential equations of mathematical physics, quantum mechanics, classical and quantum field theory, theoretical condensed matter physics, many-body theory, advanced classical mechanics and non-linear processes, and theoretical and geophysical fluid mechanics.
2. The program is administered by the Board of Studies which is appointed by the Dean of Science in consultation with those faculty members active in the program. The Board of Studies will consist of two members from the Department of Physics and Physical Oceanography and two members from the Department of Mathematics and Statistics. The Program Chair is elected by the Board of Studies and appointed by the Dean of Science. Responsibilities of the Board include making recommendations to the School of Graduate Studies concerning admissions to the program, determining course requirements, and administering comprehensive exams. It also determines minimum levels of funding, administers the School of Graduate Studies and Graduate Teaching Assistant budgets, and monitors students' annual progress through the submission of annual supervisory committee reports.

33.35.2 Program of Study

The following regulations should be read in conjunction with the **General Regulations**:

1. A program of study for the Ph.D. Degree in Theoretical Physics shall normally include a minimum of 9 graduate credit hours in courses offered by the Department of Mathematics and Statistics and/or the Department of Physics and Physical Oceanography. The courses will be determined by the student's supervisory committee in consultation with the Program Chair and approved by the Board of Studies. In special circumstances more or fewer graduate courses and/or undergraduate courses may be required.
2. Students are required to pass a single Comprehensive Examination as prescribed under **Comprehensive Examinations, Ph.D. Comprehensive Examination**. This shall be an oral one, and may include the presentation of a written research proposal.
3. The most important requirement is the writing of a doctoral thesis which demonstrates the student's ability to independently and originally attack and solve a significant problem in theoretical physics. The thesis must definitively advance the subject which it treats.

34 Regulations Governing the Degree of Doctor of Psychology

www.mun.ca/science
www.mun.ca/psychology

Program Director

C. Arlett, Department of Psychology

The Doctor of Psychology (Psy.D.) degree in clinical psychology is offered by the Department of Psychology in partnership with the University Counselling Centre. This program is designed to train professional psychologists at the doctoral level within a scholar-practitioner orientation to provide a variety of psychological services to individuals, families and communities. The program was designed to meet all of the requirements for registration with the Newfoundland and Labrador Psychology Board and to meet the accreditation standards of the Canadian Psychological Association.

34.1 Administration

1. The Psy.D. Program Director, who must be a registered Psychologist and hold a full-time faculty position in the Department of Psychology at Memorial University of Newfoundland, is appointed by the Head of the Department of Psychology following a consultative process that includes the faculty most directly associated with the Psy.D. program.
2. The Psy.D. Administrative Committee consists of the Director and representatives from academic units involved in the program, Eastern Health, the Association of Psychology in Newfoundland and Labrador and the Psy.D. student body. The Head of the Department of Psychology, on the recommendation of the Director, appoints Committee members. The student representative is elected by the Psy.D. students.
3. The Psy.D. Administrative Committee is chaired by the Director, and is the main body for developing and monitoring policy, procedures, and program content. The administrative committee makes recommendations concerning admission and termination, financial support, thesis and comprehensive committees, and thesis topics and examiners. The Committee oversees individual student programs of study and monitors their annual progress.

34.2 Admission Criteria

1. Students with Master's level degrees who wish to be considered for the program must have completed the undergraduate degree in Psychology and the undergraduate course requirements described below.
2. Applicants are required to have an undergraduate Honours degree in psychology that includes an Honour's thesis as well as courses in each of the following areas:
 - a. abnormal psychology
 - b. cognition
 - c. developmental psychology
 - d. history and systems
 - e. learning theory
 - f. neuroscience

- g. research design
 - h. social psychology
 - i. statistics
3. Admission to the program is competitive. Applicants will be ranked according to academic aptitude, personal and interpersonal competence, clinical and professional potential, and availability of a supervisor. The application shall include academic transcripts, results of the Graduate Record Examination (verbal, quantitative and analytical subtests), three letters of recommendation and a statement of interests and objectives. One letter of recommendation must specifically address the suitability of the applicant for clinical work. Applicants who are short-listed will be interviewed, either in person or via telephone. Work experience, research experience, extra-curricular activities, and clinically relevant public service will be taken into consideration.

34.3 Program of Study

Students are required to successfully complete at least 63 credit hours in regulation graduate courses. These include:

- a. 9 credit hours in statistics and research design courses (6000, 6001, 6602);
- b. 27 credit hours in core courses (6611, 6612, 6620, 6623, 6630, 6631, 6632, 6633, 6650, 6670); and
- c. 27 credit hours in practicum courses (7010, 7020, 7021, 7030, 7031, 7032, 7033, 7034, 7035).

Students must also complete a year-long internship, pass a comprehensive exam and successfully complete a research thesis.

34.3.1 Comprehensive Examination

The Psy.D. comprehensive exam, consisting of a written and an oral component, shall be taken during the second year of the program. The exam is intended to demonstrate clinical application of the knowledge acquired through course work and practica. The comprehensive exam will be administered according to the guidelines prescribed in the University Calendar for Ph.D. comprehensive examinations.

34.3.2 Thesis

Students will complete a thesis that is applied in nature and relevant to the practice and science of clinical psychology and the communities it serves. The School of Graduate Studies **General Regulations, Evaluation of Ph.D. and Psy.D. Theses** concerning evaluation of Ph.D. theses will be followed.

34.3.3 Predoctoral Internship

All students will be required to complete a twelve-month, 1750 clock-hour predoctoral internship.

34.4 Courses

- 6000 Advanced Statistics
- 6001 Research Design
- 6602 Research Design in Clinical Psychology
- 6611 Ethics of Professional Practice
- 6612 Adult Psychopathology
- 6614 Selected Topics in Psychopathology
- 6620 Principles of Adult Assessment and Diagnosis
- 6621 Principles of Child Assessment and Diagnosis
- 6622 Selected Topics in Assessment and Diagnosis
- 6623 Child Psychopathology, Assessment and Diagnosis
- 6630 Principles of Intervention with Adults
- 6631 Principles of Intervention with Children
- 6632 Community Interventions
- 6633 Clinical Psychopharmacology
- 6634 Selected Topics in Intervention
- 6640 Consultation Processes
- 6650 Supervision
- 6660-6669 Special Topics in Clinical Psychology
- 6670 Interprofessional Education (3 credit hours over six terms: Fall and Winter terms for Years 1, 2, and 3)
- 7010 Practicum in Ethics and Relationship Skills
- 7020 Practicum in Adult Assessment and Diagnosis
- 7022 Practicum in Child Assessment and Diagnosis
- 7030 Practicum in Assessment and Intervention I
- 7031 Practicum in Assessment and Intervention II
- 7032 Practicum in Assessment and Intervention III
- 7033 Practicum in Advanced Assessment and Intervention I
- 7034 Practicum in Advanced Assessment and Intervention II
- 7035 Practicum in Rural Intervention and Interprofessional Practice
- 7050 Practicum in Supervision I
- 7051 Practicum in Supervision II

1 The Memorial University of Newfoundland Code

The attention of all members of the University community is drawn to the section of the University Calendar titled **The Memorial University of Newfoundland Code**, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 Student Code of Conduct

Memorial University of Newfoundland expects that students will conduct themselves in compliance with University Regulations and Policies, Departmental Policies, and Federal, Provincial and Municipal laws, as well as codes of ethics that govern students who are members of regulated professions. The *Student Code of Conduct* outlines the behaviors which the University considers to be non-academic misconduct offences, and the range of remedies and/or penalties which may be imposed. Academic misconduct is outlined in **UNIVERSITY REGULATIONS - Academic Misconduct** in the University Calendar.

For more information about the *Student Code of Conduct*, see www.mun.ca/student/sscm/conduct/.

3 General Information

Various types of awards are available to students of Memorial University of Newfoundland. Included are scholarships, bursaries, fellowships, studentships, prizes, medals and loans.

A scholarship is based on academic performance and is awarded to the student with the highest average meeting the conditions of the scholarship. Scholarship standing is required for all scholarships.

A bursary is based primarily on financial need and may be awarded to full-time students who have a minimum GPA of 2 (out of a possible 4) and meet the other conditions of the bursary.

An award is offered to recognize special achievements or to assist with special projects or travel. Awards may be given to students with a minimum of clear standing as defined by the University and outlined under **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Continuance and Readmission, Eligibility for Continuance**, and meeting the other conditions of the award.

A grant is an award for which need is a prime consideration, normally with the provision that the recipient be, or remain, in good academic standing.

Loans are granted to students on an "ad hoc" basis with need being the prime consideration. Loans are normally repaid before the commencement of subsequent semester. Interest is charged on outstanding loans.

Some scholarships and awards may be held for more than one year, but are usually renewable only if the student maintains scholarship standing and first class standing.

Entrance scholarships are awarded for the Fall semester. Revised High School transcripts will only be considered for entrance scholarships up to the last day of September of the student's entering year.

Unless otherwise noted, entrance scholarships are open to Canadian citizens and permanent residents graduating from secondary school who are admitted to Memorial University of Newfoundland on the basis of high school grades and current entrance standards and who meet the current definition of scholarship standing. They are also open to students in the above category who may not be coming directly from high school. This is limited to those who have previously graduated from high school, are admitted to the University on the basis of high school grades and current entrance standards and who meet the current definition of scholarship standing.

Distinct undergraduate entrance scholarships are available for international students. These scholarships are awarded to international undergraduate students who are entering Memorial University of Newfoundland. They are academic based, and the monetary value is between \$3000 and \$4400. Students do not need to apply for these scholarships; they are automatically considered when they apply to the University. These scholarships have been established by Memorial University of Newfoundland as part of an agreement by the Board of Regents, in May 2003, that a portion of the tuition fees for international undergraduate students would be set aside for International Scholarships. To be considered for these scholarships, a student must be eligible to pay the full international undergraduate fee, must register for at least 9 credit hours in each of two semesters in their first academic year at Memorial University of Newfoundland, should normally have fewer than 31 credit hours of transfer credits and meet scholarship standing (comparable to that prescribed for Newfoundland and Labrador and Canadian applicants). These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director, Office of Student Recruitment.

International Students are eligible for continuing undergraduate scholarships offered through Memorial University of Newfoundland assuming they meet the specific criteria. Most scholarships require students to be in scholarship standing. See definition of scholarship standing below.

Scholarship standing for undergraduate entrance students (who are Canadian citizens or permanent residents graduating from secondary schools within Canada) is defined as a 75% average compiled from the final grades received in secondary school courses required for University admission. Students in level three who, have a 90% or higher average on 3000 level credits from the list of courses covered under **UNIVERSITY REGULATIONS - Admission/Readmission to the University (Undergraduate), Applicants Who Have Followed the High School Curriculum of the Newfoundland and Labrador**, may be provisionally offered scholarships. Students graduating from High Schools in other provinces in Canada may be eligible based on corresponding criteria from their provincial secondary program. The provisional offer will remain in effect until University admission averages are determined.

Scholarship standing for undergraduate students is defined as a 75% average at the end of two out of the last three semesters in the previous scholarship year and the successful completion of not less than 30 credit hours in those two semesters. In considering students who complete more than 30 credit hours in those two semesters, the average on the actual number of credit hours taken will be reviewed. Students who fail one or more courses during the scholarship year, regardless of the number of courses completed, will not be eligible for scholarships.

For Co-op students who do not meet the above definition because of scheduled work terms, scholarship standing is defined as a 75% average over the most recent two academic semesters in the preceding four semesters in which they must have been enrolled as regular full-time Co-op students. Those who fail an academic course or work term during the four semester period will not be eligible for scholarships.

First class standing is defined as having a 3.5 out of 4.0 GPA at the end of the two semesters being considered for scholarship standing. Not all students who meet the above definitions of scholarship standing will receive a scholarship.

Students transferring to Memorial University of Newfoundland from Universities/Colleges in Canada which are members of Universities Canada and who meet scholarship standing as defined by Memorial University of Newfoundland will be eligible for undergraduate scholarships in the year in which they transfer. Such students must notify the Scholarships, Bursaries and Awards Office in writing of their intention to transfer and provide a complete transcript for the year in question.

Awards must be taken during the scholarship year for which they are awarded and the student must be registered full-time or in a recognized work term in order to receive their scholarship, unless stated otherwise in the terms of reference. The scholarship year runs from May 1st - April 30th.

A student may receive in any one scholarship year, one general scholarship/bursary/award (i.e. not based on a recommendation from an academic unit) administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. Students who have received a general scholarship/bursary/award, may receive additional academic unit scholarship(s)/bursary(s)/award(s) (i.e. those based on a recommendation of the appropriate academic unit) administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the latter case academic units are encouraged, wherever possible, to maximize the number of students who will benefit from the scholarship program.

Students who have obtained scholarship standing as defined above need not apply for general scholarships. Inquiries from students with special circumstances and/or concerning scholarships with special terms should be referred to the Scholarships, Bursaries and Awards Office, University Centre, Room 4018, or by telephone to (709) 864-3956.

Students attending the Grenfell Campus in Corner Brook are eligible for all General Scholarships. Scholarship inquiries may be made at the Student Affairs Office, Grenfell Campus or the Scholarships, Bursaries and Awards Office.

Students wishing to apply for awards administered by other authorities should consult the appropriate section of the Scholarships, Bursaries and Awards portion of the Calendar and/or the Scholarships, Bursaries and Awards Office.

Information on these and other post-secondary scholarships, awards, and bursaries is available at www.mun.ca/scholarships.

In addition to undergraduate awards listed herein, limited information is included concerning Studentships, Fellowships and Graduate Awards. Further inquiries may be made to the Scholarship Committee, though students are advised to consult the Heads of the Departments, the Dean of the Faculty or the Dean of Graduate Studies concerning these particular awards.

3.1 Government Assistance

The Government of Canada and the Government of Newfoundland and Labrador work together to provide student financial assistance to residents of the Province. Students who have a demonstrated financial need may, upon application, receive financial support from the Canada-Newfoundland and Labrador Student Financial Assistance Program. Students are encouraged to apply online at www.gov.nl.ca/studentaid/ and to apply early.

4 Scholarships, Bursaries, and Awards Administered By the Senate Committee on Undergraduate Scholarships, Bursaries and Awards for Which Entrance Students May Qualify

Anthony Insurance Entrance Scholarship

This scholarship is the result of a generous endowment to Memorial University of Newfoundland by Anthony Insurance in memory of Robert C. Anthony B founder of Anthony Insurance Inc. and the Insurance Corporation of Newfoundland. Mr. Anthony, an inductee of the Newfoundland and Labrador Business Hall of Fame, started his career as a teacher in rural Newfoundland and placed great emphasis on the value of education. The scholarship is intended to help a deserving, high-school graduate attend Memorial University of Newfoundland who would otherwise find it difficult due to financial considerations. The value of the scholarship is full-time tuition for one semester. Eligible candidates must have graduated from a Newfoundland and Labrador high school with a minimum of 75% in Level III courses and must intend to enroll at Memorial University of Newfoundland on a full-time basis. Additional scholarships may be awarded annually as endowment fund growth permits. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Arnold's Cove, Come By Chance, North Harbour Fishers and Newfoundland Transshipment Scholarship

This scholarship was established by Newfoundland Transshipment Limited (NTL) as part of an agreement between them and the Fishers Liaison Committee (FLC) of the Arnold's Cove, Come By Chance and the North Harbour area. Valued at a portion of the income on the endowment, it will be awarded annually on the basis of scholarship standing to a Fisher or his/her descendant(s) who is registered as a full-time student at Memorial University of Newfoundland in any year or field of study. In the event that no applicants are received from Fishers or Fishers' descendants in a given year, the scholarship may be awarded to another student from above noted geographic areas. Eligibility of applicants under the above criteria will be verified by the Fisheries Liaison Committee (FLC). Memorial University of Newfoundland is encouraged to ensure that the scholarship is alternated between communities and their eligible students. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which may be obtained from and returned to the FLC for appropriate verification.

Ken Ash Entrance Scholarship

This entrance scholarship was established by a donation from the family of Ken Ash. Mr. Ash was a graduate of James Moore Central High School in Carbonear (now Carbonear Collegiate). He devoted his shortened life to the radio industry and was especially supportive of local artists and their music. The scholarship is based on his spirit of generosity that was portrayed in every aspect of his life. Valued at \$1000, it will be awarded annually to a student from Carbonear Collegiate entering first year at Memorial University of Newfoundland. Preference will be given to students with demonstrated financial need. Recipients must meet the minimum academic requirements for a scholarship. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Mary L. (Mollie) and Peter T. Bailey Memorial Scholarship

This scholarship, donated by the family of the late Mary L. (Mollie) and Peter T. Bailey, has a value of at least \$500.00. It is open to students entering first-year studies who are required to move away from home to attend Memorial University of Newfoundland. In making the award, scholarship standing and need will be considered. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Leah Bailey Powers Memorial Scholarship

This entrance scholarship was created in loving memory of Leah Bailey Powers who passed away in 2009 at the age of nineteen. Leah excelled academically and was an energetic and spirited student leader. As Student Council President of Holy Heart of Mary Regional High, she inspired and motivated her peers to become active in their school community. Leah's leadership activities continued in her first year at Memorial University of Newfoundland where she became a passionate and dedicated volunteer to promote social justice with

Engineers Without Borders. This scholarship will be valued at a portion of the income on the endowment and will be awarded annually. This scholarship will be given to a student graduating from Holy Heart of Mary Regional High in St. John's who is entering his/her first year of studies in any discipline at Memorial University of Newfoundland. This scholarship may be held in addition to other scholarships and will be awarded only to applicants who embody the same spirited and enthusiastic leadership qualities that Leah demonstrated in motivating and inspiring inclusiveness in student and community activities and organizations, as nominated by Holy Heart of Mary Regional High. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of Holy Heart of Mary Regional High.

Baird-Stephenson Scholarship

This Scholarship, valued at \$1,000.00 is to be awarded annually to a Memorial University of Newfoundland student in any year or field of study. It is named for Mrs. Edna Baird-Stephenson and her late husband, both of whom were former members of Memorial University of Newfoundland's faculty. The Scholarship will be awarded on the basis of academic excellence. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Stephen Baker Entrance Scholarship

This entrance scholarship was established by a generous donation from Mr. John Allan Baker, Mr. Paul Cyril Roy Baker, Mr. David Stephen Baker, and Ms. Heather Alice Baker of D2L Corporation to honour their parents, Mr. Stephen James Baker and Mrs. Patricia Alice Jane Baker (Sheppard), both graduates of Memorial University of Newfoundland, and their grandfather, Mr. Cyril Lester Sheppard, who graduated from Memorial University College. Valued at a portion of the income on the endowment, the scholarship will be awarded to a graduate of Pearson Academy, Wesleyville, Newfoundland who is entering first year studies at Memorial University of Newfoundland. If there is no eligible student from Pearson Academy, preference will be given to a student from (a) Elwood Regional High School, Deer Lake, Newfoundland (b) Exploits Valley High, Grand Falls-Windsor, Newfoundland, respectively. The recipient must meet the minimum academic requirements for a Scholarship as defined by Memorial University of Newfoundland. This Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Patricia Baker (Sheppard) Entrance Scholarship

This scholarship was established by a generous donation from Mr. John Allan Baker, Mr. Paul Cyril Roy Baker, Mr. David Stephen Baker, and Ms. Heather Alice Baker of D2L Corporation to honour their parents, Mr. Stephen James Baker and Mrs. Patricia Alice Jane Baker (Sheppard), both graduates of Memorial University of Newfoundland, and their grandfather, Mr. Cyril Lester Sheppard, who graduated from Memorial University College and was a strong community builder in Cormack, Newfoundland and Labrador. It is also to honour the extended Sheppard family who have been educators and community builders in the region. Valued at a portion of the income on the endowment, the scholarship will be awarded to a student entering first year studies at Memorial University of Newfoundland. First preference will be given to a graduate of Elwood Regional High School from Cormack, NL. If there is no eligible student from Cormack, the scholarship will be open to any graduating student from Elwood Regional High School. In both cases the selection will be based on demonstrated financial need and candidates will be recommended by the Principal of Elwood Regional High School. In the event there is no eligible student from Elwood Regional High School, preference will be given to a student from (a) Wesleyville, NL, (b) Grand Falls-Windsor, NL, respectively, on the basis of scholarship standing. In all cases the recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Warren and Catherine Ball Memorial Entrance Scholarship

This scholarship was established in 2005 by a generous donation from the estate of Dr. and Mrs. Ball. The endowment will provide scholarships at the value of \$7,500.00 per annum for up to four years of study to students entering Memorial University of Newfoundland for the first time. The number of the annual scholarships will be based on a portion of the annual income, as per the Awards Program Spending Policy. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing.

Wesley and Daisy Snelgrove Memorial Scholarship

This scholarship fund is established through a generous gift from members of the family of Wesley and Daisy Snelgrove and will provide two scholarships annually, valued at a portion of the income from the endowment. To be eligible, students must be Level III graduates from Baccalieu Collegiate in Old Perlican and must be entering full-time studies at Memorial University of Newfoundland (including the Fisheries and Marine Institute), pursuing an undergraduate degree and have scholarship standing. One scholarship, valued at 60% of the spendable earnings, will be awarded to the eligible student with the highest academic average. The second scholarship, valued at 40% of the spendable earnings, will be awarded to the eligible student with the second highest average. Both of the scholarships should be awarded even if the students have received another entrance scholarship from the University. In the event that there are no entering students from Baccalieu Collegiate in a given year, successful recipients from previous years who are currently enrolled at Memorial University of Newfoundland will be considered based on scholarship standing. In the event that no such students are entering or attending this University, the scholarships will be awarded to students from the Federal Electoral District in which Grates Cove is located.

In the latter case, if possible, the first scholarship will be awarded to the student who is entering the School of Nursing with the highest academic average and the second to a student entering into their first year in the Faculty of Education with the highest academic average. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Marie Sullivan (1917-2003) Scholarship

This scholarship, valued at up to \$5,000.00, has been established by Mrs. Sullivan's eleven children. All attended Memorial University of Newfoundland after completing high school in Baie Verte. The scholarship is in recognition of and appreciation for their mother's unwavering commitment to her family and her encouragement to pursue a higher education. It will be awarded to an entrance student on the basis of scholarship standing and financial need.

Swimming Newfoundland and Labrador Entrance Scholarship

This scholarship, valued at \$1,000.00 annually, is available to a first year student who will attend Memorial University of Newfoundland and be a member of the Memorial University of Newfoundland Seahawks Varsity Swim Team. The scholarship recipient will have been a competitive swimmer in the Province of Newfoundland and Labrador for a minimum of three years and be a swimmer in good standing with Swimming Newfoundland and Labrador. This scholarship will be awarded on the basis of scholarship standing, however, in deciding on candidates of equal academic standing, financial need may be used as a determining factor. Applications may be obtained in writing to the Swimming Newfoundland and Labrador office, RPO MacDonald Drive, Box 21248, St. John's, NL, A1A 5B2, or telephone to (709) 576-7946, or by fax to (709) 576-7493.

5.1 General

The following are not specific to an academic discipline.

Affinity NL (Ottawa) Scholarship

This scholarship is made possible by the fund raising efforts of the Ottawa Affinity Newfoundland and Labrador group and is valued at a portion of the income on the investment according to Memorial University of Newfoundland's Awards Program Spending Policy. Based on scholarship standing (academic excellence), it will be awarded in an alternating fashion to a first year undergraduate student (entering their second year) and then a first-year graduate student (entering the first year of either a Master's or Ph.D. program). The student must be from a rural community in Newfoundland and Labrador, express an interest in returning to work in rural Newfoundland, and be registered for full-time studies at Memorial University of Newfoundland. Rural is defined as outside St. John's and Corner Brook as determined by the Centre for Institutional Analysis and Planning, or an equivalent University or Government body. When awarded to an undergraduate student, the Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. When awarded to a graduate student, it will be awarded by the Dean of Graduate Studies upon the recommendation of the Awards and Medals Committee.

Ahmed Award

This award is to honour the memory of a young boy from Darfur, Sudan, who came to Newfoundland alone as a refugee. He was blessed with an indomitable spirit, a warm heart and an incredible desire for higher education. He died tragically by drowning in August of 2008. The award is to help others with similar backgrounds and desires to pursue their dream of a higher education. Valued at a portion of the income on the investment, it will be awarded annually to a full-time or part-time student who has refugee status and is attending any campus of Memorial University of Newfoundland. Recipients must meet the minimum academic requirements for an award as defined by the University. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships. Students must show proof of Canadian Refugee Status. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Paul Antle Entrepreneurial Award

This award was established by a generous donation from Paul Antle. Paul is an award-winning entrepreneur from St. John's who graduated from Memorial University of Newfoundland in 1985 with a Bachelor of Science in Chemistry. He went on to receive a Master's Degree in Chemical Engineering from the University of New Brunswick in 1987 and, in 2007, graduated from the Harvard Business School as co-Valedictorian. Valued at \$1,000, it will be awarded annually to an undergraduate student in any field of study with a proven interest in entrepreneurship. The student will have demonstrated an entrepreneurial mindset and the leadership qualities associated with entrepreneurial success. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of Memorial's Centre for Entrepreneurship in consultation with the Dean of the appropriate discipline.

Arnold's Cove, Come By Chance, North Harbour Fishers and Newfoundland Transshipment Scholarship

This scholarship was established by Newfoundland Transshipment Limited (NTL) as part of an agreement between them and the Fishers Liaison Committee (FLC) of the Arnold's Cove, Come By Chance and the North Harbour area. Valued at a portion of the income on the endowment, it will be awarded annually on the basis of scholarship standing to a Fisher or his/her descendant(s) who is registered as a full-time student at Memorial University of Newfoundland in any year or field of study. In the event that no applicants are received from Fishers or Fishers' descendants in a given year, the scholarship may be awarded to another student from above noted geographic areas. Eligibility of applicants under the above criteria will be verified by the Fisheries Liaison Committee (FLC). Memorial University of Newfoundland is encouraged to ensure that the scholarship is alternated between communities and their eligible students. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which may be obtained from and returned to the FLC for appropriate verification.

The scholarship(s) will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Ralph L. Finley Scholarships

Under the will of the late Mr. Ralph L. Finley, the University in 1987 received a bequest establishing two scholarships. The awards are to be tenable to needy undergraduate students, residing in the University residences during the academic year, who attain a minimum average of 70%. The value of the awards will depend on the income accruing from the bequest during the period of tenure of the scholarships. The amounts to be awarded are to be applied to the recipients' tuition and/or residence fees.

Charlie (Moo Sic) Fong Memorial Scholarship

This scholarship, valued at the annual interest (approximately \$600.00 - \$700.00 annually), is the result of an endowment by the Fong family in memory of their great-grandfather, Mr. Charlie (Moo Sic) Fong. It was established to commemorate the 100th anniversary of the first Chinese settler in Newfoundland and to promote an awareness of the Chinese Cultural and Historical background in the Province. It will be awarded on the basis of scholarship standing and financial need to an undergraduate student at Memorial University of Newfoundland with a Chinese heritage. The scholarship will be given early in Winter semester and presented to the student at a local function held to celebrate the Chinese New Year. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Fortis Inc. – H. Stanley Marshall Scholarship

This scholarship is established in honour of Mr. Stanley Marshall upon the occasion of his retirement of after 35 years of service to Fortis Inc. During his time with Fortis Inc., the Corporation grew from a single utility in the province of Newfoundland and Labrador to a leader in the North American electric and gas utility business, serving customers across Canada and in the United States and the Caribbean. Valued at a portion of the income on the endowment, the scholarship will go to support undergraduate students entering a professional school or faculty at Memorial University of Newfoundland. If there is no suitable student entering Memorial University of Newfoundland, the scholarship may be awarded to a student beyond first year. If there is no eligible student in any year of a professional program, then the scholarship may be awarded to a student in any area of study. To be eligible, candidates must have scholarship standing. Financial need may also be a consideration. The recipient must be from (in order of preference) Belize, the Turks and Caicos Islands, the Cayman Islands, or other Caribbean country. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Dr. G.A. Frecker Memorial Alumni Bursaries

The Memorial University of Newfoundland Alumni Association has established, from its Annual Fund, five bursaries named in honour of the late Dr. G.A. Frecker, Chancellor, Memorial University of Newfoundland, 1971-79, and valued at \$500.00 each. Four of the bursaries are tenable at the St. John's campus and one at the Grenfell Campus at Corner Brook. The bursaries will be awarded annually to full-time students in any faculty or year on the basis of academic standing and financial need.

Friends of India Association Scholarship

This scholarship was established by generous donations from the Friends of India Association, one of Newfoundland and Labrador's pioneer community groups that celebrates Indian culture and promotes cross-cultural understanding. Valued at a portion of the income on the endowment, the scholarship will be awarded annually to an undergraduate student beyond their first year of studies who is enrolled full-time in any program at Memorial University of Newfoundland. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

General Motors Undergraduate Scholarship

This scholarship was established by General Motors of Canada Limited with contributions to the University's *Opportunity Fund Campaign*. - a. Be a dependent or spouse of employees of the company;
- b. Be enrolled as a full-time student;
- c. Posses scholarship standing as defined by the University; and
- d. Hold no other concurrent scholarship.

Preference will be given to entrance students; however, if there is no eligible candidate enrolled in first year studies, then the scholarship may be awarded to a senior undergraduate student attending Memorial University of Newfoundland who fulfills the above criteria. In deciding between candidates of equal academic attainment need will be the determining factor. The deadline date for applying is the last Friday in July. Further information and application forms are available in writing to A. Harvey & Company Limited, 87 Water Street, P.O. Box 5128, St. John's, NL, A1C 5V6.

C.D. Howe Memorial Foundation Scholarship

These scholarships result from a contribution by the C.D. Howe Memorial Foundation. The Annual income from this endowment will be utilized to fund up to six scholarships valued at the cost of one year's tuition for full-time students, the amount varying depending on the number of courses taken. The scholarships will be awarded to undergraduate students entering second, third, fourth or fifth years of study in any undergraduate program. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships,

Bursaries and Awards on the basis of scholarship standing, financial need, and a recommendation from the appropriate Dean or academic Director.

Kevin Hutchings Memorial Scholarship for the Royal Newfoundland Regiment

This scholarship was established by the family of Kevin Hutchings who, from 2004 until his death in 2009, held the position of Honorary Lieutenant-Colonel of the First Battalion of the Royal Newfoundland Regiment. Valued at \$2000 per year, the scholarship will be awarded to a full-time undergraduate student who is an active parading member of the Royal Newfoundland Regiment (1st, 2nd Battalion or Band) who meets scholarship standing as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. An application form is required and may be obtained from the Scholarships, Bursaries and Awards Office.

Richard and Lorraine Hynes Memorial Award

This award was established through the generosity of Mr. & Mrs. John and Susan Hynes. Valued at \$3,000, it will be awarded to a full-time student who has been in foster care at some point throughout their life, but has not received financial support from Child, Youth and Family Services beyond their secondary education. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. Preference will be given to students entering their first year at Memorial University of Newfoundland, but all undergraduate students are eligible. The award may be held for more than one year. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available on the Scholarships and Awards Office website at www.mun.ca/scholarships.

Shahana Islam Memorial Award

This award was established to celebrate the life of Shahana Islam, a staff member of the International Student Advising Office. Shahana was a colleague, wife, mother, sister, friend, gifted artist and avid volunteer. She passed away in April 2010 but not before touching the lives of countless students and members of the University community. Helping students was very important to Shahana and through this award she will continue to play a role in improving the lives of international students. Valued at a portion of the income on the endowment the award will be granted annually to a full or part-time undergraduate or graduate international student in any program or area of study who meets the minimum academic requirements for an award as defined by Memorial University of Newfoundland. The recipient will be a student who lives with their family (spouse, partner and/or children under 18) while attending Memorial University of Newfoundland. Students who have permanent residence status are not eligible. In the case of undergraduate students, the award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students, the award will be granted by the Dean, School of Graduate Studies. Both will be based on a recommendation from the International Student Advising Office.

Bishop Jones Memorial Hostel Group Scholarship

This scholarship was established by the Bishop Jones Memorial Hostel Group. The hostel, originally named Spencer Lodge, opened in 1927 on 55 Rennie's Mill Road as a residence for girls from the outports who were students at Bishop Spencer College, Memorial College and Normal School. It was purchased by the Church of England in 1939 and renamed the Bishop Jones Hostel in 1940. It served as a residence for Anglican girls from outside St. John's who attended Memorial University of Newfoundland and summer school. In its 51-year history, this establishment served as a "home away from home" for some 1353 young women who moved to the city to further their education. The building still stands and is once again a private home. In July 2008 the first reunion of former hostel residents was held in St. John's. From this reunion came the decision to establish a scholarship at Memorial University of Newfoundland. Valued at a portion of the income on the endowment, it will be awarded annually to a female student who is enrolled full-time in her second year of study at Memorial University of Newfoundland and who meets the minimum academic requirement for a scholarship. The student must also be a resident of Newfoundland and Labrador whose permanent home address is outside the metro region of the campus she is attending and who has moved away from home to attend University. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Ethel H. Judson Memorial Scholarship

This scholarship, valued at the annual interest on the endowment, has been established by Mrs. Edna Baird-Stephenson in memory of her late sister Ethel. It will be awarded annually to a Memorial University of Newfoundland student in any year or field of study. The scholarship will be awarded on the basis of academic excellence.

Key Tag Awards

Up to three awards, valued at \$500, are donated by the Newfoundland Branch of the War Amputees of Canada, and are to be known as the Key Tag Awards. They will be granted annually to amputee students in any year or field of study at Memorial University of Newfoundland. In the event that no applications are received from amputee students, other physically disabled students may be considered. In special circumstances, the awards may be held for more than one year. Financial need, initiative and scholastic achievement may be taken into consideration. Students must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. They will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Iris Kirby Memorial Scholarship

This award, valued at \$650.00 annually, has been established by the friends and colleagues of the late Iris Kirby. Iris was an active feminist and advocate of encouraging women to develop their fullest potential. The scholarship is open to women enrolling in full-time undergraduate studies at Memorial University of Newfoundland who are entering or returning after at least five years out of full-time study. Applicants should have been resident in Newfoundland for at least one year before applying. The scholarship will be awarded in the Winter semester on the basis of the Fall semester's results. In deciding on candidates of equal academic attainment, a commitment to the goal of an equal status for women in our society will be considered. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Korea Veterans' Association Scholarship

Twenty-six thousand, seven hundred and ninety-one (26,791) Canadians served in the Korean Theatre between the beginning of hostilities in 1950 and the signing of the cease-fire in 1953. Another 7,000 served between the cease-fire and the end of 1955. This scholarship was established to honour the men and women of the various Canadian Military Units that served in the United Nations Forces during that period of time. One scholarship of \$500 is awarded annually to a student who meets the following criteria: A full-time first year student at Memorial University of Newfoundland who is the child or grandchild of a Canadian Korea War Veteran and who has scholarship standing. In a year when there is no eligible child or grandchild in first year, the scholarship may be awarded to a child or grandchild beyond first year studies. If there is still no eligible student, the scholarship may be awarded to any first year student at Memorial who has scholarship standing. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Law Foundation of Newfoundland and Labrador Legal Research Awards for Students of Memorial University

The Law Foundation of Newfoundland and Labrador annually offers up to seven Legal Research Awards valued at \$750 each to students at Memorial University of Newfoundland. The Awards are for outstanding research papers on one or more legal issues or topics

treated in a legal context in a 2000 level course or beyond in any discipline at the undergraduate level and in any graduate course for students at the graduate level. A first year course is not eligible with the sole exception of LWSO 1000: Law, Democracy and Social Justice. Preference will be given for one of the seven awards to an undergraduate student in their first year of studies who is currently enrolled in, or has completed, the first year introductory course LWSO 1000 at the time their paper is submitted for consideration. The papers submitted by, and with endorsement of, a course professor or lecturer will be judged initially by the Dean, Director, or Department Head who will make a recommendation to a special selection committee comprised of appointees of Memorial University of Newfoundland and the Law Foundation. Undergraduate students will receive a minimum of two awards and graduate students will receive one or more of the seven awards available annually. In the case of undergraduate students the awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students the awards will be made by the Dean, School of Graduate Studies. In both cases they will act upon the new recommendation of the Foundation's selection committee.

Locke's Electrical Limited 50th Anniversary Scholarship

This scholarship is the result of an endowment established by Locke's Electrical Limited, Corner Brook, on the occasion of their 50th anniversary. Valued at the interest on the endowment, it will be awarded on the basis of scholarship standing to an undergraduate student in any year of study who is a child or grandchild of a current or retired staff member of Locke's Electrical Limited or one of its affiliates. If the scholarship is not awarded in one year then two may be awarded the following year. An application is required and may be obtained from, and returned to, Locke's Electrical Limited, Corner Brook.

Dr. Wayne E. Ludlow Scholarship

This scholarship is the result of an endowment made by the undergraduate students of Memorial University of Newfoundland in honour of Dr. Wayne E. Ludlow on his retirement, in 1999, from the position of Dean of Student Affairs and Services. Valued at a portion of the income on the endowment, this scholarship is tenable to students beyond second year, based on scholarship standing and demonstrated active participation in student life. Factors to be considered will include but not be limited to involvement in student government, clubs and societies and student media. Financial need may also be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of a selection committee of members of MUNSU and the Office of the Deputy Provost (Students) and Associate Vice-President (Academic) (Undergraduate Studies).

Dr. Arthur May Memorial Undergraduate Scholarship

This scholarship was established in honour of the late Dr. Arthur May, Memorial University of Newfoundland's President and Vice-Chancellor from 1990-99. It was established by generous donations from friends and family and through entry fees and donations from corporate and individual participants in the annual Memorial University Scholarship Golf Tournament, which he founded. Valued at a portion of the income on the endowment, the Dr. Arthur May Memorial Undergraduate Scholarship will be awarded annually to a second or third year undergraduate student in any program of study. The recipients must meet the minimum academic requirements for a scholarship as defined by the University. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Arthur and Sonia May Scholarship

The scholarship, valued at \$5,000, has been established by Arthur and Sonia May on the occasion of the University's 50th Anniversary as a degree granting institution, and in gratitude for the outstanding experience they enjoyed as students. It will be awarded to a student who has completed at least two years of a degree program at Memorial University of Newfoundland and who has been accepted to attend a recognized university outside Canada for one or two semesters of study for transfer credit to Memorial University of Newfoundland towards completion of his/her undergraduate degree. Applications may be made to the Scholarships, Bursaries and Awards Office, Room 4018, University Centre on or before March 31.

Hector and Fanny McNeil Memorial Trust Fund Scholarships

From the interest accruing from this fund, at least two scholarships, at \$500.00 each, will be awarded annually to academically deserving students at Memorial University of Newfoundland beyond first year. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Memorial on Parade Bursary Fund

This bursary was created through the generous support of the alumni of Memorial's Parade Street Campus. Memorial College opened its doors on Parade Street in 1925. It was established as a memorial to the Newfoundlanders who lost their lives on active service during the First World War and was later dedicated to also encompass those lost in the Second World War. In 1950, the College was elevated to full university status. In 1961, Memorial University of Newfoundland moved from the Parade Street location to the Elizabeth Avenue Campus. The alumni of the Parade Street Campus established this bursary to support students who want to better themselves through higher education, just as they were so fortunate to do decades ago. Valued at a portion of the income on the investment, the bursary will be awarded annually to a student who has graduated from high school in Newfoundland and Labrador and is entering their final year of undergraduate studies in any Faculty or program at the St. John's Campus. The recipient must have demonstrated financial need, as well as meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Memorial University Golf Tournament Scholarship

This scholarship fund was established in 1998 as a result of entry fees and donations from corporate and individual participants in the Annual Memorial University Scholarship Golf Tournament. Proceeds from this tournament have developed an endowment that supports scholarships valued at a portion of the annual income on the investment. The scholarships will be awarded to second or third year undergraduate students based on scholarship standing, with the exact number of awards to be decided by the Golf Tournament Operations Committee each year. In an effort to ensure that, over time, awards are dispersed throughout the University's various academic units, only one scholarship per year will be awarded within an academic unit and none will be awarded in a given year to students from an academic unit that was represented by a recipient the year before. Recipients may not be simultaneously in receipt of a general scholarship of equal or higher value at the time of the awarding of the scholarship. The scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Memorial University of Newfoundland Endowment Scholarships

These scholarships, established by Memorial University of Newfoundland are awarded annually to students in any year or faculty with approximately 50% of those awarded in a given year allocated for Entrance Students. The number and value of the annual scholarships vary depending on the interest earned. They are awarded on the basis of scholarship standing.

Memorial University of Newfoundland Faculty Association Scholarship Fund

The Memorial University of Newfoundland Faculty Association has established a trust fund to provide scholarships and bursaries to needy students in good academic standing. Assistance from this fund is available to entering students as well as to those further along in their studies and may be re-applied for in subsequent years. The first of the MUNFA Scholarships awarded each year is the Ditte Koster Memorial Scholarship. This award honours the late Ditte Koster who, up to the time of her death, was a professional librarian at the University. As a contribution to the Opportunity Fund in 1999, the Faculty Association pledged to pay the University the interest from

their trust for the period January 1, 2000 to March 31, 2004. The matching money from this pledge will be contributed to the University's general Scholarship Endowment Fund allowing the University to award additional general scholarships.

Elsa S. Morgan Memorial Scholarship

This scholarship, valued at \$500.00, was donated by the late Dr. John M. Morgan, B.Sc., M.D., in memory of his wife, Elsa S. Morgan. Dr. Morgan was born at Port-de-Grave, Conception Bay, Newfoundland and spent all of his professional life in the United States. The scholarship is awarded to a deserving student of scholarship standing who has completed the first year of studies and is proceeding to the second year. Preference will be given to students from the district of Port-de-Grave. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Jacob and Floral Morgan Scholarship Fund

This fund has been established by relatives and friends of the late Jacob Morgan, a teacher for thirty years in the outports of this province, and of his wife Floral. One or more scholarships, valued at not less than \$2,500.00 each will be awarded annually. Preference will be given to students from the smaller outports, primarily to those who are entering the University for the first time.

John Thomas and Amy Susannah Morgan Memorial Scholarship

This scholarship, valued at \$500.00, was donated by the late Dr. John M. Morgan, B.Sc., M.D., in memory of his parents, John Thomas and Amy Susannah Morgan. The scholarship is awarded to a deserving student of scholarship standing, who has completed his or her first year of studies and is proceeding to second year. Preference will be given to students from the district of Port-de-Grave/Harbour Grace. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

M.O. Morgan Alumni Scholarships

At least three scholarships valued at a minimum of \$1000.00 each, gifts of the Memorial University of Newfoundland Alumni Association, are awarded annually to students beyond first year on the basis of academic excellence. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Moving Forward Together Campaign Award

This Award was established by two generous donations as a part of the Moving Forward Together Campaign by the Sisters of Mercy of Newfoundland and the Presentation Sisters of Newfoundland and Labrador. Moving Forward Together is a Canada-wide campaign to bring fundamental and lasting change to Aboriginal communities in Canada by supporting healing and educational programs. Valued at \$1,800, it will be awarded to an undergraduate Aboriginal student beyond their first year of studies at Memorial University of Newfoundland. There will be one Award annually at each of the St. John's and Grenfell Campuses. The Award is renewable for an additional two years. The student must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This Award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

MUNSU Undergraduate Scholarship

This scholarship fund is the result of an endowment which began in 1996 as a part of the *Opportunity Fund Campaign*. The fund will provide a scholarship valued at the annual interest on the endowment, to students who are children, grandchildren, or spouses of current (worked a minimum of 15 of the last 24 months) or retired employees of MUNSU, Memorial University of Newfoundland or of previous employees who had a minimum of ten years of service to MUNSU. In the event that there are no eligible candidates from the above group in a given year the scholarship will be open to nieces or nephews of current, retired or previous employees of MUNSU (as per above). It will be open to entrance students as well as undergraduates. The scholarship is not renewable and individuals will not normally hold the scholarship more than once unless there is no other eligible candidate in a given year. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

MUNSU 25th Anniversary Scholarship

This scholarship is the result of an endowment established by MUNSU (1994) and is valued at the annual accrued interest. It will be awarded to a student who has completed at least one year at Memorial University of Newfoundland. Based on scholarship standing and active participation in student life, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the President, MUNSU.

Harvey and Doris Murcell Scholarships

These scholarships have been established from funds donated by Harvey and Doris Murcell. Scholarships of at least \$1,000.00 shall be awarded under the following conditions:

- a. A scholarship to two entrance students who are residents of Harbour Grace who attended High School in Conception Bay North.
- b. Four scholarships to students of any year from high schools in the Conception Bay North area.
- c. Other scholarships as the fund will bear.

The scholarships shall be awarded based on scholarship standing. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Newfoundland and Labrador Neurotrauma Initiative Award

This award, valued at a portion of the income on the investment, is made possible by a generous endowment from the Newfoundland and Labrador Neurotrauma Initiative Program, a partnership between the Rick Hansen Man in Motion Foundation, the Canadian Paraplegic Association, the Brain Injury Association and the Government of Newfoundland and Labrador. The award will be available on an annually rotating basis between undergraduate and graduate students, with first preference given to a student who has been identified with a brain or spinal cord injury. For undergraduate students an application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships. Graduate Students are required to apply specifically to the School of Graduate Studies, Room IIC 2021, Bruno Centre for Research and Innovation, (709) 864-2600. If no candidate is available with a brain or spinal cord injury, preference will be given to a student who is studying in any field related to neurotrauma. If it is not awarded at the level of study (i.e. graduate/undergraduate) on rotation in a given year, it may be awarded to a student studying at the other level for that year. In the case of undergraduates, the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies on the recommendation of the Awards and Medals Committee. This award is open to part-time or full-time students with clear academic standing.

Elsie and Stephen O'Neill Award

The children of Elsie and Steve O'Neill established this award in appreciation of their parents' support and encouragement toward their higher education. Valued at a minimum of \$1,000 annually, the award will be granted to a single parent who is an undergraduate student. First preference is to part-time students, but full-time students will be considered. Students must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Florence O'Neill Scholarships

An endowment donated to the University by Florence O'Neill, Ed.D., C.M., LL.D., honorary graduate of Memorial University of Newfoundland, distinguished for her contribution to the fields of adult education and community development, will fund annual scholarships valued up to \$1,000.00 each. These awards will be made available to full-time undergraduate students, preferably to those from rural Newfoundland and Labrador, on the basis of scholarship standing. One shall be given annually to a student attending the Grenfell Campus in Corner Brook.

Dermot O'Reilly Legacy Award

The award, valued at a portion of the income on the investment, is established through funds raised by family, friends and music lovers, in Dermot O'Reilly's memory after his untimely passing in 2007. Dermot chose to make Newfoundland his home in 1971 where he found here a kinship to the Dublin of his youth in the people, music and songs. Here, his life was music. He delighted in sharing music with others and was a mentor to many aspiring musicians. Dermot's friends and family carry on his legacy by creating this award to encourage and support the promotion of traditional music, oral tradition and dance in Newfoundland and Labrador. It will be given annually to a part-time or full-time student at Memorial University of Newfoundland enrolled in any year of any program of study that meets the academic requirements for an award as outlined by the University. Eligibility should be based on established support of traditional music, oral tradition or dance amongst Newfoundlanders and Labradorians. The successful candidate will be determined at the discretion of the Dermot O'Reilly Legacy Award Selection Committee and will have made evident, either through actions or creative undertakings, contributions to the province by demonstrating leadership and creativity in the tradition-bearer community. To be considered, candidates must apply no later than February 1. Applications are available at the Undergraduate Scholarships and Awards Office and the School of Graduate Studies and must be accompanied by a resume of all relevant information including but not limited to: publications, research, recordings, projects, performances, etc. It will be awarded by either the Senate Committee on Undergraduate Scholarships, Bursaries and Awards or the Dean, School of Graduate Studies as appropriate based on the recommendation from the Committee.

This award has been established by Ms. Rose Patten to encourage and assist single parents to develop their full academic potential. Valued at a portion of the income on the endowment, it is open to single parents who are enrolled in full-time undergraduate studies at Memorial University of Newfoundland. Students must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Elaine Pitcher Memorial Scholarship

This scholarship is the result of an endowment to the University from a bequest left by Elaine Pitcher, a donation from Xerox Canada and donations from family, friends and colleagues of Elaine. Valued at a portion of the annual accrued interest on the endowment, it will be awarded on the basis of scholarship standing to an undergraduate student who is a child of a current or retired staff member of Memorial University of Newfoundland. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Pro Vice-Chancellor's Prize

The Pro Vice-Chancellor's Prize was established to recognize superior writing, critical thinking and aptitude by undergraduate students at Memorial University of Newfoundland that deserves a wider audience. Up to five prizes will be awarded each year valued at \$500 cash or a \$1000 scholarship tenable in a graduate program at Memorial University of Newfoundland. The prize will be awarded to students who complete a superior paper or course work that demonstrates intellectual originality, cogency, facility of expression, and adherence to principles of scientific inquiry and critical thinking. Instructors are invited to nominate students through their dean or department head who will then transmit the application to the Scholarships, Awards and Financial Aid Office. Instructors' comments should not appear on the work. In accepting nomination students agree to publication. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of a special selection committee chaired by the Associate Vice-President Academic, Planning, Priorities and Programs.

Project Hero Tuition Bursary

Project Hero is an initiative started by Kevin Reed, honorary lieutenant-colonel of 31 Service Brigade, an army reserve unit in London, Ontario. Mr. Reed was inspired by the work of former Chief of Defense Staff, General Rick Hillier, former Chancellor of Memorial University of Newfoundland, and approached him about starting a program to support children of Canadian Forces staff who were killed while on active duty. The bursary provides tuition costs (maximum of 5 courses per semester) for up to four years of study and is available to full-time students in undergraduate degree programs. The bursary is renewable on the basis of continuing full-time enrollment and a minimum GPA of 2. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

To be eligible students must be:

1. Canadian Citizens or Permanent Residents;
2. 26 years old or younger; and
3. dependents of Canadian Forces personnel who died while serving on an active mission (students are required to provide sufficient proof from the Canadian Forces that they are dependents of the deceased soldier and that the individual died while on an active mission).

An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Quebec-Labrador Foundation Scholarships

The Quebec-Labrador Foundation offers three scholarships at \$500.00 each to students enrolled in studies at Memorial University of Newfoundland. The first award, which is funded from the Larry Shields Fund of the Foundation, is awarded annually on the basis of academic performance and financial need to undergraduate students who are (a) native born to Newfoundland and Labrador; and (b) planning to study, or currently studying, Native American and/or Inuit cultures. In the event that a candidate who meets this specific

criteria cannot be found in a particular year, the award may be given to a student in any year from one of the study fields and geographic locations indicated below for the second and third awards. The second and third awards will be awarded annually on the basis of academic performance and financial need to students in any year providing that they come from one of the following areas: the Northern Peninsula, Fogo, Labrador South, or the Lower North Shore of Quebec (from Natashquan to Blanc Sablon). In awarding these two scholarships, special consideration will be given to those applicants studying in the fields useful to the development of the regions served by the Foundation, e.g. Education, Business, Nursing and Health, Forestry, Fisheries, Engineering and Natural Resources.

Evelyn (Marsh) Robbins Memorial Bursary

This bursary was established in memory of Evelyn (Marsh) Robbins by her sons Glenn (B.Comm.'85) and Peter (B.Eng.'91) and her husband Ernest to continue Evelyn's belief that everyone should have an opportunity to reach their full potential. Evelyn (Marsh) Robbins grew up in Point Leamington and lived most of her life in Grand Falls-Windsor. She graduated from the General Hospital School of Nursing in 1958 and wherever she worked (Grand Falls Hospital, Central Newfoundland Public Health, Carmelite Seniors Home) people were touched by her care and compassion. Throughout her professional career and volunteer activities Evelyn would often discreetly reach out to help when she saw someone struggling, whether it was to provide basic necessities or to help them address some of life's other challenges. Valued at a portion of the income on the endowment, this bursary will be awarded annually to a full-time student who has graduated from a high school in any of the communities around Buchans, Badger, Grand Falls-Windsor, Bishop Falls, Botwood, Point Leamington, Leading Tickles, Springdale, Little Bay Islands and the south coast of Central Newfoundland, including communities such as Harbour Breton, Milltown, McCallum and Rencontre East. If no candidate from the preferred group can be found, any student who graduated from a high school in the Nova Central School District will be considered. The recipient must meet the minimum academic requirements for a bursary. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries, and Awards.

Robert Gillespie Reid Memorial Scholarships

Craig Dobbin Memorial Scholarship for Master of Business Studies at the Waterford Institute and Memorial University of Newfoundland

This scholarship has been established by Mr. Pat O'Callaghan, the Ireland Business Partnership, the Ireland Newfoundland Partnership, the Provincial Department of Education, and Craig Dobbin family members in memory of Mr. Craig Dobbin. It will be awarded on an annually rotating basis to students at The Waterford Institute of Technology (WIT) and Memorial University of Newfoundland. In year one, and every alternating year thereafter, the scholarship will be awarded to a recent honors graduate (in the past 2 to 3 years) of one of the undergraduate business programs in the Faculty of Business Administration program or Grenfell Campus, Memorial University of Newfoundland who is accepted into the Master of Business program, at the Waterford Institute of Technology, Waterford, Ireland. In the event that there is no such candidate, the scholarship will be awarded to two Memorial University of Newfoundland exchange students (undergraduate or graduate) to study (one academic term) at the Waterford Institute of Technology. In year two, and every alternating year thereafter, the scholarship will be awarded to an undergraduate student from the Waterford Institute of Technology who will be selected to attend Memorial University of Newfoundland's Faculty of Business Administration's M.B.A. program. In order for a WIT student to complete the program in one year, they must have an honors undergraduate business degree, or a business degree with significant academic standing. The student must meet Memorial University of Newfoundland's M.B.A. admission requirements. The student may take two years to complete the degree; however, scholarship funding will be available for one year only. In the event that no such student is selected from the Waterford Institute, then WIT will select a business undergraduate or graduate student to complete a student exchange (one academic term) at the Faculty of Business Administration or Grenfell Campus, Memorial University of Newfoundland. Scholarship recipients will be required to complete and present a report on an aspect of the Ireland Newfoundland Partnership. In the case of Memorial University of Newfoundland undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration or the Vice-President of Grenfell Campus. In the case of Memorial University of Newfoundland graduate students, the scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

Paddy and Rita Dobbin Scholarship in Business

The Paddy and Rita Dobbin Scholarship is endowed through a gift from the Dobbin family members (children and grandchildren) in memory of Paddy and Rita Dobbin, who were married on March 17, 1929. From his early life Paddy demonstrated a strong entrepreneurial spirit, a man not afraid of hard work or taking risks. With his wife Rita by his side, supporting his endeavours and raising their family, they instilled these qualities in their eleven children. Together they guided with much love, and a spirit that anything was possible. Through example, they taught their children to never fear challenges, feeling there was always something to be learned. The scholarship is open to undergraduate students of scholarship standing, enrolled in the Faculty of Business Administration in the International Bachelor of Business Administration (iBBA) program, who have been accepted for, but not yet undertaken, the study abroad component of their program. Preference will be given to students who have been active in extracurricular activities at Memorial University of Newfoundland and/or in the community. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

Undergraduate Aboriginal Award in Professional Studies

The Undergraduate Award in Professional Studies was established by Mr. Alan Rowe (B.Comm. '78) through a generous donation to the *Dare To Campaign*. Eligible candidates must be Aboriginal students from Labrador or the Territories of Canada who are enrolled full-time in the entrance year of an undergraduate professional program. Two new recipients will be selected each year on a rotating basis, between the Faculties of Business Administration, Engineering and Applied Science, Medicine, Education and the Schools of Nursing, Pharmacy, and Social Work. The award is valued at \$2,500 per year and is renewable for up to three additional years (four years in total) if the recipient continues to be enrolled full-time in an undergraduate professional program and maintains clear academic standing as defined by Memorial University of Newfoundland. If a successful candidate entering a professional program is not identified in the discipline on rotation in a given year, an eligible student from one of the other disciplines may be selected. If no eligible student is identified from the entering year of any professional program, then the award may be given to a student beyond entrance level in a professional program. Preference will be given to students who have demonstrated financial need. The award is granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Aboriginal Resource Office as needed.

Tony Walsh Scholarship

This scholarship has been established in memory of Tony Walsh (1898-1994). Tony was a dedicated teacher who demonstrated leadership and determination throughout his life. This scholarship was established by his friends to promote his legacy as an educator, especially in the Okanagan Valley, B.C., and as the founder of the Benedict Labre House of Montreal. Valued at \$1,000.00, this scholarship is awarded to a student entering their second year of undergraduate studies in the Faculty of Education. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Education.

5.4 Faculty of Engineering and Applied Science

The following are available to students in the Faculty of Engineering and Applied Science based on a recommendation from the Dean. For definition of scholarship standing for co-op students, see **Scholarships, Bursaries and Awards, General Information**,

Afshin Assemi Memorial Award

This award has been established in memory of Afshin Assemi (Term 8 Electrical, 1991) and is valued at a portion of the income on the investment. It will be awarded during the Winter semester and is intended for students enrolled in Term 8 of the Faculty of Engineering and Applied Science Program. The criteria for selection will be on the basis of outstanding contribution to the betterment of student life within the Faculty of Engineering and Applied Science over the course of his/her academic career. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Engineering Scholarship Committee which will accept recommendations from the Engineering Society Executive. The Engineering Society Executive should consult with Term 8 Class representatives before arriving at their decision. If it is decided that two candidates are equally deserving of the Award, then joint awards may be given at equal valued.

Amirix Systems Inc. Scholarship for Computer Engineering

This Scholarship was established by AMIRIX Systems Inc. of Halifax, NS. Valued at \$5,000 annually the Scholarship will be awarded to a Computer Engineering student in Term 5 in the Faculty of Engineering and Applied Science. The recipient must have demonstrated extracurricular involvement in any of the following areas: athletics, fine arts, student body activities and/or volunteer work and meet the minimum academic requirements for the Scholarship as defined by Memorial University of Newfoundland. The Scholarship will be awarded as described below by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Engineering and Applied Science.

American Bureau of Shipping (ABS) Scholarship

The American Bureau of Shipping Scholarship will be awarded to eight full-time undergraduate students who demonstrate scholarship standing and are enrolled in the Faculty of Engineering and Applied Science in any academic terms in the following disciplines: Ocean and Naval Architecture, Mechanical, Electrical and Computer Engineering. Preference will be given to students who have demonstrated strong academics and/or work experience in the area related to a career in structural, offshore/marine industries. Winners of these scholarships will have preference (upon application) for work term placements with the American Bureau of Shipping in Houston (must be eligible for T-N Visa). Valued at \$5000 each, the scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Ausenco Scholarship

This scholarship was established by a generous donation from Ausenco. Valued at a portion of the income on the investment, it will be awarded annually to a full-time student in at least term six of the Bachelor of Engineering program studying Mechanical Engineering (Offshore Oil and Gas) or Process Engineering at Memorial University of Newfoundland. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

C.H. Ballam Scholarship

This scholarship was established by the Honourable Charles H. and Mrs. Ballam as a memorial to their son Ulric, a former Engineering student at the University. The scholarship has a value of \$250.00. It is awarded annually during the Winter semester of Engineering One on the recommendation of the Dean of Engineering and Applied Science. In making the award, academic achievement, character and financial need are taken into account. An application is required.

E.F. Barnes Scholarship

This scholarship was established by Stirling Kelloway in honour of the late Mr. E.F. Barnes, founder of E.F. Barnes Machine and Fabricating Shop Limited which built the first all steel vessel in Newfoundland and developed the only marine engine ever built in the Province. Valued at a portion of the income on the endowment, the scholarship will be awarded each year during the Fall semester to a student in Academic Term 6. Eligibility will be based on scholastic achievement in Academic Term 5, and financial need will be an additional consideration. This scholarship will not be awarded to a student who is already in receipt of a scholarship during the same academic year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Sciences.

Paul S. Batstone Memorial Scholarship

This scholarship was established in memory of Paul S. Batstone who spent 20 years promoting co-operative education at Memorial University of Newfoundland and was a co-ordinator in the Faculty of Engineering and Applied Science until his death in 2003. Valued at a portion of the income on the investment, it will be awarded to a senior student completing work term 3 or 4 during the Spring work term who has demonstrated a high level of commitment to Engineering Co-operative Education and has made a significant contribution to their employer in the past work term. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science with a nomination from the student's employer and input from the Engineering Co-operative Education Office.

Beacon Securities Ltd. Bursary for Women in Engineering

This bursary is the result of a generous donation by Beacon Securities Limited and is valued at a portion of the income from the endowment. The bursary recipient will be a female undergraduate student enrolled full-time in the Faculty of Engineering and Applied Sciences in the academic year. The recipient must be from outside the metropolitan St. John's area, and must have demonstrated financial need and a minimum GPA of 2 (out of a possible 4). The bursary will be awarded by the Senate Committee on Undergraduate Scholarships and Awards.

Dr. S.M. Blair Memorial Alumni Awards for Excellence in Engineering

Two scholarships, established by the Memorial University of Newfoundland Alumni Association in memory of Dr. Sidney M. Blair, have a value of \$500.00 each, and are awarded annually to students entering Term 3 of the Engineering program and Term 5 of the Civil Engineering program who have achieved an appropriate scholarship average in academic courses of the preceding terms. The awards are made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the advice of the Dean of Engineering and Applied Science.

Stephen Brenton Memorial Scholarship

Established by his family and friends, this scholarship celebrates the life of Stephen Brenton, a Mechanical Engineering student at Memorial University of Newfoundland. Valued at \$600, the scholarship will be awarded annually to a full-time student in Mechanical Engineering. Preference will be given to a student who graduated from a high school in Marystown, Newfoundland and Labrador. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. Financial need may be taken into consideration. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Ann (Mooney) Bridger - Dillon Consulting/CSCE Newfoundland and Labrador Section Scholarship

This scholarship has been established as a result of the 25th anniversary of the Canadian Society for Civil Engineering's Newfoundland and Labrador Section. The scholarship is named after the Faculty of Engineering and Applied Science's first female Civil Engineering graduate, Ann Bridger nee Mooney (B.Eng. 1978). Valued at \$500, it will be awarded annually on the basis of scholarship standing to a female undergraduate student in Term 3 of the Civil Engineering discipline. The recipient of this scholarship may be offered a work term at Dillon Consulting. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Myles Butler / Class of '77 Bursary in Engineering

To honour the memory of Myles Butler, P.Eng., a cherished classmate and friend, alumni from the Faculty of Engineering Class of 1977, along with family and friends, have established this bursary. Myles was a friendly, outgoing, hard-working mechanical engineer with a great sense of humor and an infectious smile. He is also fondly remembered by his classmates for knowing the lyrics to every engineering song. Myles had a successful 35-year career in the petroleum industry both provincially and internationally which included working on the Hibernia project, Newfoundland and Labrador's first commercial offshore oilfield. He was often consulted by his engineering colleagues for his valued sound advice and excelled in this role as mentor. This bursary is valued at a portion of the income on the investment and will be awarded annually to a student enrolled in Academic Term 3 in one of the following disciplines: Civil, Mechanical or Electrical. The recipient must have demonstrated financial need and meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Engineering and Applied Science.

Wally J. Campbell Memorial Scholarship

This scholarship has been established in memory of Professor W. J. Campbell who helped establish the engineering program at Memorial University of Newfoundland and taught in the program until 1995 when he retired. The scholarship, one or more, is valued at a minimum of \$500.00 and will be awarded to a student entering term three who has completed all elements of the program prior to Term 3. Scholarship standing, leadership and contribution to student life will be considered in making the award. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Engineering and Applied Science.

Dr. S.J. Carew Memorial Scholarships

This scholarship was established in memory of Dr. S.J. Carew, who was the first Dean of the Faculty of Applied Science from 1949-1968. Valued at a portion of the income on the endowment, it will be awarded annually to students in Engineering One of the Bachelor of Engineering program. The recipient must meet the academic requirements for a scholarship as defined by Memorial University of Newfoundland. Financial need will be taken into consideration as well. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

CBCL Limited Engineering Scholarship

This non-renewable scholarship, valued at \$1,000, was established by CBCL Limited. Eligible candidates must be full-time undergraduate students in the Faculty of Engineering and Applied Science, in either the Civil, Mechanical or Electrical program. The scholarship will be awarded on the basis of scholarship standing in Academic Term 4. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Alfred and Annie Chan Electrical Engineering Scholarship

This scholarship was established by a generous donation from Hung Ngok Chan, a member of the class 1974, the first graduate of the Engineering Degree from Memorial University of Newfoundland. Valued at a portion of the income on the investment, it will be awarded annually to a Faculty of Engineering and Applied Science student enrolled in Electrical Engineering (Term 3). The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Chevron Canada Ltd. Endowed Scholarships in Business, Earth Sciences, Economics and Engineering

These scholarships, valued at a portion of the income from the endowment, will be awarded starting in 2011 to full-time students enrolled in at least their second year of Engineering and Applied Science, Earth Sciences, Business or Economics; in a given year, it is anticipated that students from all four faculties will be represented. Selection will be based on scholarship standing as well as expression of interest in potential employment in the oil and gas industry, and signaling of career location mobility. Level of service to community, or leadership will also be considered. Students may receive the scholarship in more than one year. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the: Dean, Faculty of Engineering and Applied Science; Head, Department of Earth Sciences; Dean, Faculty of Business Administration; and Head, Department of Economics.

Chevron Canada Ltd. Term Scholarships in Business, Earth Sciences, Economics and Engineering

These scholarships, valued at \$4,000, will be awarded to full-time students enrolled at least their second year of Engineering and Applied Science, Earth Sciences, Business or Economics; in a given year, it is anticipated that students from all four faculties will be represented. Selection will be based on scholarship standing as well as expression of interest in potential employment in the oil and gas industry, and signaling of career location mobility. Level of service to community, or leadership will also be considered. Students may receive the scholarship in more than one year. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the: Dean, Faculty of Engineering and Applied Science; Head, Department of Earth Sciences; Dean, Faculty of Business Administration; and Head, Department of Economics.

Chevron Canada Resources Engineering Scholarship

This scholarship, valued at the interest on an endowment to the *Opportunity Fund* by Chevron Canada Resources, will be awarded annually on the basis of scholarship standing to a student during the Winter semester of Engineering One of the Engineering program at Memorial University of Newfoundland. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the Dean, Faculty of Engineering and Applied Science.

Stephen Crooks Memorial Scholarship

This scholarship, valued at \$1000.00, has been established in memory of Stephen Crooks (Civil 1982-Memorial University of Newfoundland). It will be awarded to an Engineering student, on the basis of sound scholastic record, who has completed at least five academic terms in Engineering. The student's contribution to the Engineering Faculty and Applied Science and the University, performance during work terms, and overall perseverance within the program will also be taken into consideration. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Engineering and Applied Science.

Wilfred and Rose Davis Scholarship in Engineering

This scholarship, a gift from Wilfred J. (Memorial University College 1946) and Rose Davis, is awarded annually to a student entering or engaged in Engineering One. The award is valued at the interest earned annually from the endowment and will not be awarded to candidates holding other scholarships of greater value. This scholarship is based on scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean,

Faculty of Engineering and Applied Science

Det Norske Veritas Scholarship

The Det Norske Veritas Scholarship is donated by the Norwegian Ship Classification Society of that name. The \$1,000.00 scholarship is awarded to the student in the graduating class in Naval Architectural Engineering who has achieved the highest total marks in terms five to eight inclusive. The award is made solely on academic criteria, and may be held in addition to not more than one other award having monetary value. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Engineering and Applied Science.

Emera Scholarship for Engineering and Applied Science

This scholarship, annually funded by a generous gift from Emera Newfoundland and Labrador, seeks to recognize the financial needs and academic excellence of undergraduate students from under-represented groups such as women, visible minorities, persons with disabilities and Aboriginal persons. Valued at \$2,500 each, it will be awarded annually to three students entering Academic Term Three in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland. Preference will be given to those pursuing a major of Electrical Engineering and/or Ocean and Naval Architectural Engineering. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Engineering Class of 2006 Legacy Award

This award has been established by a generous donation from the Engineering Class of 2006. Valued at \$400, it will be awarded annually to a full-time Engineering student in Term 3 or higher. Preference will be given to a student who is an active member of Memorial University of Newfoundland's Chapter of Engineers Without Borders. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

Engineering One Entry Scholarships in Engineering

These scholarships are endowed by Mr. Wing Soon Oue of Seven Seas Restaurant, Corner Brook, and have a value of up to \$500.00 each. They are awarded annually to two students entering Engineering One, providing they hold no other awards of greater value. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Dean of Engineering and Applied Science.

J.M.C. Facey Engineering Scholarship

The scholarship is valued at \$5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded on the basis of scholarship standing to residents of Newfoundland and Labrador enrolled in Engineering One at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Engineering and Applied Science.

Dennis Forgeron Award in Mechanical Engineering

The award, valued at \$3000, has been established in memory of Dennis Forgeron (Mechanical Engineering Graduate, 1991). It will be awarded to a full-time Mechanical Engineering student during term 7 and is subject to successful completion of term 6. Selection will be based on outstanding contribution to the spirit of the Mechanical Engineering graduating class over the course of their studies at Memorial University of Newfoundland. It will be administered by the Engineering Scholarship Committee which will accept recommendations from the Engineering Society Executive. If it is decided that more than one candidate is equally deserving of the award in a given year, then joint awards of equal value, to a combined maximum of \$3000, may be given. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

Daniel Freeman Memorial Scholarship

This scholarship was established from the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at a portion of the accrued interest, will be awarded annually, on a rotating basis, to students enrolled in either Engineering or Mathematics. Preference will be given to candidates with disabilities with consideration given to quality of character and overall perseverance. If a successful candidate is not recommended by the discipline on rotation in a given year an eligible student from the other discipline may be awarded the scholarship for that year. If no candidates are available from the first group any student enrolled in either Engineering or Mathematics (discipline to be determined by the rotation schedule in a given year) will be considered. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering or the Head, Department of Mathematics and Statistics.

General Motors Scholarship for Women in Engineering

This scholarship is one of several established by General Motors of Canada Limited with contributions to the University's *Opportunity Fund Campaign*. Interest from the fund will provide a scholarship valued at a minimum of \$1,000.00 annually to support and encourage more women to study and work in engineering, thereby increasing the contributions of women to engineering and scientific endeavours. This scholarship is tenable at Memorial University of Newfoundland to female students regardless of age, with preference to those who are entering the Faculty of Engineering and Applied Science. However, female students already enrolled in Engineering studies may be eligible if in a given year an eligible entering student is not available. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

General Motors Scholarship in Engineering

This scholarship was established by General Motors of Canada Limited with contributions to the University's *Opportunity Fund Campaign*. Interest from the fund will provide a scholarship valued at a minimum of \$1,000.00 annually to support individuals who are first generation students in a family (immediate family) to enroll in Engineering. It will be awarded to a student in any term of the Bachelor of Engineering program at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

Gosine Family Scholarship in Technical Communications

This scholarship was established by a generous donation from the Gosine Family to reflect their long association with the University, and particularly with Memorial University of Newfoundland's Faculty of Engineering and Applied Science. Raymond F. Gosine completed the Diploma in Engineering at Memorial prior to completing his engineering degree at McGill University. As of the creation of this scholarship, Raymond G. Gosine (Raymond F. and Teresa's son) had completed his B. Eng. degree in 1986, and is Memorial's vice-president (research), *pro tempore* and a professor and former dean of Memorial's Faculty of Engineering and Applied Science; Philippa Gosine, their older granddaughter, completed her B. Eng. in 2015; Anna, their other granddaughter, is an Engineering student at Memorial; and their daughter-in-law, Jane Gosine, is a professor of Music at the University. Valued at a portion of the income on the

endowment, one or more scholarships will be awarded annually to students in the Faculty of Engineering and Applied Science whose written work, including co-op work term reports has shown significant improvement. The recipient(s) must meet the minimum academic requirements for a scholarship as defined by the University. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science

Halliburton Energy Services Scholarship in Mechanical Engineering

This fund, a gift to Memorial University of Newfoundland by Halliburton Energy Services via the *Opportunity Fund Campaign*, will provide a scholarship valued at approximately \$1,500.00 annually. It will be awarded on the basis of scholarship standing to a student in academic terms 5 or 6 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Hettie (Pelley) Hardy RN and Eric Hardy Entrance Award

This award was established by the friends and family of Hettie and Eric Hardy. Passionate about their family and education, Hettie and Eric were guardians of the heritage of outport living and believed strongly in the importance of community. Hettie was a member of the Salvation Army Grace Hospital School of Nursing Class of 1953 whose career included St. John's Sanatorium for TB, seniors care, obstetrics and volunteer for International Grenfell Association. Eric was an early technology pioneer who worked with wireless communication from his Marconi Company office on Signal Hill and other air and marine stations throughout Newfoundland and Labrador. Valued at \$300 this award will be granted annually on a rotating basis between the School of Nursing and the Faculty of Engineering and Applied Science to an undergraduate student entering the University from high school. The Nursing award will be granted to a student in the Bachelor of Nursing (Collaborative) program who is from a rural community in Newfoundland and Labrador. In cases where more than one suitable candidate is identified, special consideration will be given to those with demonstrated record of community service in their rural community, with preference to a student from Labrador. The recipient must meet the minimum academic requirements for an award. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the School of Nursing or the Dean of the Faculty of Engineering and Applied Science.

Heavy Civil Association of Newfoundland and Labrador Scholarship

This scholarship has been established by the Heavy Civil Association of Newfoundland and Labrador and is valued at \$1,000.00 annually. It will be awarded to a Civil Engineering student who has achieved scholarship standing and is in Term 6 of their program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Engineering and Applied Science.

Hebron Diversity Award

This award was created from a generous contribution from the Hebron Project. The Hebron Project co-venturers are ExxonMobil Canada Properties (operator), Chevron Canada, Suncor Energy, Statoil Canada and Nalcor Energy. Awards will be available to full-time or part-time students, enrolled at any campus of Memorial University of Newfoundland, who have aboriginal status, a disability, or who represent a visible minority. Students with a disability should provide supporting documentation (from a medical doctor, psychologist, audiologist, rehabilitation counselor, or other professional who has specific training, expertise, and experience in the diagnosis of this condition). Students will claim aboriginal and visible minority status through self-identification. Of those eligible students, further preference will be given to students who are majoring in engineering, the geosciences, environmental science or chemistry. Normally, at least one award will be granted in each designated area and where possible, at least one award will be granted to a student in his/her first year of study. For students at the St. John's or Grenfell Campus the awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the appropriate Department Head. For students at Marine Institute, the awards will be granted by the Marine Institute Scholarship Committee on the recommendation of the appropriate Department Head.

Hebron Women in Science and Engineering Scholarship

This scholarship program was created by a generous contribution from the Hebron Project. The Hebron Project co-venturers are ExxonMobil Canada Properties (operator), Chevron Canada, Suncor Energy, Statoil Canada and Nalcor Energy. Scholarships will be awarded to female students who are enrolled in full-time or part-time studies at any Campus of Memorial University of Newfoundland who are majoring in engineering, the geosciences, environmental science or chemistry. Preference will be given to students with demonstrated financial need. Where possible at least one scholarship will be awarded to a student in her first year of study. For students at the St. John's or Grenfell Campus the awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the appropriate Dean or Department Head. For students at the Marine Institute the awards will be granted by the Marine Institute Scholarship Committee on recommendation of the appropriate Department Head.

The Hibernia Project Scholarship

These scholarships, established by the Hibernia Management and Development Company Ltd. are tenable at Memorial University of Newfoundland and are valued at an amount determined by the annual income on the investment. They are awarded annually as follows:

- Four students entering Term 3 of the Faculty of Engineering and Applied Science with two awarded to male students and two awarded to female students.
- Two students entering Term 3 of the Faculty of Business Administration with one awarded to a male student and one awarded to a female student.

Candidates for these awards must be of scholarship standing but consideration may also be given to their financial circumstances. All candidates must be residents of Newfoundland and Labrador. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Deans, Faculty of Business Administration and Faculty of Engineering and Applied Science.

Honeywell Limited-Honeywell Limitée Scholarship

This scholarship, the gift of Honeywell Limited-Honeywell Limitée, is valued at the annual interest on the initial endowment. It will be awarded on the basis of scholarship standing to a student in Term 5 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Husky White Rose Extension Diversity Project Scholarship

This scholarship was established by a generous donation from Husky Energy to recognize the importance of a skilled and diverse workforce. Husky strongly supports economic development in Newfoundland and Labrador and believes that education is important in developing and sustaining a successful community. Husky is seeking to develop the pool of qualified diversity group members interested in pursuing careers in operational aspects of the oil and gas industry. Two scholarships, valued at \$2,500 each will be awarded annually to undergraduate students from the faculties of Earth Sciences, Engineering and/or Business. The scholarships will be awarded on a rotating basis, and each year the two recipients must be from different faculties. The recipients will identify as one or more of the following: female, aboriginal, person with a disability and/or member of a visible minority. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the recipient faculty.

IEEE Newfoundland and Labrador Section Term 4 Scholarship

This scholarship was established by an endowment from the Newfoundland and Labrador Section of IEEE (The Institute of Electrical and Electronics Engineers). It is valued at a portion of the annual interest accrued on the initial endowment and awarded annually to a full-time undergraduate student in Term 4 of the Electrical and Computer Engineering or Computer Engineering Programs at Memorial University of Newfoundland. The recipient must be an active student member of IEEE and be of scholarship standing as defined by the University. In addition to the student's academic achievement, contributions to the IEEE student branch will be considered. In this regard, candidates must submit a one page letter describing their IEEE involvement, their professional goals and their student activities in the areas of electrical and computer and/or computer engineering. A student may not hold the scholarship more than once. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science, acting on the advice of a special selection committee of the IEEE, Newfoundland and Labrador Section.

IEEE Scholarship

This scholarship was established by the members of the Newfoundland and Labrador section of IEEE (The Institute of Electrical and Electronics Engineers). This Scholarship has a value of \$1000. It is awarded annually to a full-time undergraduate student in Term 6 of the Electrical and Computer Engineering Program at Memorial University of Newfoundland. The recipient must be a student member of IEEE and possess scholarship standing as defined by the University. In addition to the student's academic achievement, contributions to the IEEE student branch will be considered. This Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science, acting on the advice of the IEEE Newfoundland and Labrador Section.

Integrated Informatics Award of Excellence

This award is established through a generous gift from Jason and Christa Humber, and will provide one award annually, valued at a portion of the income from the endowment. To be eligible, students must be senior engineering students enrolled in their final undergraduate year (Term 8) in the Offshore Oil and Gas option of the Faculty of Engineering & Applied Science at Memorial University of Newfoundland. The award will be given to a student who has achieved the highest total marks in offshore oil and gas courses in terms 6 and 7. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Dean, Faculty of Engineering & Applied Science.

Ian Ross Kerr Memorial Bursary in Engineering

This bursary was established in memory of Ian Ross Kerr (1966-2016) by his colleagues and friends at Brookfield Renewable Energy Partners and the Ontario Waterpower Association. Ian graduated from Memorial University of Newfoundland with a Bachelor of Engineering degree in 1990 and a Master of Business Administration in 1994. The bursary has been created in recognition of Ian's tremendous leadership, dedication and volunteer service. Valued at \$3,750 annually it will be awarded to a student in any year of study in the Bachelor of Engineering degree program. The recipient must meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland, as well as demonstrate financial need in accordance with the University's requirements. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Gene H. Kruger Memorial Scholarship

These scholarships are the result of a generous donation by Joseph Kruger II in memory of his father, Gene H. Kruger. Valued at a portion of the income on the investment, they will be awarded to two students in the Faculty of Engineering and Applied Science who were born and have lived in Newfoundland all of their life. Particular emphasis should be given to those who are studying Mechanical and Electrical Engineering as well as those studying information technologies. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and financial need on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Dr. Leonard Lye Award for Volunteer and Community Service

This scholarship, offered annually in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland is awarded, when merited, to a Term 8 engineering student. Recipient must meet scholarship standing and demonstrate an ongoing volunteer commitment (more than two years) to a community group external to Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Wallace Allison MacCallum Memorial Scholarship

This scholarship valued at the annual interest, was established by the MacCallum family in honour of their father, Wallace. It will be awarded to a third or fourth year Engineering student at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science. Factors such as, interest in the humanities and international affairs, marine technology, contribution to his/her engineering class, and athletic involvement may also be taken into consideration.

John Madvig Bursary

This bursary will be awarded annually to a student in the Faculty of Engineering and Applied Science who is studying in the Naval Architectural Engineering program at Memorial University of Newfoundland. The value of the bursary will be based on the annual interest earned on the initial endowment. It will be awarded to a Canadian citizen on the basis of academic standing and financial need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean of Engineering and Applied Science.

Professor Bill Milne Memorial Scholarship

The scholarship is established in memory of Professor William (Bill) Milne, the founder of the program now known as Ocean and Naval Architectural Engineering. This scholarship, valued at a portion of the income from the endowment, is the result of contributions by Ruth Milne and Prof. Milne's former students and colleagues. The scholarship recipients will be full-time undergraduate students enrolled in Term 4 of the Ocean and Naval Architectural Engineering program. Candidates must have maintained scholarship standing in Terms 1 to 3, and have demonstrated involvement in formal professional associations, such as the Society of Naval Architects and Marine Engineers. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Engineering & Applied Science.

Gwyn Morgan 'Be an Engineer' Bursary in Engineering

This bursary is made possible through a gift from The Gwyn Morgan and Patricia Trottier Foundation, for the purpose of enhancing Engineering Education across Canada. This bursary will be granted to a student entering their second year of study (Term 3) enrolled in any program in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland. The recipient must have demonstrated financial need as well as meet the minimum academic requirements for a bursary as defined by the University. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Morris Scholarship

This scholarship was established by the late Stephen Rupert (Sandy) Morris, and endowed by his son, Dr. Ian Morris, to honour his father's memory. Rupert was a sergeant in the 23rd Field Company of the Royal Canadian Engineers. This company of combat engineers saw action in Europe during WWII. Rupert served with the 23rd in Europe and survived the war. He returned to Newfoundland where he took over the family business and lived into his eighties. He never forgot that he had been a sapper. Valued at a portion of the income on the endowment, it will be awarded annually to a student in Term 3 at the Faculty of Engineering and Applied Science who meets the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland, with preference given to financial need. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

NACE International (Atlantic Canada Section) Prize

This prize has been established by the National Association of Corrosion Engineers and is valued initially at \$500.00 annually. It will be awarded to an Electrical or Mechanical Engineering student in Academic Term 5 in the engineering program at Memorial University of Newfoundland. The successful candidate must have demonstrated excellence in Engineering 3911 - Chemistry and Physics of Engineering Materials I. In addition, preference will be given to students who have completed and excelled in at least one work term related to corrosion engineering or has carried out a laboratory experiment or has performed research in corrosion and/or corrosion mitigation. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Engineering and Applied Science in consultation with the Atlantic Canada Section of NACE International. The successful candidate will be encouraged to join NACE International as a student member to encourage his or her interest in corrosion mitigation.

Nalcor Energy Women in Engineering Scholarship

The Nalcor Energy Women in Engineering Scholarship is endowed through a gift from Nalcor Energy. Valued at a portion of the income on the endowment and based on scholarship standing this scholarship will be awarded to a full-time undergraduate female student who graduated high school in Newfoundland and Labrador and is enrolled in the Engineering and Applied Science Program at the Academic Term 4 level. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon recommendation of the Dean, Faculty of Engineering and Applied Science.

Newfoundland and Labrador Hydro Corporation Scholarships in Engineering and Applied Science

These eight scholarships, offered annually by the Newfoundland and Labrador Hydro Corporation, are valued at \$1,000 each. The awards are tenable in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland and are distributed as follows: three to students enrolled in the Fall semester of Engineering One; three to students enrolled in the Winter semester of Engineering One; and two to students enrolled in Term 8. The scholarships will be awarded on the basis of scholarship standing to students who have graduated high school in Newfoundland and Labrador. Where possible, preference will be given to students who have demonstrated character and values of teamwork, open communication, leadership, dignity and respect. Preference can also be given to students who meet these criteria and have also demonstrated financial need. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Newfoundland and Labrador Federation of Municipalities Civil Engineering Scholarship

This scholarship, the gift of the Newfoundland and Labrador Federation of Municipalities, is valued at \$500.00. It will be awarded annually to a Civil Engineering student at Memorial University of Newfoundland. Financial need and other factors may also be taken into account. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

Newfoundland Design Associates Limited Scholarship in Engineering

This fund donated to Memorial University of Newfoundland via *The Opportunity Fund* by Newfoundland Design Associates Limited, will provide a scholarship for a full time undergraduate student in academic Term 2 of the Engineering Program. The scholarship, valued at the annual interest on the initial endowment, is based on scholarship standing and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

Noranda Scholarship

This scholarship valued at the annual interest, has been established by the Noranda Foundation as part of the Opportunity Fund campaign. It will be awarded on an annually rotating basis between students in Earth Sciences and Engineering and Applied Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean/Department Head of the appropriate discipline.

Bill O'Reilly Memorial Scholarship

This scholarship was established in memory of Bill O'Reilly (Engineering Class of 1976). Bill was the first of the class to go to work with the great engineer on the other side. He was universally liked and loved by all who knew him, and had one of the sharpest minds in the class. The class was honoured to establish this scholarship in his memory at the time of their 10 year reunion. It is valued at a portion of the income on the investment and is awarded annually to a student in Term 5 or Term 8 in the Faculty of Engineering and Applied Science. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean of Engineering and Applied Science.

Oil and Gas Week Scholarship

Valued at \$1,000 each, two undergraduate scholarships are provided by the organizers of Oil and Gas Week with the possibility of additional scholarships being funded by the sponsors of the event. Oil and Gas Week is a program of events held province wide every year for the purpose of promoting the oil and gas industry. To be eligible, students must be enrolled full-time beyond the first year of an undergraduate program in the Department of Earth Sciences, the Faculty of Engineering and Applied Science, or the Faculty of Business Administration. Eligible candidates must have scholarship standing and preference will be given to students who graduated from a high school in Newfoundland and Labrador outside of the metropolitan St. John's area. Each year the recipients must be from different faculties, with each identified academic unit to be represented no more than twice in the three year period of the term of the fund. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the appropriate academic discipline.

Fritz Potter Memorial Award

This award has been established in memory of Fritz Potter (Civil Engineering Graduate, 1991) and is valued at \$500.00. It will be awarded during the Winter semester and is intended for students enrolled in Term 8 of the Civil Engineering program. The criteria for selection will be on the basis of outstanding contribution to the spirit of the Civil Engineering graduating class over the course of their studies at Memorial University of Newfoundland. It will be administered by the Engineering Scholarship Committee which will accept recommendations from the Engineering Society Executive. The Engineering Society Executive should consult with Term 8 Civil Engineering class before arriving at their decision. If it is decided that two candidates are equally deserving of the award, then joint awards may be given valued at \$250.00 each. This award will be made by the Senate Committee on Undergraduate Scholarships,

Bursaries and Awards based upon a recommendation from the Faculty of Engineering.

Professional Engineers and Geoscientists Newfoundland and Labrador Engineering Scholarships

Two scholarships, the gifts of the Professional Engineers and Geoscientists Newfoundland and Labrador, are awarded annually to students entering the Engineering program. The awards are valued at \$1,000.00 each and will not be awarded to candidates holding other scholarships of greater value. One of the scholarships will be awarded on the basis of scholastic achievement and financial need; the other primarily on the basis of scholastic achievement. These scholarships will be awarded by a committee of the Professional Engineers and Geoscientists Newfoundland and Labrador. Further information regarding application forms, etc., is available from the Dean of Engineering and Applied Science.

Professional Engineers and Geoscientists Newfoundland and Labrador Past President's Engineering Scholarship

This scholarship, valued at a minimum of \$1,000.00, was established by the Professional Engineers and Geoscientists Newfoundland and Labrador to mark the centennial year of Engineering as an organized profession in Canada. It is awarded annually on the basis of scholastic achievement to a student entering the Fall semester of Engineering One of the Engineering program at Memorial University of Newfoundland. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, in consultation with the Dean of Engineering and PEGNL.

S.P. Raheja Memorial Scholarship

This scholarship, valued at a portion of the income from the endowment, was established through generous gifts from the friends and family members of S.P. Raheja. It is to be presented during National Co-operative Education Week and will rotate annually between the Faculty of Engineering and Applied Sciences and the Faculty of Business Administration. To be eligible, students must be in scholarship standing, and be enrolled in the Co-operative program, having successfully completed work term four in Engineering or work term two in Business in the previous scholarship year. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Dean and Co-operative Education Office of the Faculty of Engineering and Applied Sciences or the Faculty of Business Administration as appropriate.

Charlie Riggs and Cathy MacDonald Riggs Memorial Award

This award has been established in memory of Charlie Riggs (Bachelor of Engineering- Mechanical, 1988) and Cathy Macdonald Riggs (Bachelor of Science – Psychology, 1984) by AMEC Earth & Environmental (a division of AMEC Americas Limited). The award will be valued at a portion of the income on the endowment and will be awarded annually on a rotating basis between the Faculty of Engineering and Applied Science and the Department of Psychology. Recipients from Engineering can be enrolled in any year of the undergraduate program. Preference will be given to students involved in environmental organizations such as the Newfoundland Environmental Industry Association (NEIA) or environmental initiatives supported by the Professional Engineers and Geoscientists Newfoundland and Labrador (PEGNL). Recipients from Psychology must be undergraduate students majoring in Behavioural Neuroscience and beyond their second year of study. They may demonstrate an interest in the psychology or physiology of communication. The students must meet the minimum academic requirements for an award as defined by the university. The award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science and the Head of Psychology, Faculty of Science, respectively.

Rutter Inc. Scholarship - In Memory of Byron Dawe

This scholarship was originally established in 2003 by a donation from Rutter Inc. and renamed in 2012 in memory of Byron Dawe, M. Eng, one of the founders of Rutter's marine products business. Valued at a portion of the income on the investment, it will be awarded annually to a student in Term 4 of the Electrical Engineering program at Memorial University of Newfoundland. The recipient must meet the minimum academic requirements for a scholarship as defined by the University, however preference may be given to students with demonstrated financial need. All candidates must be residents of Newfoundland and Labrador (a person who has graduated from a high school in Newfoundland and Labrador). The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Paul Sacuta Scholarship

This scholarship was established by the Hibernia Management and Development Company Ltd. (HMDC) as operator and on behalf of the Hibernia Project, in memory of Paul Sacuta, former president of HMDC. Paul was a transformative leader who was admired by everyone who worked with him. His personal legacy will be the beautiful family he created with his wife Ros and his professional legacy will be the people he developed throughout his career. The scholarship is valued at a portion of the income on the endowment, and is available to full-time students enrolled in the Faculty of Engineering and Applied Science who meet the minimum academic requirements for a scholarship as defined by the University. In awarding this scholarship consideration will be given to candidates who have demonstrated leadership characteristics. All candidates must be residents of Newfoundland and Labrador, as defined by Memorial University of Newfoundland. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Schlumberger Canada Limited Scholarship for Engineering and Applied Science

This scholarship, valued at \$2,000 each for four student recipients, is generously funded by Schlumberger Canada Limited. In the Atlantic East Canada region, Schlumberger operates from ten sites, employs over 300 people and is an equal opportunity employer. The scholarship is available to full-time students who are enrolled in academic years two to four of the Bachelor of Engineering program (Civil, Mechanical, Electrical and Computer) at Memorial University of Newfoundland. The recipients must be residents of Newfoundland and Labrador and meet the minimum academic requirements for a scholarship as defined by the University. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

Shell Canada Engineering Scholarship

This fund a gift to Memorial University of Newfoundland by Shell Canada via *The Opportunity Fund* campaign, will provide three scholarships valued at approximately \$1,500.00 each annually. They will be awarded on the basis of scholarship standing to students in academic terms 5, 6, 7 or 8 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Charlie Sheppard Memorial - Hatch Scholarship

The Charlie Sheppard Memorial - Hatch Scholarship, valued at a portion of the income on the endowment, has been established by Hatch, in memory of Charlie Sheppard. The scholarship will be awarded to two full-time undergraduate students in the Faculty of Engineering and Applied Science who are in the Winter semester of Engineering One and have scholarship standing. All other criteria being equal, preference will be given to a student from a rural community in Newfoundland and Labrador. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Society of Newfoundland Radio Amateurs Electrical Engineering Scholarship

The Society of Newfoundland Radio Amateurs Electrical Engineering Scholarship was established in memory of deceased members, who cherished the Amateur Radio hobby and experienced the joy of fellowship and camaraderie. This scholarship was founded by a gift

from the state of Nathan G. Penney, Amateur Radio call sign VO1NP. Valued at a portion of the income from the investment, it will be awarded annually to a senior undergraduate student enrolled in the Electrical Engineering program of the Faculty of Engineering and Applied Science, who meets the academic requirements for a scholarship as defined by Memorial University of Newfoundland. Preference will be given to a student who has financial need and is not already in receipt of scholarship funding. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries, and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Structural Design Inc. Scholarship in Engineering

This scholarship is the result of a commitment to *The Opportunity Fund* by Structural Design Inc. It will provide one scholarship of \$500 to full-time students in Term 7 specializing in Structural Engineering. The scholarship, based on scholarship standing, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science. In the case of a tie between two students, need may be a determining factor.

Sun Life Financial Scholarship in Applications of Technology

The Sun Life Financial Scholarship in Applications of Technology is consistent with the company's belief that education is key to the future well-being of individuals, business and society. The scholarship, valued at the annual interest on the endowment, will be designated on an annually rotating basis to a student on the Corner Brook campus and the St. John's campus. It will be awarded to a student within the faculties of Science, Engineering and Applied Science and Business Administration who is focussing his/her studies on the application of technology and has demonstrated scholarship standing. In addition, the student will have actively participated in extra-curricular activities and have been active in student life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the appropriate Dean and/or the Vice-President of Grenfell Campus.

Sun Microsystems of Canada Scholarship

This fund, donated to Memorial University of Newfoundland via *The Opportunity Fund* by Sun Microsystems of Canada, will provide a scholarship for a full-time undergraduate student in Academic Term 5 of the Computer Engineering program. The scholarship, valued at the annual interest on the endowment, is based on scholarship standing and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

Suncor Energy Services Inc. Scholarship for Women in Engineering

These scholarships are made possible through a generous donation from Suncor Energy Inc. The scholarships will be awarded twice per year to students in Term 5 through 8 in any Engineering disciplines. Scholarships will be awarded on the basis of scholarship standing to female students who have graduated high school in Newfoundland and Labrador. Preference will be given to students who have demonstrated community involvement and an expressed interest in the Oil and Gas sector, including but not limited to work terms with Suncor. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

David S. Templeton Scholarship

These scholarships were created by a generous gift from Newfoundland Power Inc. Valued at a portion of the income on the endowment, two scholarships will be awarded annually, to one female and one male student, in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland who are entering Term 4 and who have completed all components of the program up to Term 4. Scholarship standing as defined by the University is a major criterion but should be coupled with exemplary work term results. In addition, the candidates should have strong interpersonal and communications skills as well as good understanding of the needs and aspirations of their fellow citizens and a desire to use engineering as a vehicle to make our world a better place. The scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Charles O. Thomas Scholarship

This scholarship is a gift of The Thomas Fuller Construction Company (1958) Limited, in memory of Mr. Charles O. Thomas, who was supervisor of construction of the National Research Council Institute for Marine Dynamics on this campus, 1982-85. The value of the award will be based upon the interest accrued on the principal sum donated, up to the amount of \$750.00. The award is made to the student in the Faculty of Engineering and Applied Science who obtains the highest overall average in Terms 3, 4, and 5 and who does not already hold a scholarship administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in that same academic year. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean of Engineering and Applied Science.

Bob Thorburn Memorial Scholarship

The Bob Thorburn Memorial Scholarship was initially established at Memorial University of Newfoundland during *The Opportunity Fund* through a gift from Quadrate Inc., and recently fully endowed by Quadrate Inc. This fund will provide a scholarship for a full-time undergraduate student in Academic Term 4 of the Engineering Program in either the Electrical and Computer or the Mechanical Engineering disciplines. The scholarship, valued at the annual interest on the endowment, is based on scholarship standing. Students demonstrating financial need may also be considered. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

Tiller Group of Companies/CSCE Newfoundland and Labrador Section Scholarship

This scholarship has been established as a result of the 25th anniversary of the Canadian Society for Civil Engineering's Newfoundland and Labrador Section. Tiller Engineering Inc. was founded in 2001 by Faculty of Engineering and Applied Science alumni Richard W. Tiller, M.Eng, B.Eng, P.H., Class of 1988. The firm is renowned for its commitment to quality and solid record of excellence in the telecommunications, buildings, and energy industries throughout North America. Mr. Tiller is a fellow of the CSCE and his engineering firm is also an Affiliate Corporate Member of the Society. Valued at \$500, this scholarship will be awarded annually on the basis of scholarship standing to an undergraduate student in Term 3 of the Civil Engineering discipline. The recipient of this scholarship may be offered a work term at Tiller Engineering Inc. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Toromont Scholarship

This scholarship, valued at the annual interest on the endowment, has been established by Toromont Industries Ltd. as part of the *Opportunity Fund Campaign*. It will be awarded on an annually rotating basis between students in Business Administration and Engineering and Applied Science. It will be awarded on the basis of scholarship standing, extracurricular activities, and need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean of the appropriate discipline.

Undergraduate Award in Professional Studies

The Undergraduate Award in Professional Studies was established by Mr. Alan Rowe (B.Comm. '78) through a generous donation to the *Dare To Campaign*. Eligible candidates must be Aboriginal students from Labrador or the Territories of Canada who are enrolled full-time in the entrance year of an undergraduate professional program. Two new recipients will be selected each year on a rotating basis, between the Faculties of Business Administration, Engineering and Applied Science, Medicine, Education and the Schools of Nursing,

Pharmacy, and Social Work. The award is valued at \$2,500 per year and is renewable for up to three additional years (four years in total) if the recipient continues to be enrolled full-time in an undergraduate professional program and maintains clear academic standing as defined by Memorial University of Newfoundland. If a successful candidate entering a professional program is not identified in the discipline on rotation in a given year, an eligible student from one of the other disciplines may be selected. If no eligible student is identified from the entering year of any professional program, then the award may be given to a student beyond entrance level in a professional program. Preference will be given to students who have demonstrated financial need. The award is granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Aboriginal Resource Office as needed.

Vale Scholarships in Process Engineering

These eight scholarships, valued at \$1,000.00 each, are generously funded by Vale. They will be available to students who are enrolled in academic years 2 to 4 of the Bachelor of Engineering program, majoring in process Engineering at Memorial University of Newfoundland. Students must have scholarship standing and be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the Province for a minimum of twelve months immediately prior to entering academic term one of the program). They will be awarded as follows: two in term three (one male and one female), two in term four (one male and one female), and one each for terms five through eight. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

Verafin Entrance Scholarship in Engineering

Three annually funded scholarships valued at \$1,500 each are made possible through a generous donation from Verafin. These entrance scholarships aim to encourage high school graduates in Newfoundland and Labrador to pursue careers in Engineering. These scholarships will be awarded annually to students who have scholarship standing and are entering the Fall Semester of Engineering One of the Faculty of Engineering and Applied Science at Memorial University of Newfoundland. Preference will be to award one scholarship per school to a student from Crescent Collegiate, Heritage Collegiate and any high school in the Eastern Region of the Newfoundland and Labrador English School District. If there are no qualified candidates from these high schools, students who have graduated from any high school in Newfoundland and Labrador will be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Jacques Whitford Newfoundland Geoscience Scholarship

This scholarship, valued at the annual interest on their endowment, has been established by Jacques Whitford Environment Limited and Newfoundland Geosciences Limited as a contribution to the *Opportunity Fund Campaign*. It will be awarded on an annually rotating basis to students in the Faculty of Engineering and Applied Science (particularly Civil Engineering), the Faculty of Science (particularly Biological Sciences) and Archaeology. Successful candidates are to be of scholarship standing and preferably show an interest in environmental issues. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean/Director/Department Head of the appropriate discipline.

Women in Engineering Memorial Scholarship

This scholarship has been established to commemorate the sudden and tragic deaths of fourteen women at L'Ecole Polytechnique in Montreal on December 6, 1989. Thirteen of the women who died so violently were pursuing studies in engineering, historically a non-traditional field for women. It is hoped this annual \$2,500.00 scholarship will encourage more women to study and work in this profession, thereby increasing the contribution of women to engineering and scientific endeavours. Funding support is provided by the Faculty of Engineering & Applied Science, C-CORE, Memorial University of Newfoundland Alumni Association and individual contributions. This award is tenable at Memorial University of Newfoundland to female students regardless of age, who are entering the Faculty of Engineering and Applied Science. To be eligible, applicants must demonstrate a commitment to the advancement of women in Engineering fields and an active involvement in wider issues of social concern to women, as well as sound scholastic ability. The committee may also consider applications from female students already enrolled in Engineering studies, provided they meet the eligibility criteria above. A special committee, consisting of representatives from the Faculty of Engineering and Applied Science, C-CORE, Memorial University of Newfoundland's Alumni Association, Gender Studies and Women in Science and Engineering meets annually to consider applications for this scholarship. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of this committee.

Howell Zygocki Scholarship for Women in Engineering

This scholarship was established by Rhonda J. Zygocki in the name of her family. Rhonda graduated from Memorial University of Newfoundland in 1980 with a degree in Civil Engineering and was among the University's early female engineering graduates. This scholarship is valued at a portion of the income from the endowment and will be awarded annually. The recipient will be a second year female student in the Faculty of Engineering and Applied Science. Preference will be given to a student who has demonstrated financial need. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

5.5 Faculty of Humanities and Social Sciences

The following are available to Faculty of Humanities and Social Sciences students based on a recommendation from the Dean, Faculty of Humanities and Social Sciences or the appropriate Director or Department Head.

The Atreya-Haritha Scholarship in Mathematics

This scholarship is the result of a generous donation by Dr. K.R. and Nandinin Kothandaraman. Valued at \$1000 annually, it will be awarded on the basis of scholarship standing to a full-time student, either a senior level undergraduate or a graduate student in Mathematics and/or Statistics. In the case of an undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Mathematics and Statistics. In the case of a graduate student, it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the head, Department of Mathematics and Statistics.

Edna Baird-Stephenson Scholarship in Gender Studies

This scholarship, valued at \$500.00, has been established by the Memorial University of Newfoundland Alumni Association, through its Annual Fund. It honours distinguished alumna Edna Baird-Stephenson, B.A., B.H.S., one of the first female graduates of Memorial University College and long-time employee of Memorial University of Newfoundland, now retired. The scholarship is open to full or part-time students enrolled in the Gender Studies Program at Memorial University of Newfoundland who have successfully completed a minimum of 21 credit hours in two of the three semesters in the previous scholarship year and achieved a minimum 75% average at the end of those two semesters. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on a recommendation from the Head, Department of Gender Studies.

E.A. Bishop (1889-1953) Memorial Scholarship

This scholarship, established to honour the memory of E.A. Bishop, a teacher in Newfoundland and Labrador, is the result of a generous donation to Memorial University of Newfoundland by his son, John. Interest on the fund will provide a scholarship to full-time

undergraduate students after completion of their first year at Memorial University of Newfoundland who are dependants of teachers in the public school system of Newfoundland and Labrador. Applicants must be students in the Faculties of Humanities and Social Sciences or Science and be of scholarship standing. The scholarship is valued at approximately two semesters tuition for five courses. If, in any year, there is no eligible candidate, the scholarship will not be awarded; however, a student may be awarded the scholarship more than once. An application is required which is available at the Scholarships and Awards Office website at www.mun.ca/scholarships.

Bishop Spencer College Alumni Association Bursary

This bursary was established by the Bishop Spencer College Alumni Association. The bursary will be valued at a portion of the income from the endowment and will be awarded annually to a female student who is enrolled in the fourth year of any undergraduate degree program in the Faculty of Humanities and Social Sciences. The recipient must meet the minimum academic and financial requirements for a bursary as defined by the University. The Bursary will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Humanities and Social Sciences.

Dr. Jim Black Award in Linguistics

This prize, valued at \$250, is made possible through an annual donation from Jim Black, a retired faculty member in the Department of Linguistics. It will be awarded to a first or second year student who receives the highest combined marks in both Linguistics 1103 or the former Linguistics 2103 and Linguistics 1104 or the former Linguistics 2104 within the same academic year. Dr. Ian A. Brookes Undergraduate Field Research Award in Geography

This award has been established through a generous bequest from Dr. Ian A. Brookes, much of whose research, beginning in 1963, focused on the geomorphology of Newfoundland, and who was a Visiting Associate Professor in the Department of Geography at Memorial University of Newfoundland in 1981. The Award, valued at a portion of the income on the endowment, will create an annual amount from which individuals or teams of undergraduate students may apply for allotments to support field research as part of their degree requirements. In cases which a student conducts this field research attached to the research work of a faculty member or other student (of Memorial University of Newfoundland or another institution), funds granted shall be applied only to the expenses incurred by the grantee, not to the expenses normally charged to a faculty member's (or other student's) research grant. Thus, in cases where travel, accommodation, food, is shared, and where other sources of research support are lacking, a reasonable fraction of the total expenses incurred during the field research may be covered under the allowable expenses of the award. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation by the Head, Department of Geography.

This award was initiated by the M.D. Class of 1986 in memory of a classmate who was tragically killed in a skidoo accident in the Spring of 1986. Valued at a portion of the income on the endowment, it will be awarded annually to a graduating student of the Doctor of Medicine degree program. The student will be selected by classmates and judged as follows: the student who best exemplified the characteristics of leadership, friendliness, good humor, care and concern for fellow students and patients. Preference, when possible, will be given to students from Labrador. The student will be nominated by classmates and recommended on the basis of a majority vote. Selection will take place after completion of the fourth year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. Angus J. Neary Bursary Endowment Fund

This bursary was established by a generous bequest from Dr. Angus J. Neary, a kind and attentive doctor, a learned and brilliant surgeon. Dr. Neary believed in the importance of seeing patients as whole people and he nurtured the patient-practitioner relationship to offer personalized, collaborative care. He was curious about people, their life and their circumstances and integrated that knowledge in their plans for care. Dr. Neary was also a consummate scholar with an endless thirst for learning about medicine and people, remaining current in his field even years after his retirement from the profession. Valued at a portion of the income on the endowment, it will be awarded annually to students enrolled in the Doctor of Medicine degree program who have graduated from a high school in Newfoundland and Labrador. The recipient must have demonstrated financial need as well as meet the academic requirements for a bursary as defined by Memorial University of Newfoundland. This bursary is renewable for 3 additional years (4 in total) if bursary standing is maintained and the student continues full-time enrollment in the Doctor of Medicine degree program. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. Angus J. Neary Surgery Scholarship

This scholarship was established by a generous bequest from Dr. Angus J. Neary, a kind and attentive doctor, a learned and brilliant surgeon. Dr. Neary believed in the importance of seeing patients as whole people and he nurtured the patient-practitioner relationship to offer personalized, collaborative care. He was curious about people, their life and their circumstances and integrated that knowledge in their plans for care. Dr. Neary was also a consummate scholar with an endless thirst for learning about medicine and people, remaining current in his field even years after his retirement from the profession. Valued at a portion of the income on the endowment, it will be awarded annually to a student based on excellence in the surgical rotations (core and selective) during the third and fourth years of the Doctor of Medicine degree program. To be eligible for this award, the student must have a confirmed surgery residency placement. The recipient must be in the fourth year of this program and meet the minimum academic requirements for a scholarship. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. Châu Nguyễn Bursary in Infectious Diseases

This bursary was established through donations from family, friends, colleagues and the widow of Dr. Châu Nguyễn. Dr. Nguyễn

practiced as a clinical infectious disease specialist in St. John's for 10 years and was known for his commitment to his patients and to teaching. He was born in Huê, Central Vietnam, became one of "the Vietnamese boat people" and arrived in Canada in 1975. While studying internal medicine at the University of Toronto, Dr. Nguyễn developed a lifelong passion for clinical infectious diseases and tropical medicine. He was an assistant professor with the Faculty of Medicine, Memorial University of Newfoundland and an adult infectious disease specialist at the Health Sciences Centre. Valued at a portion of the income on the endowment, the bursary will be awarded annually to either a student in the undergraduate medical education program or a resident in the postgraduate residency program who is taking a national or an international elective in infectious diseases. The elective must satisfy the Faculty of Medicine requirements in order to be eligible. Applicants must show interest in and a passion for a career in infectious diseases. The recipient must have demonstrated financial need. Undergraduate student recipients must also meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards or by the Office of Postgraduate Medical Education on the basis of a recommendation from the Chair of Medicine and with the approval of the Dean of Medicine.

It is awarded annually to a third-year student in the Faculty of Medicine at Memorial University of Newfoundland, whose special interest lies in the area of Obstetrics and Gynecology. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Dean of Medicine and a Faculty Selection Committee.

Marion Grace Holland Outerbridge Entrance Bursary

This bursary was established by a generous donation from Ms. Sharon Gray to honour the life of her Aunt Marion (Marni) Grace Holland Outerbridge (July 1, 1930 - May 15, 1985). Marion completed her training as a nurse at the Women's College Hospital in Toronto in 1952 and moved to St. John's, Newfoundland, following her marriage November 28, 1953, to Peter Outerbridge of St. John's. Marion strongly believed in medical education for women and the opportunity for nurses to advance in the medical profession. Valued at a portion of the income on the endowment, it will be awarded annually to a student entering the undergraduate medical education program who has completed a degree in nursing. The recipient must have demonstrated financial need as well as meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Pathology Prize

This prize is awarded by the Pathology Department to the second-year student in the Faculty of Medicine whose performance in the General and Systems Pathology courses is considered by the members of the Discipline of Pathology to be most distinguished. The prize was initiated in 1984 by the members of the Discipline in recognition of the distinguished contributions by Dr. S.N. Huang, a previous Chairman of the Discipline, to Pathology and to medical education at Memorial University of Newfoundland. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Awards, Bursaries and Scholarships.

Nathan Goff Penney and Grace Roasmunde Penney Scholarship

This scholarship was established by a gift from the estate of Nathan Penney as a measure of his gratitude to the Faculty of Medicine for the care given to his wife, Grace. Valued at a portion of the income on investment, it will be awarded annually to a student enrolled in the Doctor of Medicine degree program who meets the academic requirements for a scholarship as defined by the Faculty of Medicine, Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

William and Frances Pound Scholarship

This scholarship is the result of a donation to the *Opportunity Fund* by Alumnus, Dr. Bernard Kai Fai So of Hong Kong. It is in recognition of the kindness and generosity shown to Dr. So by Mr. And Mrs. Pound during his years as a student at Memorial University of Newfoundland. Valued at a portion of the income on the endowment, it will be awarded annually to a student in the Doctor of Medicine degree program on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. Calvin N. Powell Bursary in Medicine

This bursary, which was established by Dr. Powell, is valued at \$1,000.00. It will be awarded annually to a student entering the third or fourth year of medical studies at Memorial University of Newfoundland on the basis of scholarship standing and demonstrated financial need. The recipient will hold no other concurrent award. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Awards and Bursaries.

Dr. Harry Roberts Scholarship in Medicine

This scholarship has been established through generous gifts from Elizabeth Drugs Limited and the family of the late Dr. Harry Roberts, a graduate of Memorial University College in 1931 and an early and ardent promoter of the medical school. This scholarship will be valued at a portion of the income on the endowment and will be awarded annually. In recognition of the contribution made to the community and to the medical profession by Dr. H.D. Roberts, the scholarship will be awarded upon completion of the Doctor of Medicine degree program to a student that has a strong academic record. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. J.B. Roberts Memorial Scholarship

Friends and colleagues of the late Dr. J.B. Roberts have established this scholarship in his memory. It will be awarded annually to a medical student for the most outstanding performance in second year clinical skills. The value of this scholarship will be determined by the annual income derived from the initial endowment. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Medicine.

Ryan Scholarship

This scholarship, established by Helen Ryan in memory of family members, Mary B.H., Thomas Sr., Thomas Jr. and Mary, is valued at a portion of the accrued interest on an endowment. Based on scholarship standing and financial need it will be awarded annually to a student in the Faculty of Medicine. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Medicine.

Dr. Robert B. Salter Award

This scholarship was made available by Dr. Robert B. Salter, former Professor and Head of Orthopedic Surgery at the University of Toronto. The scholarship has been established as the result of Dr. Salter's long association with the Grenfell Medical Mission of Northern Newfoundland and Labrador as well as his continuing academic interest in the Faculty of Medicine of Memorial University of

Newfoundland. Valued at a portion of the income on the endowment, it is to be awarded annually to a student, who, in the third year of the Doctor of Medicine program, in the opinion of the Faculty, has best exemplified the qualities of personal compassion and kindness toward patients – qualities that characterized the life of the late Sir Wilfred Grenfell. Preference will be given to students born in Newfoundland and Labrador. The recipient will be in the fourth year of this program and meet the minimum academic requirements for an award. The award is made by the Senate Committee on Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Layton and Thelma Smallwood Bursary in Medicine

The Layton and Thelma Smallwood Bursary in Medicine is endowed through a gift from the Smallwood Family (Cathy, Ray, Melissa, Amanda and Matthew). Layton and Thelma came from a modest background and grew up in rural Prince Edward Island. They were exceptionally hard workers and very generous members of their community. They believed that personal development through formal education, as well as the general acquisition of knowledge through informal means were critical to an individual's success and the attainment of many personal goals. Layton and Thelma Smallwood had a granddaughter who studied in the Faculty of Medicine, Memorial University of Newfoundland and it is therefore appropriate that their generosity and belief in education be honoured with a bursary in their name. Valued at a portion of the income on the endowment, the bursary will be awarded annually to a student who has completed either first or second year in the Doctor of Medicine degree program. The recipient must have demonstrated financial need and meet the minimum academic requirements for a bursary as defined by the University. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Studentship in Physician and Medical Student Health and Well-Being

The Studentship in Physician and Medical Student Health and Well-Being will provide an opportunity for a minimum of one month academic experience to research and conduct a project on some aspect of Physician Wellness in Medicine. The project may include scholarly research; program evaluation related to health and well-being in the medical profession; or the creation of literature or other art inspired by this theme. It will result in the creation of a deliverable outcome that may be suitable for peer review and presentation at a medical education meeting, conference, and/or suitable for submission for publication. An opportunity will be provided to the donor for viewing the output. Valued at \$3,000, it is open to all undergraduate medical students. Application forms are to be submitted to the Faculty of Medicine's Office of Student Affairs. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Team 1984 Award in Autism Education and Research

This award was established by donations from the Faculty of Medicine Class of 1984 and friends. Initiated by the fundraising efforts of Dr. Peter Bartlett and Dr. Richard Hu, the award aims to forward education and research in the area of Autism Spectrum Disorder and associated cognitive development. Valued at a portion of the income on the endowment, it will be awarded annually to a student in the Doctor of Medicine program who has a demonstrated interest in education or research in the area of Autism Spectrum Disorder or associated cognitive development. The recipient must meet the minimum academic requirements for an award. Applications are available from the Student Affairs Office, Faculty of Medicine. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Undergraduate Award in Professional Studies

The Undergraduate Award in Professional Studies was established by Mr. Alan Rowe (B.Comm. '78) through a generous donation to the *Dare To Campaign*. Eligible candidates must be Aboriginal students from Labrador or the Territories of Canada who are enrolled full-time in the entrance year of an undergraduate professional program. Two new recipients will be selected each year on a rotating basis, between the Faculties of Business Administration, Engineering and Applied Science, Medicine, Education and the Schools of Nursing, Pharmacy, and Social Work. The award is valued at \$2,500 per year and is renewable for up to three additional years (four years in total) if the recipient continues to be enrolled full-time in an undergraduate professional program and maintains clear academic standing as defined by Memorial University of Newfoundland. If a successful candidate entering a professional program is not identified in the discipline on rotation in a given year, an eligible student from one of the other disciplines may be selected. If no eligible student is identified from the entering year of any professional program, then the award may be given to a student beyond entrance level in a professional program. Preference will be given to students who have demonstrated financial need. The award is granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Aboriginal Resource Office as needed.

Darshan (Beeji) Wadhwa Memorial Scholarship in Medicine

This scholarship was established by generous donations from family to cherish and honour the memory of Darshan (Beeji) Wadhwa. Born in India in 1914, Beeji could only attend primary schooling but that was enough for her to appreciate the value of education. She became the driving force for professional education of all her children and her grandchildren. This scholarship is established by the family for her unwavering commitment to support academic excellence. Valued at a portion of the income of the endowment, it will be awarded annually to a student entering the first year of the Doctor of Medicine degree program. The recipient must demonstrate a strong academic background as well as meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Morris and Graham Wilansky Memorial Scholarship

This scholarship was established by a generous donation from the family and friends of Morris and Graham Wilansky, in their memory. Valued at a portion of the income on the endowment, it will be awarded annually to a student enrolled in the Doctor of Medicine degree program. The recipient would have demonstrated overall excellence as a medical scholar, communicator and collaborator and must meet the minimum academic requirements for the scholarship. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Dr. Robert W. Young Scholarship

This scholarship was established by a donation from the College of Physicians and Surgeons of Newfoundland and Labrador to honour Dr. Robert W. Young for his many years of service as Registrar with the College. Dr. Young served the College for thirty-eight years with an unwavering commitment to professional, compassionate, ethical, thoughtful and fair patient care for Newfoundlanders and Labradorians. Valued at a portion of the income on the endowment, it will be awarded annually to a student in the fourth year of the Doctor of Medicine program. To be considered for this scholarship, students would have been nominated by a faculty member. This nomination would demonstrate that the student exemplifies the characteristics of Dr. Young noted above. Selection will be based on the strength of the nomination and academic standing. Nominations are to be submitted to the Office of Student Affairs by September of the students' fourth year of the program. The recipient must meet the minimum academic requirements for a scholarship. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards.

Howley Research Professor from 1968 to 1977 and Professor Emeritus, 1978. It is awarded annually to an undergraduate student majoring in Earth Sciences. The award will be based upon scholarship standing but, in recognition of other concerns held as particularly important by Dr. Bruckner, financial need and qualities of character will also be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

Bruton Scholarship Fund

Dr. F.A. Bruton, friend and colleague of J.L. Paton, taught Nature Study to teachers in three successive Memorial University College summer schools, from 1926-28, at Paton's request. At his death in 1930, Dr. Bruton made a bequest to the College from which two Bruton Scholarships are awarded. These scholarships, valued at \$500.00 each, are awarded annually to students who have demonstrated interest in Plant Biology. One award will be available to a student majoring in Biology whose special interest is in the field of Plant Biology. The second award will be available to an Education student whose main area of interest is in the teaching of science, in particular, plant biology. In the absence of a suitable candidate from the one department, two awards may be made by the other department in accordance with the above conditions. Academic ability and financial need will be taken into consideration in making these awards. They will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the department concerned.

Buchans Scholarship Fund of ASARCO Incorporated

ASARCO Incorporated has established a scholarship fund, the annual interest on which will provide for students enrolled in the Department of Earth Sciences, Memorial University of Newfoundland, either a scholarship for post-graduate study and research, valued at \$5000.00; or two scholarships for undergraduate study, valued at \$500.00 each. The latter scholarships will be available only when no suitable candidate can be found for the former. In order to qualify for these awards, students must be native-born Newfoundlanders or graduates of Newfoundland high schools. In the case of the graduate scholarship, the award will be made by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences; in the case of the undergraduate scholarships, by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences. Should no candidates be available in any year, the awards may be held over.

Dr. John Burry Memorial Scholarship

This scholarship was established through gifts from family, friends and colleagues to honour the memory of Dr. John Burry and to recognize excellence in mathematics. Dr. Burry served the Department of Mathematics and Statistics at Memorial University of Newfoundland for 42 years, including two terms as Head. Valued at a portion of the income on the endowment, it will be awarded annually to a student beyond their second year of study majoring in Mathematics. Preference will be given to students enrolled in the Honours degree program in Pure or Applied Mathematics. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

Canadian Institute of Mining, Metallurgy and Petroleum (Newfoundland Branch) Silver Jubilee Scholarship

This scholarship, valued at a portion of the income on the endowment, is available to students in the final or penultimate year in Earth Sciences at Memorial University of Newfoundland. Scholarship standing is the principal requirement governing the scholarship but preference will be given to a student who displays outstanding character and has demonstrated financial need. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Head of the Department of Earth Sciences.

Canadian Society for Chemistry 1996 Conference and Exhibition Scholarship

This scholarship, valued at the annual interest on the initial endowment, was established in recognition of the efforts of the Organizing

Committee and the over 100 volunteers for the 1996 Canadian Society of Chemistry Conference which was hosted by Memorial University of Newfoundland. This scholarship will be awarded annually to a student in Chemistry based on the results of the National CIC Chemistry examinations or its successors. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Chemistry.

Cheng Memorial Scholarship in Mathematics

Established by their children, this scholarship was created to honour the life and memory of Mr. Wan Choi Cheng and Mrs. Yen Bo Cheng who were firm believers in the value of education and encouraged their children to pursue a university degree. The scholarship will be awarded annually to a full-time student majoring in mathematics who meets the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

Chevron Canada Ltd. Endowed Scholarships in Business, Earth Sciences, Economics and Engineering

These scholarships, valued at a portion of the income from the endowment, will be awarded starting in 2011 to full-time students enrolled in at least their second year of Engineering and Applied Science, Earth Sciences, Business or Economics; in a given year, it is anticipated that students from all four faculties will be represented. Selection will be based on scholarship standing as well as expression of interest in potential employment in the oil and gas industry, and signaling of career location mobility. Level of service to community, or leadership will also be considered. Students may receive the scholarship in more than one year. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the: Dean, Faculty of Engineering and Applied Science; Head, Department of Earth Sciences; Dean, Faculty of Business Administration; and Head, Department of Economics.

Chevron Canada Ltd. Term Scholarships in Business, Earth Sciences, Economics and Engineering

These scholarships, valued at \$4,000, will be awarded to full-time students enrolled at least their second year of Engineering and Applied Science, Earth Sciences, Business or Economics; in a given year, it is anticipated that students from all four faculties will be represented. Selection will be based on scholarship standing as well as expression of interest in potential employment in the oil and gas industry, and signaling of career location mobility. Level of service to community, or leadership will also be considered. Students may receive the scholarship in more than one year. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the: Dean, Faculty of Engineering and Applied Science; Head, Department of Earth Sciences; Dean, Faculty of Business Administration; and Head, Department of Economics.

Chevron Canada Resources Scholarship in Geology and Geophysics

This scholarship, valued at a portion of the annual income on an endowment created at Memorial University of Newfoundland by Chevron Canada Resources, will be awarded annually to an undergraduate 3rd or 4th year student studying Geology or Geophysics in the Department of Earth Sciences. It will be awarded on the basis of scholastic standing and financial need to a student who graduated from a high school in Newfoundland and Labrador. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

Churchill Falls (Labrador) Corporation Limited Science Scholarship

These scholarships valued at approximately \$2,500.00 each annually, are the result of an endowment to The Opportunity Fund by the Churchill Falls (Labrador) Corporation Limited. They will be awarded to second year students or beyond entering the Faculty of Science. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Science. All else being equal, preference will be given to students from Labrador.

Collip Prize in Biochemistry

The Collip Prize in Biochemistry was established by an anonymous donor. It is named for James Bertram Collip, the Canadian Biochemist whose experimental expertise was key to obtaining pancreatic extracts pure enough for clinical trials on diabetic humans in 1922. Valued at \$500, this prize is to be awarded in May or as soon as possible after the end of the Winter semester to a full-time undergraduate student, who obtains the best combined marks in the required third year biochemistry courses, all completed in that academic year. Only students who are declared majors in the Biochemistry program at the conclusion of classes in the Winter semester are eligible for this award. It will be awarded by the Senate Committee on the Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Head, Department of Biochemistry.

Captain James Cook Memorial Scholarship

A fund was established in 1979 by members of the Department of Geography to honour the memory of Captain James Cook (1728-79), explorer, navigator and cartographer, whose years of painstaking mapping of the coasts of Newfoundland and Labrador laid the basis for a comprehensive and scientific knowledge of the geography of the province. One or more scholarships, valued at not less than \$600.00, will be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Department of Geography to a student or students demonstrating particular merit in Geography.

Dr. Douglas L. Cooper Memorial Scholarship

This scholarship fund has been established in honour of Dr. Cooper who was the first department head of Chemistry at Memorial University of Newfoundland. The fund will provide several scholarships valued at a minimum of \$1,500.00 each annually. They will be awarded to Chemistry students entering their third year of a Bachelor of Chemistry program (General or Honours). If there are not enough eligible third year students in a given year, it will be open to those in their fourth year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Chemistry.

Ernst R. Deutsch Memorial Scholarship in Geophysics

This scholarship is named in honour of Dr. Deutsch, a long-time faculty member at Memorial University of Newfoundland who passed away in 2000. Valued at a portion of the income on the investment the scholarship will be awarded annually to a senior undergraduate student in the Earth Sciences (or related field of Physics) whose concentration is Geophysics. If there is no qualified undergraduate student, the scholarship will be awarded to a full-time graduate student in Earth Sciences who has received an undergraduate degree from Memorial University of Newfoundland and whose area of concentration is Geophysics. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Earth Sciences in the case of an undergraduate student; in the case of a Graduate Student it will be awarded by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences.

Eastern Newfoundland Science and Technology Fair Scholarship

This scholarship was established through combined gifts from alumni and friends of the Faculty of Science. Valued at a portion of the income on the endowment, it will be offered annually to the senior winner of "Best of Fair" in the Eastern Newfoundland Science and Technology Fair and will be awarded upon registration at Memorial University of Newfoundland. This scholarship will provide the recipient with full-time tuition for two semesters in an academic program in the Faculty of Science. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Science.

Faculty of Science Opportunity Fund Scholarship

This scholarship is the result of an endowment created from several general donations to the *Opportunity Fund* by various alumni and friends of the University and in particular of the Faculty of Science. Valued at the annual interest on the endowment, it will be awarded annually to a student beyond first year in the Faculty of Science at Memorial University of Newfoundland on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Science.

Dr. Richard Douglas Fagan Memorial Scholarship in Biochemistry

The Dr. Richard Douglas Fagan Memorial Scholarship in Biochemistry was established by Dr. Andrew Fagan in memory of his brother, Dr. Richard Douglas Fagan, both of whom graduated from Memorial University of Newfoundland with a degree in Biochemistry (Honours) prior to going on to complete their medical studies at Memorial University of Newfoundland. Richard was a compassionate, caring, and courageous young man who had an enormous capacity for learning and a deep passion for adventure and living life to the fullest. Valued at a portion of the income on the endowment, this scholarship will be awarded annually to a Biochemistry major in the final year of undergraduate studies. To be eligible, candidates must have scholarship standing as defined by Memorial University of Newfoundland, with preference given to students at or near the top of their class in academic performance, and who demonstrate innovative or creative thinking in the judgment of the Department of Biochemistry. Preference may also be given to students who graduated from a high school in Newfoundland and Labrador. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biochemistry.

Dr. L.A.W. Feltham Scholarship

This scholarship began with fundraising within the Biochemistry Department during the 1996 *Opportunity Fund Campaign*. It is named for Dr. Feltham, the founding head of the department. The interest on the endowment will provide a scholarship for a student in the B.Sc. Program in Biochemistry. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards to a student beyond second year on the basis of scholarship standing and a recommendation from the Head, Department of Biochemistry.

Daniel Freeman Memorial Scholarship

This scholarship was established from the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at a portion of the accrued interest, will be awarded annually, on a rotating basis, to students enrolled in either Engineering or Mathematics. Preference will be given to candidates with disabilities with consideration given to quality of character and overall perseverance. If a successful candidate is not recommended by the discipline on rotation in a given year an eligible student from the other discipline may be awarded the scholarship for that year. If no candidates are available from the first group any student enrolled in either Engineering or Mathematics (discipline to be determined by the rotation schedule in a given year) will be considered. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering or the Head, Department of Mathematics and Statistics.

Dr. Patricia Giovannetti Memorial Bursary

The Newfoundland and Labrador College of Dietitians sponsors this Bursary of \$600.00 awarded annually to a student completing the second year of the Dietetics program in the Department of Biochemistry at Memorial University of Newfoundland and who is attending Acadia University the following year. The scholarship will be awarded on the basis of scholastic standing and financial need, to a student who is planning to enter a dietetic internship program upon graduation. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Biochemistry Department.

Samuel, Millicent and Thomas Grandy Memorial Scholarship

This scholarship, established in 1998 by the Grandy Family to honour the memory of their parents, will be valued at a portion of the annual accrued interest on the initial endowment. It will be awarded on the basis of scholarship standing and demonstrated aptitude and potential in the science of computing to an undergraduate student beyond first year in full time study of the Computer Science program (declared major for B.Sc.) at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Computer Science.

Greystone Managed Investments Scholarship

This scholarship, valued at a portion of the income on the investment, is made possible by a generous contribution from Greystone Managed Investments. This scholarship will be awarded, to an undergraduate student beyond first year, on a rotating basis between the Faculty of Science and the Faculty of Humanities and Social Sciences. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the Faculty on rotation.

Douglas and Beatrice Hall Biochemistry Bursary

This bursary was established by the employees in the Department of Biochemistry in memory of two dedicated past members of the Department. Valued at a portion of the income on the endowment, it will be awarded annually to a student who is enrolled in the third year (that is, normally enrolled in majors' courses at the 3000 level) of any Biochemistry undergraduate degree program in the Faculty of Science. The recipient must meet the minimum academic and financial requirements for a bursary as defined by the university and not be in receipt of any other scholarships or bursaries. The Bursary will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biochemistry.

Hebron Diversity Award

This award was created from a generous contribution from the Hebron Project. The Hebron Project co-venturers are ExxonMobil Canada Properties (operator), Chevron Canada, Suncor Energy, Statoil Canada and Nalcor Energy. Awards will be available to full-time or part-time students, enrolled at any Campus of Memorial University of Newfoundland, who have aboriginal status, a disability, or who represent a visible minority. Students with a disability should provide supporting documentation (from a medical doctor, psychologist, audiologist, rehabilitation counselor, or other professional who has specific training, expertise, and experience in the diagnosis of this condition). Students will claim aboriginal and visible minority status through self-identification. Of those eligible students, further preference will be given to students who are majoring in engineering, the geosciences, environmental science or chemistry. Normally, at least one award will be granted in each designated area and where possible, at least one award will be granted to a student in his/her first year of study. For students at the St. John's or Grenfell Campus the awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the appropriate Department Head. For students at Marine Institute, the awards will be granted by the Marine Institute Scholarship Committee on the recommendation of the appropriate Department Head.

Hebron Women in Science and Engineering Scholarship

This scholarship program was created by a generous contribution from the Hebron Project. The Hebron Project co-venturers are ExxonMobil Canada Properties (operator), Chevron Canada, Suncor Energy, Statoil Canada and Nalcor Energy. Scholarships will be awarded to female students who are enrolled in full-time or part-time studies at any Campus of Memorial University of Newfoundland who are majoring in engineering, the geosciences, environmental science or chemistry. Preference will be given to students with demonstrated financial need. Where possible at least one scholarship will be awarded to a student in her first year of study. For students at the St. John's or Grenfell Campus the awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries

and Awards upon recommendation of the appropriate Dean or Department Head. For students at the Marine Institute the awards will be granted by the Marine Institute Scholarship Committee on recommendation of the appropriate Department Head.

General Rick Hillier Scholarship in Science and Leadership

This scholarship, valued at a portion of the income on the investment, was established through donations and the proceeds of the inaugural Halifax Affinity Dinner, at which General Rick Hillier gave the keynote address. The scholarship is intended to recognize one of Memorial University of Newfoundland's most celebrated alumni. General Hillier is one of Canada's most respected and successful military leaders in generations; a leader who has had a profound impact on Canada's men and women in the military, and an advocate for peace internationally. Upon his retirement in October of 2008, General Hillier took on the position of Chancellor of Memorial University of Newfoundland. To be eligible for this scholarship students must be enrolled full-time in any year of any undergraduate program in the Faculty of Science. Preference will be given to students who demonstrate leadership in their activities, either on or off-campus, and students who have graduated from a high school in rural Newfoundland and Labrador. When possible, preference will also be given to students who are members of military families, or who are past or present members of the military. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarship, Bursaries and Awards based on the recommendation of the Dean, Faculty of Science.

Husky White Rose Extension Diversity Project Scholarship

This scholarship was established by a generous donation from Husky Energy to recognize the importance of a skilled and diverse workforce. Husky strongly supports economic development in Newfoundland and Labrador and believes that education is important in developing and sustaining a successful community. Husky is seeking to develop the pool of qualified diversity group members interested in pursuing careers in operational aspects of the oil and gas industry. Two scholarships, valued at \$2,500 each will be awarded annually to undergraduate students from the faculties of Earth Sciences, Engineering and/or Business. The scholarships will be awarded on a rotating basis, and each year the two recipients must be from different faculties. The recipients will identify as one or more of the following: female, aboriginal, person with a disability and/or member of a visible minority. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the recipient faculty.

Marie T. Kennedy Bursary

In her will, Ms. Marie Theresa Kennedy left a bequest to Memorial University of Newfoundland to allow one or more bursaries of at least \$5,000.00 to be awarded annually. To be considered, a candidate must be a full-time undergraduate student, in any year of study, majoring in Science or Medicine - it will be awarded on a rotating basis. Students receiving scholarships or bursaries from other individuals or institutions, for the same scholarship year, will not be eligible. The bursary will be awarded on the basis of need and academic effort by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the appropriate Dean.

Harry Kiefte Scholarship

This scholarship was established by a generous donation from the employees of the Department of Physics and Physical Oceanography in memory of a past member of the Department. Valued at a portion of the income on the endowment, it will be awarded annually to a student who is enrolled in any year of any Physics and Physical Oceanography undergraduate degree in the Faculty of Science. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Physics and Physical Oceanography.

Dr. B.K. Kim Scholarship in Statistics

This scholarship will be awarded annually to an undergraduate student whose major subject of study is Statistics. The award honours the memory of the late Dr. B.K. Kim who taught in the Department of Mathematics and Statistics from 1976-84. The scholarship, with a value of at least \$500.00, will normally be based on academic achievement in third year and/or fourth year courses and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

John Kingston Memorial Scholarship

This scholarship, valued at \$600.00, was established in memory of John F. Kingston, a former member of the faculty of the Department of Chemistry at Memorial University of Newfoundland. It will be awarded annually to a student majoring in Chemistry, who has completed at least 18 credit hours in Chemistry courses, on the basis of academic merit and financial need. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Chemistry.

Dr. Chu-in Charles Lee Scholarship

This scholarship is established through generous contributions by family, friends, students, professors and the academic community in memory of Dr. Chu-in Charles Lee, who served as Deputy Head of the Department of Mathematics and Statistics for many years. Valued at a portion of the income on the endowment, the scholarship will be awarded on the basis of scholarship standing to senior full-time undergraduate students in their 3rd or 4th year majoring in Mathematics and/or Statistics. To be considered, candidates must take a minimum of four (4) senior Mathematics and/or Statistics courses in a given year with preference given to the student who achieves the highest average on these courses. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Head of the Department of Mathematics and Statistics.

Julius and Bella Levkovitz Memorial Scholarship

This scholarship is awarded out of income derived from a bequest to Memorial University of Newfoundland by the late Mrs. Bella Levkovitz. From this income a scholarship of not less than \$700.00 is to be awarded as often as possible to an outstanding student in second, third or fourth year, or graduate studies in Pure or Applied Science at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Science.

LGL Limited Scholarship in Marine Science

This scholarship, valued at \$3,000.00, was established by LGL Limited. It will be awarded annually to a student in the Faculty of Science who is following a program of studies related to Marine Science. The successful candidate will be either a fourth year undergraduate student doing an honours program or a graduate student. Wherever possible, preference will be given to a student from a fishing family, but other students will be considered. In the case of undergraduate students the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies. In both cases it will be based upon a recommendation from the Dean, Faculty of Science.

Hugh Lilly Memorial Scholarship

This scholarship, presently valued at a minimum of \$3000.00 per annum, will be awarded to the most promising graduate in the Geosciences at Memorial University of Newfoundland who is continuing studies at the post-graduate level, here or elsewhere. The award honours the memory of the late Hugh Lilly, an instructor in the Earth Sciences Department. Selection of the winning candidate will rest with the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Earth Sciences

Department.

Hugh Lilly Undergraduate Scholarship

This scholarship, valued at \$300.00 per annum, will be awarded to an undergraduate student entering the third year of studies in a Geology major program. The award honours the memory of the late Hugh Lilly, an instructor in the Earth Sciences Department. In making the award, academic achievement, character and financial need may be taken into consideration. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Earth Sciences Department.

Loughney-Brosnan Scholarship in Biochemistry

This scholarship is valued at the interest accruing on an endowment given to Memorial University of Newfoundland by the Loughney family. It is open to an undergraduate student studying the honours program in Biochemistry at Memorial University of Newfoundland and will be awarded on the basis of scholarship standing. Preference will be given to a student entering the final year of the Biochemistry (Honours) Program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biochemistry.

William Kenneth MacLeod Scholarship

This Scholarship was established by a generous donation from Mrs. Helen MacLeod to Memorial University of Newfoundland in 2002, in memory of Mr. William Kenneth MacLeod. Mr. MacLeod was a recipient of the Provincial Government Senior Jubilee Scholarship in the early 1930s. Valued at a portion of the income on the endowment, it will be awarded annually to an undergraduate student from Newfoundland and Labrador enrolled in the Faculty of Science. Where possible, preference will be given to a student with financial need as determined by the University. The recipient must meet the minimum academic requirements for a Scholarship as defined by the University. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Science.

Mrs. E.D. Matthews Memorial Scholarship in Mathematics and Statistics

This scholarship honours the memory of the late Mrs. Evelyn Matthews who taught in the Department of Mathematics and Statistics, Memorial University of Newfoundland, from 1959-78. It has a value of at least \$500.00, and will be awarded on an annual basis to an undergraduate student whose major subject of study is Mathematics or Statistics. The scholarship will be based on academic merit and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

Maud Menten Prize in Biochemistry

The Maud Menten Prize in Biochemistry was established by an anonymous donor. Maud Menten was a Canadian Biochemist, whose work on enzyme-catalyzed reactions led to the formulation of Michaelis-Menten equation, a key concept taught to every beginning biochemistry student. One of the first women in Canada to earn a medical doctorate in 1911, during her career she also made important contributions to clinical biochemistry and enzyme histochemistry. Valued at \$500, this prize is to be awarded in May or as soon as possible after the end of the Winter semester to a full-time undergraduate student who obtains the best combined marks in Biochemistry 2100 and 2101 completed in the preceding academic year. Only students who are declared majors in a Biochemistry program at the conclusion of the Winter semester are eligible for this award. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on a recommendation of the Head, Department of Biochemistry.

Carmen and Olive Mews Chemistry Scholarship

This scholarship is the result of an endowment to Memorial University of Newfoundland from the estates of Carmen and Olive Mews. Carmen Mews enjoyed a long career with the Department of Chemistry. He and his wife Olive, both of whom were keenly interested in the welfare of undergraduate students, wished to endow a scholarship to support a student majoring in Chemistry. This scholarship, valued at a portion of the annual interest, will be awarded to a student beyond their first year of study who has demonstrated scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Head, Department of Chemistry.

Grace Morgan Scholarship in Nutrition

This scholarship is valued at the interest accruing on an endowment given to Memorial University of Newfoundland by Mrs. Grace Morgan. It is open to an undergraduate student studying nutrition at Memorial University of Newfoundland and will be awarded on the basis of scholarship standing. Preference will be given to a student entering the final year of the nutrition program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biochemistry.

Dr. George Moskovits Award

This award is made possible through a fund established by former students and colleagues of Dr. George Moskovits to honour his retirement from the Department of Biology in 1984. The award is valued at \$200.00 and will be made annually to a full-time senior student who has shown outstanding performance in the field of cell biology/microbiology. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biology.

E.R.W. Neale Undergraduate Scholarship of the G.A.C. (Newfoundland Section)

The E.R.W. Neale Undergraduate Scholarship is offered annually by the Newfoundland Section of the Geological Association of Canada. The scholarship is open to declared majors in Earth Sciences at Memorial University of Newfoundland. One scholarship valued at \$1000 will be offered annually, on the basis of academic achievement, financial need and character. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

Newfoundland Gardening Scholarship

This scholarship is the result of proceeds from the sale of a book by Dr. Peter J. Scott entitled Newfoundland Gardening. It will be awarded annually to a Biology student who is graduating and intends to pursue a career in plant biology. In the event that such a candidate is not available, it will be awarded to a second year Biology student from Memorial University of Newfoundland going on to study horticulture. The scholarship will be valued at the interest accruing on the initial endowment and will be awarded on the basis of scholarship standing by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biology.

Newfoundland Home Economics Association Scholarship

This Scholarship was established by generous donations from the Newfoundland Home Economics Association. Valued at a portion of the income on the endowment, it will be awarded annually to a second year student enrolled in the Dietetics Program at Memorial University of Newfoundland. The recipient must meet the minimum academic requirements for a Scholarship as defined by Memorial University of Newfoundland. This Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Science.

Newfoundland Margarine - Unilever Canada Scholarship

This scholarship, valued at the annual interest on an initial endowment, will be awarded annually to a student enrolled in the Nutrition

major in the Department of Biochemistry at Memorial University of Newfoundland. The award will normally be given to an honours student in his/her final year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Biochemistry.

Dr. Châu Nguyễn Bursary in Infectious Diseases

This bursary was established through donations from family, friends, colleagues and the widow of Dr. Châu Nguyễn. Dr. Nguyễn practiced as a clinical infectious disease specialist in St. John's for 10 years and was known for his commitment to his patients and to teaching. He was born in Huế, Central Vietnam, became one of "the Vietnamese boat people" and arrived in Canada in 1975. While studying internal medicine at the University of Toronto, Dr. Nguyễn developed a lifelong passion for clinical infectious diseases and tropical medicine. He was an assistant professor with the Faculty of Medicine, Memorial University of Newfoundland and an adult infectious disease specialist at the Health Sciences Centre. Valued at a portion of the income on the endowment, the bursary will be awarded annually to either a student in the undergraduate medical education program or a resident in the postgraduate residency program who is taking a national or an international elective in infectious diseases. The elective must satisfy the Faculty of Medicine requirements in order to be eligible. Applicants must show interest in and a passion for a career in infectious diseases. The recipient must have demonstrated financial need. Undergraduate student recipients must also meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Scholarships, Bursaries and Awards or by the Office of Postgraduate Medical Education on the basis of a recommendation from the Chair of Medicine and with the approval of the Dean of Medicine.

NLOA Angus Wentzell Memorial Scholarship

This scholarship, valued at \$500.00, will be awarded annually to a student majoring in Biology at Memorial University of Newfoundland who is registered in at least his or her third year of studies. The scholarship recipient must plan to pursue an undergraduate academic program leading to a career in Inland Fisheries, Wildlife Management, Wildlife Biology, or a related field of study. The scholarship will be awarded on the basis of academic excellence by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biology.

Thomas Corbin Noel Scholarship Fund

This scholarship, in memory of Thomas Corbin Noel Senior and Junior, was established through a bequest by Ella Noel as a tribute to her late husband and son. Corbin Noel Senior was a retired professor of Physics and former assistant vice-president (administration/physical operations) at Memorial University of Newfoundland. Tommy Noel was a student at Memorial University of Newfoundland when a tragic accident took his life. Valued at a portion of the income on the investment, the scholarship will be given to a student majoring in Physics on the basis of scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Physics.

Noranda Scholarship

This scholarship valued at the annual interest, has been established by the Noranda Foundation as part of the *Opportunity Fund Campaign*. It will be awarded on an annually rotating basis between students in Earth Sciences and Engineering and Applied Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean/Department Head of the appropriate discipline.

Oil and Gas Week Scholarship

Valued at \$1,000 each, two undergraduate scholarships are provided by the organizers of Oil and Gas Week with the possibility of additional scholarships being funded by the sponsors of the event. Oil and Gas Week is a program of events held province wide every year for the purpose of promoting the oil and gas industry. To be eligible, students must be enrolled full-time beyond the first year of an undergraduate program in the Department of Earth Sciences, the Faculty of Engineering and Applied Science, or the Faculty of Business Administration. Eligible candidates must have scholarship standing and preference will be given to students who graduated from a high school in Newfoundland and Labrador outside of the metropolitan St. John's area. Each year the recipients must be from different faculties, with each identified academic unit to be represented no more than twice in the three year period of the term of the fund. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the appropriate academic discipline.

John Pelley Memorial Scholarship

The John Pelley Memorial Scholarship is established in loving memory of Mr. John Pelley, a graduate of the Western Regional School of Nursing. John was an Offshore Health Advisor who was aboard the Cougar 491 flight that was tragically lost on March 12, 2009. The scholarship will be awarded to a student in their final year in the Bachelor of Nursing (Collaborative) program at the Western Regional School of Nursing who has expressed an interest in post-graduate training in emergency nursing, occupational health nursing or critical care nursing. Preference will be given to a student who demonstrates a combination of a strong work ethic, a passion for student life and extra-curricular activities. To be eligible, students must meet the minimum academic requirements for a scholarship. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director of the Western Regional School of Nursing.

Linda May Reid Scholarship in Nursing

This scholarship was established by a generous donation from William Reid to honor his wife, Linda Reid, a remarkable woman of personal courage and an indomitable spirit; a loving wife, mother, grandmother and nurse. Linda graduated as a Registered Nurse from the Salvation Army Grace General Hospital School of Nursing in 1969 and spent 39 years working as an RN in many areas of nursing. Her career took her throughout Canada and to Southern California where she worked for 32 years. She retired in 2008 after 28 years in Labor and Delivery at St. Bernadine Medical Center. She was a skilled nurse who played a prominent role in the design and layout of the maternity unit at St. Bernadine's. Valued at a portion of the income on the endowment, it will be awarded annually to an undergraduate student at Memorial University of Newfoundland's School of Nursing who excels in nursing education related to maternal-child intrapartum care. Preference will be given to a student who has demonstrated financial need. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Nursing.

Elizabeth Lindsay Robbins Scholarship in Nursing

This scholarship was created by Elizabeth (Betty) L. Robbins who was born on May 15, 1911 in Strathaven, Lanarkshire County, Scotland. Betty graduated in Nursing from Stobhill General Hospital, Glasgow, Scotland on October 31, 1940 and received a Certificate from the Central Midwives Board for Glasgow on December 13, 1940. She came to Newfoundland on Jan 20, 1947 and married Frederick Robbins in St. John's on March 1, 1947. Mr. Robbins was a Newfoundland war veteran from Burlington, Notre Dame Bay, who had served with the Royal Navy during the Second World War. This scholarship, valued at a portion of the annual accrued interest on an endowment (a minimum of \$2,500.00 annually), will be awarded to a student in the third year of the Bachelor of Nursing (Collaborative) Program. The scholarship will be awarded on the basis of scholarship standing, financial need, and nursing professional practice. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, School of Nursing.

Katharine Roberts Memorial Scholarship

This Katharine Roberts Memorial Scholarship has been endowed by Edward Roberts in memory of his mother Katharine. The scholarship is valued at a percentage of the income on the endowment and will be awarded annually to a student in any year of the Bachelor of Nursing (Collaborative) Program.

The first preference in awarding the scholarship will be given to Bachelor of Nursing (Collaborative) Program students from the electoral Districts of The Straits and White Bay North, Lake Melville and Cartwright-L'Anse au Clair (or other Districts embracing the communities in those Districts, which were established by the House of Assembly in 1995). If no suitable candidate comes forward from one of these Districts in any given year, the scholarship may be awarded to a Nursing student from a rural community elsewhere in Newfoundland and Labrador. The scholarship will be awarded on the basis of scholarship standing, but in the case of a tie between two equally deserving students, financial need may be used as a determining factor. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, School of Nursing.

Dora T. Rowe Memorial Award in Nursing

This award was established by a generous gift from the estate of the late W. Gary Rowe, QC in memory of his mother, Mrs. Dora Rowe. Mrs. Rowe was a graduate of the Grace Hospital School of Nursing and had a distinguished career working at the Waterford Hospital in St. John's. Valued at a portion of the income on the endowment, it will be awarded annually to a Memorial University of Newfoundland student entering the Bachelor of Nursing program at the Centre for Nursing Studies. The student will have demonstrated a strong history of community service. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the Centre for Nursing Studies.

School of Nursing Class of 1976 Bursary

The Bursary, valued at a portion of the income on the endowment, will be awarded on the basis of financial need to a student who is registered full time at Memorial University of Newfoundland's School of Nursing and who has completed their first year clinical placement of the Bachelor of Nursing Collaborative program. Candidates must have displayed a passion for patient care through their respective clinical placements and have met the minimum academic requirements for a bursary. Students must have a supporting letter of recommendation detailing how they have demonstrated a passion for patient care from their clinical course instructor. In the event there is more than one suitable candidate for the bursary preference will be given to a student who comes from outside of the St. John's area. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Nursing.

Margaret McLean, Joyce Nevitt, Beverly Rockwell, and Elizabeth "Betty" Summers. The award is valued at a portion of the income from the endowment and will be awarded to a student beyond their first year of the Bachelor of Nursing program at the School of Nursing. The recipient must emulate the best qualities of a nursing faculty member; including a passion for nursing education, a spirit of caring and a commitment to nursing and a compassion for patients. The award will be presented by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the School of Nursing.

Skinner Memorial Scholarship in Nursing

This scholarship was established by a generous donation from the Estate of Edith and Robert Skinner. Robert Skinner (1920-2008) and Edith Skinner (1922-2010) spent most of their married life in Pasadena, Newfoundland and Labrador, where they operated a motel, as well as hunting and fishing lodges in Labrador. Prior to her work in the tourism industry, Edith trained as a nurse and worked for several years on the west coast of the province. One or more scholarships will be awarded annually to undergraduate students entering full-time studies of the Bachelor of Nursing (Collaborative) Program at the Western Regional School of Nursing. The recipients must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland, and have graduated from a high school in western Newfoundland or Labrador (that is west of Grand Falls but including Labrador). Preference will be given to students with demonstrated financial need. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, Western Regional School of Nursing.

St. John's Home Care Scholarship for Excellence in Community Health Nursing

This scholarship valued at the annual accrued interest on the initial endowment will be awarded to a full-time or part-time student enrolled in the Bachelor of Nursing (Post RN) or Master of Nursing Program at Memorial University of Newfoundland with preference given to candidates enrolled in the Bachelor of Nursing (Post-RN) Program. Candidates must also have employment experience in community health nursing and demonstrated recent voluntary involvement in a community organization(s). Minimum academic requirements are a 75% overall average in either the completed diploma program in nursing or completed courses in either the B.N. (Post-RN) or Masters Program. In the case of undergraduates the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of Graduates the scholarship will be awarded by the Dean of Graduate Studies. In both instances the award will be based upon a recommendation from the Dean, School of Nursing.

Sybil Gertrude Rusted Toy Memorial Bursary

This bursary, established by Dr. Nigel Rusted in memory of his sister Sybil, is valued at a portion of the accrued interest on an endowment. Sybil, the daughter of Rev. Canon Ernest and Faith (Hollands) Rusted, was born in Upper Island Cove April 2, 1911. She was educated at schools in Upper Island Cove, Carbonear, Girl's College in New York and the Royal Victoria Hospital in Montreal. The bursary will be awarded annually to a student entering the first year of the Bachelor of Nursing (Collaborative) Program with first preference to students from the Conception Bay North area, who have demonstrated ability and financial need. Undergraduate Award in Professional Studies

The Undergraduate Award in Professional Studies was established by Mr. Alan Rowe (B.Comm. '78) through a generous donation to the *Dare To Campaign*. Eligible candidates must be Aboriginal students from Labrador or the Territories of Canada who are enrolled full-time in the entrance year of an undergraduate professional program. Two new recipients will be selected each year on a rotating basis, between the Faculties of Business Administration, Engineering and Applied Science, Medicine, Education and the Schools of Nursing, Pharmacy, and Social Work. The award is valued at \$2,500 per year and is renewable for up to three additional years (four years in total) if the recipient continues to be enrolled full-time in an undergraduate professional program and maintains clear academic standing as defined by Memorial University of Newfoundland. If a successful candidate entering a professional program is not identified in the discipline on rotation in a given year, an eligible student from one of the other disciplines may be selected. If no eligible student is identified from the entering year of any professional program, then the award may be given to a student beyond entrance level in a professional program. Preference will be given to students who have demonstrated financial need. The award is granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Aboriginal Resource Office as needed.

Mary Eileen Wight Award in Nursing

The Mary Eileen Wight Award in Nursing was established by a generous donation from her daughter and sons. Affectionately known as "Lottie", Mary Eileen Wight (Lawton) was born in Kings Cove, Bonavista Bay. She graduated from the General Hospital School of Nursing as a registered nurse in 1951. Lottie dedicated her life to the love and caring of her family, friends and patients. Being a nurse was always at the core of how she defined herself. This award is dedicated to her spirit of unwavering care to her patients and family. Valued at a portion of the income on the investment, it will be awarded to a student who is entering the second year of the Bachelor of Nursing (Collaborative) Program at the School of Nursing. The student must have demonstrated outstanding patient care during completion of clinical studies. In the instance where more than one suitable candidate exists, financial need may be taken into consideration as a deciding factor. The student will be eligible for a renewal of the award for an additional two years providing they continue to meet or exceed the expectations set forth for patient care in their clinical studies. A student will be able to hold the award for a maximum of three years, after which time a new recipient will be selected. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the School of Nursing.

Janet P. Winsor Bursary

This bursary, valued at a portion of the income on the endowment, is awarded annually to third year students enrolled in the B.N. (Collaborative) Program who have demonstrated financial need over and above academic excellence. The candidates must meet the minimum academic requirements for a bursary as defined by Memorial University of Newfoundland. At least one bursary will be awarded in each of the three sites. Preference will be given to students who have scholarship standing and demonstrate excellence in Year 3 Fall and Winter clinical courses, supported by a letter of recommendation from a clinical instructor. The student's file may also be used to determine examples of clinical excellence. Each Committee on Undergraduate Studies will select the student at their site. This bursary will be awarded at an Awards Ceremony and granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, School of Nursing.

The bursary will be awarded to a student entering their final year in the Bachelor of Science (Pharmacy) program at Memorial University of Newfoundland. Based on financial need and a minimum GPA of 2 (out of a possible 4), preference will be given to a student who also demonstrates a combination of a strong ability to communicate and empathize with patients, school spirit or who actively engages in community service. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean of the School of Pharmacy.

Donald F. Rowe Leadership Award in Pharmacy

This award was established by a generous donation from the friends and colleagues of Mr. Donald F. Rowe, in honour of his longstanding commitment to the profession of pharmacy. Through his leadership and service Donald Rowe helped to shape much of the landscape of the pharmacy profession in Newfoundland and Labrador and beyond. Mr. Rowe had a distinguished career as a pharmacist and served for over 18 years as Secretary-Registrar to the Newfoundland and Labrador Pharmacy Board and was a steadfast champion of pharmacy education at the Memorial University of Newfoundland School of Pharmacy. Valued at a portion of the income from the endowment, the award will be granted annually to a student in the Bachelor of Science (Pharmacy) program who demonstrates extraordinary leadership qualities through volunteer or academic initiatives that aim to advance the profession of pharmacy. The recipient must meet the minimum academic requirements for an award as defined by the Memorial University. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Pharmacy.

School of Pharmacy Class of 2006 Entrance Award

This award was established by generous donations from the members of the School of Pharmacy Class of 2006. The Class of 2006 was the first class to be interviewed for admission and was also the initiators of the Atlantic Pharmacy Advancement Conference. Valued at \$200, it will be awarded annually to the student entering the Bachelor of Science (Pharmacy) program at Memorial University of Newfoundland's School of Pharmacy who receives the highest non-academic admission ranking. In the event there is more than one suitable candidate the award will be equally divided between the candidates. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Pharmacy.

School of Pharmacy Class of 2011 Legacy Award

The School of Pharmacy Class of 2011 Legacy Award has been established by contributions from members of the Class of 2011. The Award is established to celebrate the bonds of friendship between members of the class. It also recognizes the class' belief in the value of providing service to the School of Pharmacy and the profession. The Award will be presented annually to an undergraduate student who has completed the third year of the Bachelor of Science (Pharmacy) program. The Award is available to a student who has demonstrated professionalism throughout their program, has served on at least one School of Pharmacy committee and has been engaged in service activities that advance the community or the profession. The student must also meet the minimum academic requirements for an award. The Award, valued at \$200 annually, will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of the School of Pharmacy.

School of Pharmacy Silver Anniversary Scholarship

The School of Pharmacy Silver Anniversary Scholarship was created to celebrate the accomplishments of the School of Pharmacy's alumni, faculty, staff and students on the 25th anniversary of the School's founding in 1986. The Scholarship will be awarded annually to a maximum of two undergraduate students entering the Pharmacy program at the School of Pharmacy. It will be awarded to the highest ranked students based on academic achievement and admission requirements. The student must also meet the minimum academic requirements for a scholarship. This award was established by the continuing support of the School of Pharmacy Class of 2012 to honour Ian Vaughan, a friend and classmate, who unexpectedly passed away in 2014. Valued at \$200, it will be awarded annually to a student parent in the Bachelor of Science (Pharmacy) program. In the event that there are no eligible student parents, the award may be given to a student who has overcome personal challenges to achieve success. The recipient must have demonstrated financial need as well as meet the minimum academic requirements for an award. This award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Pharmacy.

5.12 School of Social Work

The following are available to students in the School of Social Work based on the recommendation of the Dean.

The Alcohol and Drug Dependency Commission Commemorative Awards

These awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at \$750.00 each, are available annually and open to students who have completed a major or published

paper at the undergraduate or graduate level or are completing an Honors Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given scholarship year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean/Director/Head of the respective Faculty or School.

Lyndsey Anne Antle Award in Social Work

This award is being established by the family of Lyndsey Anne Antle who was a student in the School of Social Work at Memorial University of Newfoundland and would have graduated on May 26, 2006. Unfortunately this did not happen. She was struck by a vehicle on June 19, 2005 and passed away as a result of severe injuries on June 22, 2005. Lyndsey strived for excellence in everything she did and truly believed in giving her all to work, family, friends and anyone who needed a helping hand. Her natural wisdom, warmth and strong conviction to helping others made her a great human being and she would have made a wonderful social worker. This award is valued at \$300.00 and will be awarded annually to the student in the graduating class who has the highest average for years three and four of the Social Work program combined. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, School of Social Work.

Atlantic Credit Unions Award in Social Work

This award was established by a generous donation from the Atlantic Credit Unions (Community, Eagle River, Eastern Edge, Hamilton Sound, Leading Edge, Public Service, Reddy Kilowatt and Venture Credit Unions). Atlantic Central provides support to charitable and community programs in alignment with the values of the members throughout Atlantic Canada. Atlantic Credit Unions have been investing in programs and services across the Atlantic region since 2000, and is proud to support Memorial University of Newfoundland. This scholarship has been named to honour the late Dr. John S. Morgan, an honorary graduate of the University who served as Visiting Professor of Social Work during the 1976-77 academic year. It is valued at \$500.00 per annum and will be awarded on the basis of academic merit to an undergraduate student enrolled in the School of Social Work. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the School.

Lorraine Morgan Dean's Award for Service to Humanity and Pursuit of Social Justice

Thanks to a generous gift from a passionate friend of Memorial University of Newfoundland, Lorraine Morgan, a fund has been created to support the important work of students in the School of Social Work. Through this fund, Lorraine hopes to acknowledge the struggles of the most vulnerable people in our community and to provide Social Workers with more resources to support those that deserve a voice. Valued at \$1,000 a year, it will be awarded annually to one or more deserving graduate or undergraduate Social Work students

who embody Lorraine's passion for helping those in need. Eligible students must be: travelling to complete their practicum, delivering educational opportunities or participating in an educational experience; participating in or hosting educational outreach opportunities in the community; working with a non-profit agency for their practicum; or participating in a similar opportunity as determined by the Dean of the School of Social Work. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. In the case of an undergraduate student the award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of a graduate student, the award will be granted by the Dean, School of Graduate Studies. In either case it will be awarded on the basis of a recommendation from the Dean, School of Social Work.

Rick Morris Memorial Bursary

This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals, who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of Unified Family Court's mediation services and frequently collaborated with the aboriginal and senior's communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who is in financial need and meets the minimum academic requirements for a bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1- School of Social Work, Year 2- Faculty of Education, Year 3- School of Human Kinetics and Recreation, Year 4- Department of Gender Studies and Year 5- School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Unit for which the bursary is being awarded.

Mary Florence Mugford (Lane) Memorial Award for Social Work

This travel award was established by the family of Mary Florence Mugford (Lane) to honour their mother as a woman who persevered in life. This award is valued at a portion of the income from the endowment and will be awarded annually. Reginald Shepherd and Helen Parsons Shepherd Award

This award was created by a group of donors represented by Rex Anthony, Robert Crane, Janet Gardiner, Christopher March (Committee Chair), John Perlin, Valerie Pike, Phil Warren, and Janet Whittaker (Secretary) to honour the achievements of Helen Parsons Shepherd (1923-2008) and Reginald Shepherd (1924-2002). Helen and Reginald were pioneers of professional art practice in Newfoundland and played an important role in the post-Confederation art scene. From 1949 to 1961, they operated the Newfoundland Academy of Art in St. John's, the province's first art school. Helen was a renowned and highly skilled painter of portraits, still life and genre paintings. Reginald was an accomplished landscape painter and printmaker. Both Helen and Reginald were awarded honorary doctorates from Memorial University of Newfoundland in 1988 at a special convocation in Corner Brook to mark the opening of the School of Fine Arts. The Award will provide an opportunity for a student of the Visual Arts program to pursue a personal interest and passion for visual art, internal or external to the prescribed university program. This will allow for a unique personal/professional development opportunity to be inspired by personal passion, life, and imagination. Valued at a portion of the income on the endowment, it will be awarded annually to an undergraduate student who is enrolled full-time in the Visual Arts program at Grenfell Campus of Memorial University of Newfoundland. To be eligible, candidates must submit a description of a project that may or may not be part of their academic program. Submissions will be reviewed by a committee led by the Head of the Division of Fine Arts and a recommendation will be forwarded to the Scholarship Selection Committee at Grenfell Campus for approval. The recipient must also meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. Preference will be given to an artist who is beyond the first year of studies. This award will be granted by the Senate Committee on Undergraduate Scholarship, Bursaries and Awards.

Short Family Harlow Award

This award was created to assist students to travel to and study at Memorial University of Newfoundland's Harlow Campus in the United Kingdom. Four awards valued at \$1250 each for any program of study will be awarded annually. This award is open to students enrolled at either the St. John's Campus or the Grenfell Campus of Memorial University of Newfoundland. To be eligible, students must be planning to attend the Harlow Campus for at least one full term and must have graduated from a high school in Newfoundland and Labrador. Financial need will be considered. Recipients must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. Application for this award can be made at the same time as application is made to the program at the Harlow Campus. Students will be notified if they are successful in their application for this award prior to accepting the placement at Harlow Campus; however, receipt of the award is contingent on acceptance into the program. A faculty nomination letter must accompany the award application form. Dr. M.O. and Grace Morgan Harlow Bursary

This bursary, valued at a portion of the annual accrued interest on an endowment to Memorial University of Newfoundland from the estate of Dr. and Mrs. Morgan, was established to encourage and assist undergraduate students to attend the University's Harlow Campus. It is open to full-time Memorial University of Newfoundland students attending the Harlow Campus. Up to three bursaries of equal value will be awarded annually to two students in the Faculty of Education (one each in the Spring and Fall semesters) and one to a student in any field of study (in the Winter semester). Bursaries awarded in Fall and Spring will be based on a recommendation from the Dean, Faculty of Education. These bursaries will be awarded by the Senate Committee on Undergraduate Scholarships and Financial Aid. An application is required to identify those students planning to attend Harlow in the winter semester only and may be obtained online at www.mun.ca/scholarships/scholarships/harlow_scholarship.php.

Patti Lynn Noonan Memorial Harlow Travel Bursary

This Bursary, valued at a portion of the income from the endowment, is established in memory of Patti Lynn Noonan by her family. Patti Lynn's motto was "Live life to the fullest and appreciate it and always tell the people you love that you love them". Patti Lynn will always be remembered for her smile, her laughter, her love of life, her devotion to family, friends and the students in her care, her courage and her determination. Patti Lynn's experience at Harlow was a highlight of her time at Memorial University of Newfoundland. The purpose of the Bursary is to enable the recipient to travel outside of Harlow while studying at Memorial University of Newfoundland's Harlow campus. To be eligible, students must have demonstrated financial need, be in good academic standing, and be accepted to study at the Harlow campus. Preference will be given to students enrolled in the Faculty of Education. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean of the Faculty of Education.

Pinsent Family Harlow Travel Award

This annually funded award has been established by the Pinsent Family for a period of five years. Valued at \$1000 per year this award is available to a Faculty of Education Intern who has been selected to travel to Harlow, England and has achieved scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean of the Faculty of Education.

Al Pittman Harlow Travel Award

The Al Pittman Harlow Travel Award has been established in his memory by Al Pittman's friends and family. Mr. Pittman was one of Newfoundland's most esteemed poets and playwrights and he believed that observing the different helps us to see the familiar in a new light. Therefore, travel, in enabling us to experience a different place, culture and context, has the power to heighten and enhance our perspective of home. The award will go to a student in the fourth year of study in the Theatre Program at Grenfell Campus who best exhibits a passion for and commitment to theatre, as well as an appreciation of place and how physical and cultural landscape can impact perspective, and who meets the minimum academic requirements for an award. The Award will be made at the beginning of the semester in which the student is scheduled to depart for England (for approved study at the Harlow campus) and will be valued at a portion of the income on the endowment. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Program Chair, Theatre and the Scholarship Committee at Grenfell Campus.

Gar Pynn Memorial Harlow Scholarship

This scholarship is endowed through a gift from Marg Pynn, family, and friends in memory of Gar Pynn, past director and faculty member of the Faculty of Business Administration. Eligible candidates must be full-time undergraduate students in the Faculty of Business Administration, and have scholarship standing. Preference will be given to students applying to complete an academic term at Memorial University of Newfoundland's Harlow Campus. The scholarship, valued at a portion of the income on the investment, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Rhodes Scholarship

A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which enables them to take a degree in two years, appointments are made for two years in the first instance. Scholars may, however, hold the Scholarship for only 1 year. Those Scholars who elect to read for a D.Phil. at the time of admission may apply for a third year on stipend. The Rhodes Scholar must present a definite plan of study for that period satisfactory to his/her College and to the Rhodes Trustees. A Rhodes Scholar may apply to any one of the courses of study available at the University of Oxford, subject to the consent of the college or, in the case of graduate study, the relevant faculty or department. The stipend of a Rhodes Scholarship consists of a direct payment to the University and to the Scholar's College of approved fees (such as matriculation, tuition, laboratory fees, and certain other set charges), plus a maintenance allowance, which is paid directly to the Scholar at the rate of at least £3,480 per annum to cover board, lodging and other expenses. The sum provided should be sufficient to enable a Scholar to meet the necessary expenses for term-time and vacations, but those who can afford to supplement it to a modest extent from their own resources are advised to do so. Reasonable travel expenses to and from Oxford will be paid by the Trust. Application forms containing full particulars can be obtained from the Secretary of the Selection Committee for the Province of Newfoundland. Inquiries may be directed in writing to the Secretary of the Selection Committee to Mr. Glenn Janes, Argyle Building, 68 Portugal Cove Road, St. John's,

NL, A1B 2L9, by telephone to (709) 758-0912, by fax to (709) 758-0927, or email to glennjanes@researchnl.com.

Dr. Edmund de Rothschild Harlow Travel Bursary

This bursary was established to enhance the student's educational experience while studying at Memorial University of Newfoundland's Harlow Campus, by providing funds to defray cost of travel and field work. Travel bursaries valued at a portion of the accrued interest on the endowment to a maximum of £250.00 will be awarded to full-time, undergraduate students registered at the Harlow Campus in a program approved by Memorial University of Newfoundland. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships and Financial Aid and will be based on need. Eligibility for a bursary requires a minimum overall cumulative GPA of 2. Applicants may be asked to provide a letter of recommendation from a faculty member, including confirmation that the travel is in support of the approved program. If required, the Scholarships and Awards Office will follow-up with applicants as needed.

Scotiabank Bursaries for International Study

These bursaries, funded by a generous donation from Scotiabank to *The Opportunity Fund*, are intended to help students broaden their educational experience and cultivate an international perspective through study abroad while pursuing studies in the Faculty of Humanities and Social Sciences at Memorial University of Newfoundland. Fifteen or more bursaries will be available with approximately ten at the undergraduate level valued at \$1,000.00 each and five at the graduate level valued at \$2,000.00 each. The undergraduate bursaries will be awarded on the basis of scholarship standing to full-time students who are participating in one of the overseas Field Schools or study abroad opportunities sponsored by the Faculty of Humanities and Social Sciences. These include the Arts semester in Harlow (every Fall) as well as Summer programs at Harlow and in other countries such as Ireland, Malta, Russia, etc. In addition, students wishing to participate in formal exchange programs through the Faculty of Humanities and Social Sciences, such as those with the University of Keele, will also qualify. The graduate bursaries will be based on academics as well and will assist full-time Faculty of Humanities and Social Sciences master's and doctoral students (including those in interdisciplinary programs) to travel to other countries for the purpose of thesis research and thesis-related study. In both cases financial need may be taken into consideration. In the case of undergraduates the bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates they will be awarded by the Dean, School of Graduate Studies. In both cases the bursaries will be awarded on the basis of a recommendation from the Dean, Faculty of Humanities and Social Sciences.

The Short Family Harlow Award

This award was created to assist students to travel to and study at Memorial University of Newfoundland's Harlow Campus in the United Kingdom. Four awards valued at \$1250 each for any program of study will be awarded annually. This award is open to students enrolled at either the St. John's Campus or the Grenfell Campus of Memorial University of Newfoundland. To be eligible, students must be planning to attend the Harlow Campus for at least one full term and must have graduated from a high school in Newfoundland and Labrador. Financial need will be considered. Recipients must meet the minimum academic requirements for an award as defined by the University. Application for this award can be made at the same time as application is made to the program at the Harlow Campus. Students will be notified if they are successful in their application for this award prior to accepting the placement at Harlow Campus; however, receipt of the award is contingent on acceptance into the program. A faculty nomination letter must accompany the award application form. Application forms are available in person or by writing the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, Memorial University of Newfoundland, St. John's, NL, A1C 5S7, or by telephone to (709) 864-3956, or on the Harlow Campus web site at www.mun.ca/harlow. The award will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Harlow Scholarship Committee.

Imperial Oil Ltd. Higher Education Awards (for Sons and Daughters of Employees and Annuitants)

The Higher Education Awards program provides full tuition and compulsory fees for sons and daughters of Imperial Oil Ltd. employees, annuitants, or deceased employees. Students must be accepted at any approved Canadian University or Community College. The student must begin their education within six years of starting secondary school (grade 9), and must have an average of at least 70% in the subjects required for admission by the institution. Students who do not qualify upon graduation from secondary school may be eligible should they achieve the equivalent of a 70% average while in post secondary education. Once an award is granted, the student must pass all subjects and complete a "full workload" each year. A student may qualify for up to four awards in a five year period, which begins when the student first starts post secondary education. Application forms and brochures explaining the program in more detail are available in writing to Administrative Management Services, Awards Division, P.O. Box 414, Pickering, Ontario L1V 2R6 or by telephone to (416)420-0642 or by fax: to (416)420-2516 or through the website at www.uregina.ca/awards/scholarships/.

International Grenfell Association Bursary Program

The following IGA bursaries (supported by annual grants) will henceforth be awarded annually and are available to students resident in the region served by the International Grenfell Association. Bursaries are to be awarded primarily dependent on need, to deserving students accepted or continuing in a post-secondary educational institution, as follows:

1. A number of \$4000 Bursaries, as the core amount to be awarded.
2. A number of \$2000 Bursaries and \$6000 Bursaries, where it is judged that there is a level of financial need to warrant adjusting the amount.
3. One \$4000 Special Bursary, for a student who has been out of full-time schooling for at least five years, and is returning to full-time post-secondary studies.

Post-secondary applicants need to take at least five courses in each academic term to be considered for an IGA Bursary.

Criteria for High School Students: Financial need will be the primary factor taken into consideration in the determination of an award. Awards will be made to those students who, during their high school program, demonstrate academic ability, industry, and promise, and who have achieved high academic average results in any seven Level III courses which he/she undertakes. In determining academic ability, the previous year's final exam results and the current mid-year exam results will be considered. Deadline for high school students to apply for IGA Bursaries is February 28th. Those selected must complete Level III examinations, achieving grades consistent with previous attainment, and be eligible for entrance to university or a post-secondary institution. Successful applicants must undertake a full course load in their post-secondary studies, normally a minimum of five courses per semester.

Criteria for University/College Students: Awards will be made to those students who, during their university or college program have demonstrated academic ability, industry and promise and who are undertaking a full course load (normally five courses per semester). In determining academic ability, the current fall semester and winter semester record will be considered. In addition to academic criteria, financial need will be considered as the primary factor in determining awards. The deadline for post-secondary students to apply for IGA Bursaries is April 1st.

Apply through the website at: www.grenfellassociation.org/bursaries/bursary-guidelines/.

Rixon Rafter Scholarship Fund

This fund was established in memory of Rixon Rafter, a former student of the Ontario School for the Blind, who became a successful newspaper owner in Ontario. Awards from this fund are intended to supplement, but not replace assistance available to students from existing sources. The amount granted to students from this fund is determined by the Rixon Rafter Scholarship Committee and financial need is taken into consideration. Registered blind students may request assistance from the fund by contacting the nearest Canadian National Institute for the Blind office in their area.

The Rhodes Scholarship

A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which enables them to take a degree in two years, appointments are made for two years in the first instance. Scholars may, however, hold the Scholarship for only 1 year. Those Scholars who elect to read for a D.Phil. at the time of admission may apply for a third year on stipend. The Rhodes Scholar must present a definite plan of study for that period satisfactory to his/her College and to the Rhodes Trustees. A Rhodes Scholar may apply to any one of the courses of study available at the University of

Oxford, subject to the consent of the college or, in the case of graduate study, the relevant faculty or department. The stipend of a Rhodes Scholarship consists of a direct payment to the University and to the Scholar's College of approved fees (such as matriculation, tuition, laboratory fees, and certain other set charges), plus a maintenance allowance, which is paid directly to the Scholar at the rate of at least £3,480 per annum to cover board, lodging and other expenses. The sum provided should be sufficient to enable a Scholar to meet the necessary expenses for term-time and vacations, but those who can afford to supplement it to a modest extent from their own resources are advised to do so. Reasonable travel expenses to and from Oxford will be paid by the Trust. Application forms containing full particulars can be obtained from the Secretary of the Selection Committee for the Province of Newfoundland. Inquiries may be directed in writing to the Secretary of the Selection Committee to Mr. Glenn Janes, Argyle Building, 68 Portugal Cove Road, St. John's, NL, A1B 2L9, by telephone to (709) 758-0912, by fax to (709) 758-0927, or email to glennjanes@researchnl.com.

The Rothermere Foundation Fellowships

These Fellowships, the gift of the first Chancellor of the University, have been established to aid and encourage students who have taken their first degree at this University to pursue their studies for a British higher degree at a university of their choice in the United Kingdom. It is not intended that students who have obtained most of their education in Britain be eligible for a Fellowship. Awards are made by the Rothermere Fellowships Trust, on the recommendation of the President of Memorial University of Newfoundland.

The conditions of the award are as follows:

1. Candidates shall have completed a bachelor's degree at Memorial University of Newfoundland and have completed or be about to complete a master's degree either at Memorial University of Newfoundland or at another university in North America.
2. Fellowships will be awarded only to candidates who are proceeding to the United Kingdom to work for a British higher degree. Fellowships will not be awarded to candidates who wish to extend their stay in Britain to obtain a further British higher degree. Persons who are full-time members of a faculty of Memorial University of Newfoundland are not eligible for a Rothermere Fellowship.
3. The awards will be restricted to a maximum tenure of three years or the period requested in the candidate's application, whichever is the lesser. Continuation beyond the first year will depend on certification of competence and satisfactory progress.
4. C4. Candidates must accept and complete the term of years for which the Fellowship has been awarded unless the requirements for the qualifications for which the Fellowship was awarded have been completed before the term expires. No interruption of tenure or postponement of the date of commencement of the Fellowship will be allowed.
5. One Fellowship is usually awarded each year.
6. The value of the stipend is currently £14,514 per annum, plus tuition fees. The fees will be paid direct to the university concerned upon receipt of an invoice. The stipend will be credited to the Fellow's banking account in quarterly instalments.
7. The Trust will pay for a return airfare, economy class, for Fellows from Newfoundland to England, and back to Newfoundland in each year of their Fellowship (a year being twelve months from the start of the Fellowship and every twelve months of the Fellowship thereafter). Flights must be economy return. The Trust will reimburse the air fare in the final year of award, on the proviso that the student must use the return portion to travel back to Newfoundland within one month of completing the Fellowship.
8. Completed applications must be submitted in duplicate to this office before the 30th of November and must be accompanied by the following documentation, also in duplicate:
 - a. an official transcript of marks from Memorial University of Newfoundland and from any other university attended;
 - b. a letter of recommendation from the dean of the faculty or school in which the applicant was registered as an undergraduate at Memorial University of Newfoundland;
 - c. a letter of recommendation from the head of the department in which applicant majored as an undergraduate at Memorial University of Newfoundland;
 - d. a letter of recommendation from the applicant's present master's level supervisor; and
 - e. as indicated in Section 15 of the application, applicants must submit a personal statement on how their research will contribute or be of value to Newfoundland and Labrador. The statement must also contain a section on the candidate's commitment to Newfoundland and Labrador.

Note that additional letters of recommendation and other information in support of the application may be submitted at the applicant's discretion. Applicants are encouraged to begin the process of applying to universities in the United Kingdom before submitting the Rothermere Fellowship application.

Further information may be obtained by writing Margot Brown, Executive Director/Assistant to the President, Room AA2028, Arts and Administration Building, Memorial University of Newfoundland, St. John's, NL, A1C 5S7, or by telephone to (709) 864-8216, or by fax to (709) 864-2059, or by e-mail to mbrown@mun.ca.

Diana Lemire Savidant Memorial Bursary

Diana Lemire Savidant (1943-1994) was born and raised in Rouyn, Quebec and moved to Prince Edward Island in 1973. Always an avid student, she also gained respect as an art teacher. Applications for the scholarship will be accepted from female residents of Prince County 18 years of age and older. The award will be given to the applicant who displays the most potential for development and that sense of exploration in the visual arts epitomized by Diana Lemire Savidant's own career. Financial need will be an important factor in determining the recipient but not necessarily the only one. Applicants are expected to be pursuing the arts as a career option or serious avocation. Eligible programs include: study in the visual arts at recognized post-secondary institutions; summer schools or professional level courses and advanced workshops and seminars, minimum duration of five days.

The bursary will be awarded in June of each year commencing in 1996 and the amount of the bursary will be determined each year based on the return on the capital fund invested. The award will be presented in the form of a cheque or bank draft payable jointly to the successful applicant and the educational institution. The Awards Committee may vary this rule if it is not applicable. No award will be made with respect to expenses already incurred. Should the program applied for be cancelled or the recipient withdraw or fail to enroll, the funds must be returned to the East Prince Women's Information Centre.

Applicants will be invited in March of each year through public announcements and other means with an application deadline of May 15. All applications must be accompanied by a resume and a full description of the program being pursued. The applicant should include a one page summary of personal background in art achievement and what goals are being pursued by following the study program for which support is being requested. Applicants selected for a finalist interview must be prepared to display a small portfolio of work, preferably in more than one medium. Where the program is more than one year in duration applicants are eligible to re-apply. Applications will be received until May 15 and may be obtained in writing to East Prince Women's Information Centre, 75 Central Street, Summerside, PE C1N 3L2 or by telephone to (902) 436-9856.

Schulich Leader Scholarships

Canadian Schulich Leader Scholarships are undergraduate scholarships for students intending to enroll in the **STEM (Science, Technology, Engineering, Mathematics)** areas of study at a minimum of one of the 20 participating universities. All Canadian high schools and secondary schools (not including Québec) may submit one Schulich Leader Nominee each. Cégeps (in Québec) may select two nominees each. Schulich Leader Nominees are selected by their individual schools and must possess at least two of three criteria:

1. Outstanding community, business or entrepreneurial leadership
2. Academic excellence
3. Financial need

Once Schulich Leader Nominees are verified, they can apply their nomination to the participating universities in Canada where they intend to submit formal applications for undergraduate study for the upcoming Fall semester. Formal applications for undergraduate study must be submitted by each Schulich Leader Nominee to the appropriate university by March 1, 2018. All participating universities are responsible for selecting the Schulich Leaders for their respective institution. Fifty (50) Canadian Schulich Leaders are selected – two Schulich Leaders at each participating university, with the top five universities with the most applicants receiving an additional two scholarships each. Half of these undergraduate entrance scholarships (25) are valued at \$80,000 CAD and are reserved for nominees pursuing degrees in science, technology or mathematics (non-engineering programs). The remaining Schulich Leader Scholarships (25) are valued at \$100,000 CAD and are reserved for nominees pursuing a degree in engineering-based programs. Each participating university will select two Schulich Leaders from a pool of Schulich Leader Nominees, one at \$80,000 CAD and one at \$100,000 CAD. The scholarship is distributed during each Schulich Leader's term of undergraduate study and will start in the academic year in which it is awarded. Schulich Leader Scholarships are part of a \$100 million gift in perpetuity on behalf of UJA Federation of Greater Toronto and the Seymour Schulich Foundation.

11 Loan Funds

Maude Abbott Memorial Scholarship Loan Fund

This fund was established by the Federation of Medical Women of Canada. Small loans are available to any woman medical student or first-year intern. In special cases a loan of up to \$1000.00 may be granted to a medical woman for recognized post-graduate training. Loans are repayable within five years of date of issue, after which time interest will be charged at the rate of 5% compounded annually. Information regarding these loans may be obtained in writing to Secretariat, Federation of Medical Women of Canada, P.O. Box 8244, Ottawa, Ontario K1G 3H7.

Association of Professional Engineers of Newfoundland Loan Fund

Established by the Association of Professional Engineers of Newfoundland for Engineering students during their time at this University. Apply to the Dean of Engineering and Applied Science, Memorial University of Newfoundland.

Breezeway Emergency Trust Fund

In May, 1984, the Board of Directors of the Breezeway Bar gave to the University a sum of money, to be used as an emergency loan/bursary fund for needy students. The Fund is administered by the Scholarships and Awards office, and within guidelines already developed by the Office for awards to financially needy students. These awards will not normally exceed \$500.00.

Canada Student Loans Program Newfoundland and Labrador Student Loans Program

The Government of Canada and the Government of Newfoundland and Labrador work together to provide student financial assistance to residents of the province. Students who have a demonstrated financial need may, upon application, may receive financial support from the Canada-Newfoundland and Labrador Student Financial Assistance Program. Students are encouraged to apply online at www.ed.gov.nl.ca/studentaid/ and to apply early.

Your eligibility to receive assistance will be determined by assessing your financial need. This is done by adding the costs of your education and living expenses, and then subtracting any money that may be available to you. This determines your assessed financial need - the amount of funding for which you may be eligible. The formula is: $\text{Costs} - \text{Available Resources} = \text{Assessed Need}$.

The provincial government provides funding for 40% of the amount assessed to a maximum total of \$140 per week of study; the federal government provides funding for 60% of the amount assessed to a maximum of \$210 per week of study (in some cases, eligible recipients of Canada Student Loans and Canada Student Grants may receive greater than \$210 per week of study in total federal assistance).

Receiving A Student Loan

- a. Step 1: Once you are approved to receive assistance, you will be sent a Master Student Financial Assistance Agreement (MSFAA). This agreement must be signed and sent to the National Student Loans Service Centre (NSLSC) and include all supporting documents.

Completing and Submitting the Master Student Financial Assistance Agreement (MSFAA):

Step 1 - Read the MSFAA!

Step 2 - Complete the required sections.

Step 3 - Take your MSFAA to a designated Canada Post outlet along with the following (for a list of designated Canada Post outlets, visit: www.CanLearn.ca):

1. Your Social Insurance Number card or a copy of your Canada Revenue Agency Notice of Tax Assessment;
 2. Official government issued photo identification; and
 3. A void cheque (if you do not have a cheque, your bank or credit union can help you complete the Electronic Funds Transfer section of the MSFAA).
- b. Step 2: Once NSLSC receives your MSFAA your educational institution must confirm your enrolment.
- c. Step 3: Once full-time enrolment has been confirmed, but no earlier than the first day of classes, eligible financial assistance will be deposited to your bank account. If you do not have a bank account, a cheque made payable to you will be mailed to the address you provide. All or a part of your financial assistance may be sent to your educational institution to pay fees owing. You will receive a letter from the NSLSC advising you of the amount of your disbursement that has been issued to you and/or your Educational Institution. You can also visit the NSLSC website at www.CanLearn.ca for further information

The disbursement to you and/or your institution may not occur simultaneously due to a difference between the federal and provincial deposit dates.

For more information on the Canada-Newfoundland and Labrador Student Financial Assistance program please visit online at www.ed.gov.nl.ca/studentaid/; in-person at Coughlan College on the St. John's Campus; by e-mail to studentaid@gov.nl.ca; by telephone to 1-888-657-0800 (toll-free) or (709)729-5849.

Canadian Forces Personnel Assistance Fund Education Assistance Loan Program

1. The Canadian Forces Personnel Assistance Fund offers an Education Assistance Loan Program to assist serving and former members and their dependants with costs of full-time postsecondary education. This program consists of low interest loans of \$1,200 and \$1,500, then in \$500 increments up to a maximum of \$4,000 per student, per year, up to a maximum of \$16,000 lifetime per student. It should be noted that a period of 12 months must elapse before a new application can be considered.
2. Serving or former members are eligible to apply; they must have served in the Canadian Army, after 1st October 1946, or in the Canadian Forces, after 31 January 1968, and have a minimum of one year Regular Force military service. Selection may be based on family income, years of service and individual family circumstances.
3. Loans are repaid by the member over a twelve, twenty-four, thirty-six or forty-eight month period.
4. Application forms are available on our website at www.cfmws.com/en/SupportOurTroops, or from the Canadian Forces Base Financial Counsellors, district offices of Veterans Affairs Canada, and the Provincial Command offices of the Royal Canadian Legion. They may also be obtained by contacting the CFPAP office at 234 Laurier Avenue West, Ottawa, Ontario, K1P 6K6, telephone 6137603447 or toll free 8887539828.
5. For those who wish to obtain their loan in time for the semester beginning in September, your submission should arrive at CFPAP by 30 June. Otherwise, applications will be accepted throughout the year until the funds allotted for the EALP are exhausted.

Gerald S. Doyle Engineering Scholarship Loan Fund

By the generosity of the late G.S. Doyle, Esq., O.B.E., there are a number of scholarship loans available each year to Engineering students. The loans are normally in the amount of \$500.00 per year, but may, when circumstances warrant, extend up to \$1,000.00 per year. The loans are based on the recommendation of the Dean of Engineering and Applied Science. These loans may be granted for three successive years and are repayable at convenient times before graduation. Applications are available from the Office of the Associate Dean of Engineering and Applied Science.

Helen M. Lodge Loan Fund

The bequest of the late Professor Helen M. Lodge, formerly Professor of Education at this University.

F.W. Rowe Student Loan Fund

Based on royalties from Dr. Rowe's book, *The Development of Education in Newfoundland*. At the author's suggestion, priority is to be given to the children of active, retired or deceased teachers.

12 Scholarships, Bursaries and Awards Available to Graduate Students

12.1 Awards Administered By the School of Graduate Studies

Information on all graduate awards listed below can be obtained from the Dean of Graduate Studies.

Affinity NL (Ottawa) Scholarship

This scholarship is made possible by the fund raising efforts of the Ottawa Affinity Newfoundland and Labrador group and is valued at a portion of the income on the investment according to Memorial University of Newfoundland's Awards Program Spending Policy. Based on scholarship standing (academic excellence), it will be awarded in an alternating fashion to a first year undergraduate student (entering their second year) and then a first-year graduate student (entering the first year of either a Master's or Ph.D. program). The student must be from a rural community in Newfoundland and Labrador, express an interest in returning to work in rural Newfoundland, and be registered for full-time studies at Memorial University of Newfoundland. Rural is defined as outside St. John's and Corner Brook as determined by the Centre for Institutional Analysis and Planning, or an equivalent University or Government body. When awarded to an undergraduate student, the Scholarship will be awarded by the Senate Committee on Undergraduate Scholarship, Bursaries and Awards. When awarded to a graduate student, it will be awarded by the Dean of Graduate Studies upon the recommendation of the Awards and Medals Committee.

Hira & Kamal Ahuja International Graduate Fellowship

The Hira & Kamal Ahuja International Graduate Fellowship, valued at a portion of the income on the endowment, has been established by Hira Ahuja, a former faculty member in the Faculty of Engineering and Applied Science. The Fellowship will be awarded to three full-time international graduate students enrolled in the thesis-based program in the Faculty of Engineering and Applied Science. The fellowship will be awarded on the basis of academic excellence. Preference will be given to students who have served the East Indian community in Canada, through volunteer work. The Fellowships will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science.

F.A. Aldrich Graduate Award

The F.A. Aldrich Graduate Award has been established in memory of the first Dean of Graduate Studies at Memorial University of Newfoundland. Up to three annual awards of \$2,000.00 may be made. Awards will be made by the Dean of Graduate Studies to alumni

of Memorial University of Newfoundland who are in the first year of a full-time graduate program and will be based on academic merit, and need only if all other things are equal. If the application is based on need, please make a case.

Dr. Cater W. and Martha Andrews Memorial Graduate Scholarship in Biology

This scholarship was established by former students, friends and family of the late Dr. C.W. Andrews and his wife Martha (Hill) Andrews. Dr. Andrews, a fisheries biologist, was a professor and Head of the Biology Department at Memorial University College on Parade Street and the present Memorial University of Newfoundland for more than twenty-nine years before his death, at age 61, in 1978. Valued at a portion of the income on the endowment, it will be awarded annually to a full-time student pursuing graduate work at Memorial University of Newfoundland in marine and/or freshwater biology. Exceptional industry and interest in the field, together with academic standing, will be taken into account. The scholarship will be awarded by the Dean of Graduate Studies on the recommendation of the Head, Department of Biology.

Athletics Northeast (ANE) Running Club Award

This award was created by Athletics NorthEAST (ANE) Running Club. The Athletics NorthEAST Running Club is a community-minded club made up of runners of all ages who embrace the concept of serious running as a way to enjoy an active and healthy lifestyle and to enhance their quality of life. To be eligible for the award, students must be members of the men's or women's cross-country team at Memorial University of Newfoundland and returning athletes must be a current member of the Memorial University of Newfoundland Sea-Hawks athletic team. Recipients must have clear academic standing, with preference for individuals who have demonstrated leadership, commitment and dedication to the cross-country program while endeavoring to maximize their running potential. Preference will be given to undergraduate students, though graduate students may be considered if no eligible undergraduate candidate is identified. The awards are valued at a portion of the income on the endowment, if funds allow there will be one award for a male and one award for a female student. The award in the case of an undergraduate student will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards or in the case of a graduate student will be granted by the Dean of Graduate Studies, based on the recommendation of the Athletics Director, School of Human Kinetics and Recreation.

Atreya-Haritha Scholarship in Mathematics

This scholarship is the result of a generous donation by Dr. K.R. and Nandinin Kothandaraman. Valued at \$1000 annually, it will be awarded on the basis of scholarship standing to a full-time student, either a senior level undergraduate or a graduate student in Mathematics and/or Statistics. In the case of an undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Mathematics and Statistics. In the case of a graduate student, it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the head, Department of Mathematics and Statistics.

BMO Financial Group Graduate Scholarship in the Faculty of Business Administration

The BMO Financial Group Graduate Scholarship in the Faculty of Business Administration was created through the generous support of the Bank of Montreal through *Dare To: The Campaign for Memorial University*, and is valued at a portion of the income on the endowment. The scholarship is available to any full-time student enrolled in a Ph.D. program in the Faculty of Business Administration who meets the minimum academic requirements for a scholarship as defined by the University. One or more scholarships may be awarded annually and eligibility will be based on academic standing. It will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration.

The William H. and Bertha Baird Memorial Scholarship

This scholarship, valued at the annual interest on the endowment, has been established by Mrs. Edna Baird-Stephenson in memory of her parents. It will be awarded to a full time graduate student at either the Master's or doctoral level. Eligible candidates should be residents of the province, or should have been resident in the province for at least three years prior to entering the program, excluding time spent at post secondary institutions. The award, based on academic excellence, will be made by the Dean, School of Graduate Studies on the recommendation of the Awards and Medals Committee.

Dr. James Barnes MBA Scholarship

This scholarship was established by the combined giving of faculty members, students, family and friends to acknowledge Dr. Barnes' retirement in 2009 and to honour his contributions to the Faculty of Business Administration. Dr. Barnes joined Memorial University of Newfoundland's faculty in 1968. He served as director of the School of Business Administration and Commerce, and was appointed the first Dean of the Faculty of Business Administration in 1981. Valued at a portion of the income on the endowment, it will be awarded annually to a full-time graduate student with scholarship standing who has left full-time employment to enter the M.B.A. program. The recipient must meet the minimum academic requirements for a scholarship. It will be awarded by the Dean of the School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

Barrowman Biochemistry Graduate Travel Awards

These awards are established by the generous donations of family and friends of the late Dr. Jim Barrowman to honor his contributions to research and graduate students at Memorial University of Newfoundland. Dr. James Barrowman was recruited to Memorial University of Newfoundland in 1975 as associate professor of gastroenterology and gastrointestinal physiology, was promoted to professor in 1979 and, in 1981, took on the role of the first assistant dean for Research and Graduate Studies (Medicine). The income from this endowment will be used to provide a number of awards to graduate students registered in the Department of Biochemistry, so that they may present their research at relevant scientific conferences. Preference will be given to full-time students, but part-time students will also be considered. The awards will be made by the Dean of Graduate Studies upon the recommendation of the Head, Department of Biochemistry.

Barrowman Community Health Graduate Travel Awards

These awards are established by the generous donations of family and friends of the late Dr. Jim Barrowman to honor his contributions to research and graduate students at Memorial University of Newfoundland. Dr. James Barrowman was recruited to Memorial University of Newfoundland in 1975 as associate professor of gastroenterology and gastrointestinal physiology, was promoted to professor in 1979 and, in 1981, took on the role of the first assistant dean for Research and Graduate Studies (Medicine). The income from this endowment will be used to provide a number of awards to graduate students pursuing a research program in the Division of Community Health and Humanities, so that they may present their research at relevant scientific conferences. Recipients will have demonstrated high academic standing and research potential. The awards will be made by the Dean of Graduate Studies upon the recommendation of the Associate Dean, Research and Graduate Studies, Faculty of Medicine.

Mahmooda Begum Scholarship

The Mahmooda Begum Scholarship, established by Dr. Faisal Khan in honour of his mother, is valued at \$1,000. It will be awarded annually to a full-time engineering graduate student at either the masters or doctoral level with consideration given to academic achievement and contribution to the community at large. It will be awarded by the Dean of Graduate Studies on the recommendation of the Dean, Faculty of Engineering and Applied Science.

George and Mary Behm Award

The George and Mary Behm Award, established by Dr. David Behm, is valued at \$500. It will be awarded annually to a full-time graduate student enrolled in the Masters of Kinesiology program who has the highest average in the first four master's courses of the

M.Sc. Kinesiology program. The award will be made by the Dean of the School of Graduate Studies on the recommendation of the Dean, School of Human Kinetics and Recreation. It will be presented at the School of Human Kinetics and Recreation Awards Ceremony in November.

Dean M. Ian Bowmer Graduate Travel Award in Medicine

This award is made possible through the generous contribution of funds by Dr. M. Ian Bowmer, former Dean of the Faculty of Medicine at Memorial University of Newfoundland, as well as contributions by faculty and staff, to endow a graduate travel award in his name. This endowment will provide an annual award, valued at a portion of the income from the endowment, to a full-time graduate student pursuing a research program at the Masters or Doctoral level in the Faculty of Medicine, assisting the presentation of the student's research at a conference. The award will be competitive and based on an abstract or paper to be presented at the meeting. The award will be made by the Dean of Graduate Studies on the recommendation of the Associate Dean, Research and Graduate Studies, Faculty of Medicine. Application forms are available from, and should be submitted to, the Faculty of Medicine, Office of Research and Graduate Studies.

Dr. Kate Bride Memorial Conference Travel Award

This award was established by family, friends and students of Dr. Kate Bride (1968-2013) out of a deep and abiding love for her. Kate was an alumni member of Memorial University of Newfoundland's Graduate Program in Education, an instructor in Women's Studies and Education, and a full-time graduate student. Her dissertation, *Learning to Love Again: Loss, Self Study, Pedagogy, and Women's Studies*, is a passionate exploration of teaching and learning in the aftermath of loss. We remember Kate Bride as a strong and kind woman with a loving soul, a fabulous teacher and a wonderful friend to many. She fell in love with Memorial University of Newfoundland and Newfoundland and Labrador during her graduate work and the award is being created in memory of this love. It will help students to travel to conferences for years to come. We will always remember with love and gratitude the time that Dr. Kate Bride travelled alongside us. Valued at a portion of the income on the investment, it will be granted annually to a full-time graduate student in the Faculty of Education who is in need of funding to travel to an education-related conference and/or to present a research paper. The recipient must meet the minimum academic requirements for an award as defined by Memorial University of Newfoundland. This award will be granted by the Dean of the School of Graduate Studies on the recommendation of the Dean, Faculty of Education.

Dr. Ian A. Brookes Graduate Field Research and Travel Award in Geography

This award has been established through a generous bequest from Dr. Ian A. Brookes, much of whose research, beginning in 1963, focused on the geomorphology of Newfoundland, and who was a Visiting Associate Professor in the Department of Geography at MUN in 1981. The Award, valued at a portion of the income on the endowment, will create an annual amount from which individuals or teams of full-time graduate students (Masters and Doctoral) may apply for allotments to support field research as part of their degree requirements. In cases in which a student conducts field research that is attached to the research work of a faculty member or another graduate student (of Memorial or another institution), funds granted shall be applied only to the expenses incurred by the grantee, not to the expenses normally charged to a faculty member's (or other graduate student's) research grant. Thus, in cases where travel, accommodation, food, is shared, and where other sources of research support are lacking, a reasonable fraction of the total expenses incurred during the field research may be covered under the allowable expenses of the award. If the yearly funds available for field research are greater than the demand in a given year, the surplus funds may be used to support travel costs for full-time graduate students to attend conferences and/or to present research findings. It will be awarded by the Dean of the School of Graduate Studies upon recommendation from the Head, Department of Geography.

Dr. Joe Brown Graduate Research Award in Aquatic Ecology and Aquaculture

This award was established to commemorate the life and work of Dr. Joe Brown through initial contributions by his family, friends, colleagues and students. As a Professor (Research) at the Ocean Sciences Centre from 1984 to 2005, Joe established a unique reputation both for his scholarly work in the areas of behavioural ecology of fishes and cold-water aquaculture and for his radiant, passionate sense of humour, humanity and empathy, particularly concerning students. The award in support of research activities will be normally available annually to a full-time graduate student in the second or subsequent year of study in the areas of aquatic ecology or aquaculture, and is valued at a portion of the income from the endowment. Given on the basis of scholarly merit and quality of research, the award will be made by the Dean of the School of Graduate Studies upon recommendation from the Director of the Ocean Sciences Centre.

David Buchan Graduate Research Award in Folklore

The Research Award is established in memory of Dr. David Buchan, a leading international ballad scholar, faculty member in the Department of Folklore from 1979 to 1994, and the first Memorial University of Newfoundland Research Professor. Administered by the School of Graduate Studies, two awards of \$500 will normally be given each year to fund costs related to national/international travel for the accomplishment of, or the presentation of, folklore research by students in the graduate program in folklore at Memorial University of Newfoundland. The awards, given on the basis of scholarly merit combined with the quality of a research proposal or conference paper abstract, will be made by the Dean of the School of Graduate Studies upon recommendation from the Head of the Department of Folklore, who will be advised by the Department of Folklore's Scholarships, Bursaries and Awards Committee.

Buchans Scholarship Fund of ASARCO Incorporated

ASARCO Incorporated has established a scholarship fund, the annual interest on which will provide for students enrolled in the Department of Earth Sciences, Memorial University of Newfoundland, either a scholarship for post-graduate study and research, valued at \$5000.00; or two scholarships for undergraduate study, valued at \$500.00 each. The latter scholarships will be available only when no suitable candidate can be found for the former. In order to qualify for these awards, students must be native-born Newfoundlanders or graduates of Newfoundland high schools. In the case of the graduate scholarship, the award will be made by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences; in the case of the undergraduate scholarships, by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences. Should no candidates be available in any year, the awards may be held over.

Maurice J. Burke Memorial Scholarship

This scholarship, valued at a portion of income on the investment, was established by the family of the late Maurice Burke. Mr. Burke served in the Provincial Department of Education in the Teacher Certification Division for thirty-five years. He was also a columnist and author with a personal and professional interest in Newfoundland culture and folklore celebrating the uniqueness of Newfoundland outport life. It will be awarded alternately to a full-time graduate or undergraduate student in the Department of Folklore on the basis of scholarship standing. In the case of undergraduates it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies. In both cases the scholarship will be awarded on the basis of a recommendation from the Head, Department of Folklore.

Dr. Alfred T.H. Burness Graduate Award in Medicine

The award is established by the generous donations of family and friends of the late Dr. Alf Burness to commemorate the thoughtful and patient graduate supervision and kindness provided by Dr. Burness (Division of Basic Sciences, Medicine 1976 – 1991) to graduate students in the Faculty of Medicine. The award is intended to encourage graduate students to produce work of outstanding quality. The award will be given annually to a full-time graduate student pursuing a research program at the Masters level in the Faculty of Medicine who has successfully completed three semesters of the program. Selection will be based on course work, research, and other related

accomplishments. Candidates must apply in writing, including a statement of eligibility as well as details of their area of research and progress, i.e. publications, presentations, other awards, etc. Each application must be supported by a reference from the candidate's supervisor verifying the candidate's area of research and progress to date. Applications should be submitted to, the Faculty of Medicine, Office of Research and Graduate Studies. The award will be made by the Dean of Graduate Studies on the recommendation of a Committee including the Assistant Dean, Research and Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

Erin Burse Memorial Leadership Award

This award was established by family and friends in memory of Erin Burse, a Memorial University of Newfoundland student and women's volleyball athlete who exhibited exceptional leadership skills, academic excellence and passion for her sport. Valued at a portion of the income on the investment, this award will aid student-athletes in their pursuit of post-secondary study. Recipients will be recognized for their outstanding leadership, commitment to their sport and role as ambassador in the community. Eligible candidates must meet the CIS requirements and regulations regarding athletic financial awards. The award will be open to all student-athletes, undergraduate or graduate, who are current members of a varsity team at Memorial University of Newfoundland and have a minimum of clear academic standing (as defined by the University). The award will be granted based on the recommendation of the Director of Athletics. For undergraduate students, the award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. For graduate students, it will be awarded by the Dean of Graduate Studies.

Charles Butler Graduate Scholarships

These scholarships were established by a generous donation from Mr. Charles Butler of Pembroke, Ontario. Mr. Butler has been a long-time friend of Memorial University of Newfoundland and of Newfoundland and Labrador, supporting the University's activities in the Ottawa region for many years. Two scholarships, valued at \$2,500 each, will be awarded annually to full-time students enrolled in any year and any program of graduate study at Memorial University of Newfoundland. Dr. Roger C. Green Graduate Scholarship in Human Genetics

This scholarship was established by generous donations from family, friends, and colleagues of Dr. Roger C. Green. Dr. Green was a long-time educator and researcher in the Faculty of Medicine, Memorial University. He was one of the four founding members of the Discipline of Genetics and headed its graduate program for fifteen years until his retirement in September, 2014. During his academic career, Dr. Green mentored most of the Genetics Faculty and many of the graduate students. He took great pride in his role as teacher and considered that one of his greatest achievements was that he taught every graduating physician from Memorial's Faculty of Medicine until his retirement. Valued at a portion of the income on the endowment, the Dr. Roger C. Green Scholarship will be awarded annually in perpetuity to a full-time or part-time graduate student (M.Sc. or Ph.D.) in the Human Genetics program, Faculty of Medicine, who has completed a minimum of three semesters. Applicants must demonstrate research leadership and creativity, as well as strong academic citizenship. Preference will be given to a student who exemplifies all-round excellence in scholarship and service, in memory of Dr. Green who embodied these qualities. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Dean of the School of Graduate Studies on the basis of a recommendation from the Chair of the Discipline of Genetics, as Chair of the Genetics Scholarship Selection Committee, and with the approval of the Assistant Dean, Research and Graduate Studies, Faculty of Medicine.

Keith Griffiths Memorial Heart and Stroke Foundation Graduate Scholarship

This scholarship, established through a generous contribution by the Griffiths family, in partnership with the Heart and Stroke Foundation of Newfoundland and Labrador, is valued at \$1,500 per year. The Griffiths family has established this scholarship in memory of their father, Keith Griffiths, a stroke survivor and dedicated volunteer. The scholarship is awarded annually to a graduate level student who is pursuing a research program in stroke and neurological issues related to stroke. Students in the Faculty of Medicine, School of Nursing or School of Pharmacy are eligible to apply; however, preference is given to full-time Faculty of Medicine graduate students. Candidates must apply in writing, providing a statement of eligibility, as well as details of their area of research, and progress. Applications shall be submitted to the Faculty of Medicine, Office of Research and Graduate Studies, Memorial University of Newfoundland. The award will be made by the Dean of Graduate Studies on the recommendation of a committee including the Assistant Dean, Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

This fund has been established by the Memorial University of Newfoundland Folklore Society in memory of Mary A. Griffiths, B.A. (Folklore). One or more bursaries valued at a minimum of \$250.00 each will be awarded annually to graduate Folklore students who wish to pursue field research. The awards will be made by the Dean of Graduate Studies on the recommendation of the Head of the Department of Folklore. Selection will be made on the basis of a submitted research proposal as well as demonstrated financial need. Application forms and guidelines are available from and should be submitted to the Folklore Department. Deadline date for submission of applications is January 31. If there are no suitable candidates in a given year the bursaries will not be awarded.

Dr. Diana L. Gustafson Travel Award

This graduate student award was established through the generous support of Dr. Diana L. Gustafson, Associate Professor, Division of Community Health and Humanities, Faculty of Medicine. It was created to help defray travel costs incurred while presenting a paper on current thesis research at a national or international conference. Valued at \$500, it will be awarded annually to a master's or doctoral student with high academic merit (Canadian resident or international student) who is currently enrolled in a thesis-based program in the Division of Community Health and Humanities. Preference will be given to part-time students. The graduate program committee of Community Health and Humanities will make a recommendation to the Office of Research and Graduate Studies (Faculty of Medicine). The award will be granted by the Dean of the School of Graduate Studies on the recommendation of the Assistant Dean, Research and Graduate Studies, Faculty of Medicine.

Herbert and Violetta Halpert Travel Research Award in Folklore

This award was originally established by the late Violetta Halpert in memory of her husband, Dr. Herbert Halpert, Professor Emeritus, Department of Folklore. Now, it commemorates the many contributions of both Herbert and Violetta Halpert, not just to the Department but to Memorial University of Newfoundland, the Province of Newfoundland and Labrador and the discipline of folklore. The Halperns established the academic study of folklore in Newfoundland. Dr. Halpert was the Head of Memorial University of Newfoundland's Department of Folklore from its inception in 1968 until his appointment as Henrietta Harvey Professor in 1973. In 1968 Herbert and Violetta Halpert founded the Memorial University of Newfoundland Folklore and Language Archive (MUNFLA) which they developed as an integral part of the research and teaching functions of the Department. Valued at a portion of the income on the endowment, this award will be given annually to a full-time student in the M.A. or Ph.D. program in folklore to fund costs relating to national/international travel for the presentation of folklore research utilizing the Herbert Halpert Collection and/or any other collection housed in MUNFLA. It will be awarded on the basis of scholarly merit and the opportunity to promote Memorial University of Newfoundland's Department of Folklore and its collections as widely as possible. The award will be granted by the Dean of the School of Graduate Studies on the recommendation of the Head, Department of Folklore.

Michael Harrington Research Prize in Newfoundland History

This award was established by the family of Michael Francis Harrington Sr., journalist, author and Newfoundland historian. The prize is valued at a minimum of \$500.00 and will be awarded annually to an undergraduate or graduate student doing research in Newfoundland history. To be considered, undergraduate students must be history majors planning to do research for a course in Newfoundland history or towards an honours thesis. Graduate students must be writing a thesis on some aspect of Newfoundland history. In some instances it may be awarded as a travel grant which will assist students with travel expenses incurred while undertaking their research. In the case of undergraduates it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of History. In the case of graduates it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the Head, Department of History.

Professor Peter Hart Memorial Scholarship

This scholarship has been established in memory of Canada Research Chair in Irish Studies and Department of History Professor, Dr. Peter Hart. His work was marked by a commitment to writing well and accessibly, and by his innovative approach to research and analysis – in particular for opening up new questions through his application of social science methods and concepts to problems of Irish history. This scholarship, valued at \$1,000.00, was established by LGL Limited. It will be awarded annually to a student in the Faculty of Science who is following a program of studies related to Marine Science. The successful candidate will be either a fourth year undergraduate student doing an honours program or a graduate student. Wherever possible, preference will be given to a student from a fishing family, but other students will be considered. In the case of undergraduate students the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies. In both cases it will be based upon a recommendation from the Dean, Faculty of Science.

Dr. Jon Lien Memorial Recruitment Scholarship

This recruitment scholarship was established to commemorate the life and work of Dr. Jon Lien, C.M., O.N.L., through contributions by his friends, colleagues, students, and family. As a result of his work at Memorial University of Newfoundland (1968-1996) Dr. Lien became an international leader in marine conservation and animal behavior. His pioneering methods to release entrapped whales from fishing gear – including the development of acoustic alarms to warn whales away from such entrapments – earned him unequalled respect with both fishermen and scientists around the globe. His work brought talented students to Memorial University of Newfoundland, empowering them by demanding excellence and maximum commitment while strongly believing in their potential. A substantial contribution to the scholarship was provided by the family and friends of Dr. Deane Renouf, a student of Jon's, who passed away in 1993. In the spirit of collaboration that Jon held dear, this scholarship will honour the memories of both mentor and student. Dr. Renouf was instrumental in establishing the Cognitive and Behavioral Ecology program at Memorial University of Newfoundland and was a noted marine mammal ecologist in her own right. Valued at a portion of the income on the endowment, this scholarship will be awarded annually to a full-time entering graduate student undertaking studies in marine animal behavior, marine conservation, coastal community revitalization or a current fishery challenge and may be renewable for a maximum of two years at the discretion of the Dean of Science. If the student does not accept the offer to study at Memorial University of Newfoundland, the scholarship will be awarded to the next ranked candidate. The recipient must meet the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. This scholarship will be awarded by the Dean of the School of Graduate Studies on the recommendation of the Dean of Science.

Noah Curtis Godwin Lloyd Student Award

The Noah Curtis Godwin Lloyd Student Award was established by the family of baby Noah Lloyd who was born on April 6, 2008 and died two days later of septicemia from a small bowel volvulus. Valued at a portion of the interest on the endowment, this award in Noah's memory will be granted to a student in the Faculty of Medicine who is planning a career in a primary healthcare discipline, who has

succeeded through hard work and perseverance, and displays humility and gentleness of character in approaching work and life. It will be granted annually on a rotating basis between undergraduate students and graduate students. The recipient must meet the minimum academic requirements for an award as determined by the Faculty of Medicine, Memorial University of Newfoundland. When awarded to an undergraduate student it will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Medicine. When awarded to a graduate student it will be awarded by the Dean, Research & Graduate Studies (Medicine). Application forms and further information are available from the Student Affairs Office, Faculty of Medicine.

This scholarship, valued at the interest on the initial endowment will be awarded by the Dean, School of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration to a Newfoundland student who has been granted direct entry on a full-time basis to Term 3 of the Master of Business Administration Program and who has exhibited a high level of ambition. Financial need may also be taken into consideration when awarding this scholarship.

Shree Mulay Community Health Graduate Student Award

This graduate student award is established through the generous support of Dr. Shree Mulay, Associate Dean and Professor, Division of Community Health and Humanities, Faculty of Medicine. It is created to help students who wish to be full-time in the Community Health Programs meeting the funding requirements of the Office of Research and Graduate Studies, Faculty of Medicine. One graduate research scholarship will be given annually to incoming thesis graduate students with a declared interest in pursuing full-time studies who do not have adequate funding (by way of scholarship, fellowship, or faculty research monies) to qualify for full-time status. These funds may be used alone or in conjunction with other student awards or partial supervisory funding to meet the full-time funding requirement of the Office of Research and Graduate Studies (Medicine). During the year of the award, it is expected that the student and supervisor will seek external funding to support the research program. Normally a student will be eligible to receive the scholarship only once during her or his program. There will be one competition per year, coinciding with the Winter semester selection process. All incoming candidates accepted for the M.Sc. and Ph.D. programs in the Division of Community Health and Humanities (CHH) will be considered for the award in accordance with the terms and conditions described above. The graduate program committee of CHH will make recommendations to Research and Graduate Studies (Medicine). The award will be made by the Dean of Graduate Studies on the recommendation of the Assistant Dean of Graduate Studies (Medicine).

Neil Murray Graduate Research Award in Folklore

The Research Award, sponsored by the Newfoundland and Labrador Arts Council, is established to commemorate the energy of Neil Murray in his encouragement and promotion of our provincial folk music traditions. Open to students currently registered in the graduate program in folklore at Memorial University of Newfoundland, two awards of \$250, or one of \$500, will normally be given each year. These awards are designed to fund costs related to the accomplishment of, or the presentation of, research on the traditional performing arts in Newfoundland, including song, dance, drama, or narrative and/or the cultural traditions of the Newfoundland fishery. The awards, given on the basis of demonstrated academic merit and a research proposal or conference paper abstract demonstrating original, creative and innovative thought, will be made by the Dean, School of Graduate Studies upon the recommendation of the Head, Department of Folklore, who will be advised by the Selection Committee. Applications should be directed to the head, Department of Folklore. The deadline for application is March 1st each year.

Leslie Tuck-Avian Ecology Award

This endowed scholarship is named in honour of the late Dr. Leslie Mills Tuck, the first Dominion Wildlife Officer and Canadian Wildlife Service Officer in Newfoundland and Labrador. Author of two definitive and award-winning books on Newfoundland birds, *The Murres* (1961) and *The Snipes* (1972), Leslie Tuck was a J.L. Paton Research Chair in the Department of Psychology following his retirement from the Canadian Wildlife Service, and a member of the Natural History Society of Newfoundland and Labrador which he was instrumental in sustaining. The award, valued at \$1,000 annually, will be made by the Dean of Graduate Studies on the recommendation of the Dean of Science. A committee appointed by the Dean of Science shall select a nominee on the basis of a 500 word essay on the student's research and its relevance to the avian ecology and ecosystem preservation in Newfoundland and Labrador. Eligible candidates must be full-time graduate students in biopsychology, biology or psychology. The winning essay will be published in *The Osprey*, the quarterly publication of the Natural History Society of Newfoundland and Labrador.

University Support

A limited amount of University Support may be awarded to full-time students working toward graduate degrees at this University. Awards will be made by the Dean of Graduate Studies on the recommendations of Departments. These awards may be supplemented by remuneration for extra duties performed in the Departments at the discretion of Department Heads.

Dr. Harrison Hedley Way Scholarship

This scholarship was established by a generous donation from Dr. Elizabeth (Way) Johnson in the name of her late father, Dr. Harrison Hedley Way of Bonavista, NL. In the early 1970's, he was invited to establish and direct the Department of Educational Psychology within the Faculty of Education at Memorial University of Newfoundland; a post he held for fifteen years. Dr. Harrison Hedley Way was a financial supporter of young Newfoundlanders and Labradoreans who pursue higher education, and this scholarship will ensure that this practice will continue on in perpetuity. Valued at a portion of the income on the investment, it will be awarded annually to a student who has graduated from a Newfoundland high school. The student must be enrolled full-time in the Counseling and Psychology program in the Faculty of Education at Memorial University of Newfoundland. Preference will be given where financial need is demonstrated. The recipient must meet the minimum academic requirements for a scholarship as outlined by the University. This scholarship will be awarded by the Dean of the School of Graduate Studies on the recommendation of the Dean, Faculty of Education.

Josephine Welch Research Initiative Award

The Josephine Welch Research Initiative Award, established by Dr. David Behm, is valued at \$500. It will be awarded annually to a full-time graduate student enrolled in the Master of Kinesiology program who has demonstrated the greatest initiative towards publishing research. This can include submitted or published papers, abstracts or data collection. This award will be made by the Dean, School of Graduate Studies on the recommendation of the Dean, School of Human Kinetics and Recreation. It will be presented at the School of Human Kinetics and Recreation Awards Ceremony in November.

George Weston Graduate Scholarships

Two scholarships valued at a minimum of \$2,000.00 each, will be awarded annually to full-time graduate students, one in the field of Marine Biology and one in the field of Marine Engineering. These students must have been born in one of the Atlantic Provinces. Tenable at Memorial University of Newfoundland, these scholarships will be awarded by the Dean of Graduate Studies upon recommendation from the Deans of Science and Engineering.

Williams and Verge Family Bursary

This bursary, valued at \$1,000 per year, will be awarded annually to a part-time graduate student enrolled in the first year of a Master's program in the Faculty of Education at Memorial University of Newfoundland. To be eligible, candidates must be active volunteers in the community, not hold a full-time position at the time of eligibility for the bursary and meet the academic requirements for a bursary. The bursary will be awarded by the Dean of Graduate Studies based on the recommendation from the Associate Dean of Graduate Programs, Faculty of Education.

Women's Association of Memorial University of Newfoundland Graduate Student Scholarship

Two Master's level and two Ph.D. level scholarships valued at \$1,200.00 each are awarded annually to full-time students entering a program in the School of Graduate Studies. Of the Master's level awards, one shall be for a thesis program, and one for a non-thesis program. Financial need as well as scholarship standing will be taken into consideration. The awards will be made upon the recommendation of the Dean of Graduate Studies.

Wood Gundy Scholarship for Graduate Business Students

The Wood Gundy Scholarship for Graduate Business Students will be awarded annually to an M.B.A. student of scholarship standing who has demonstrated leadership ability through participation in student, faculty or University activities and/or contribution to the larger community. Preference will be given to students with a demonstrated career interest in the area of finance. The value of this scholarship will be determined by the annual income derived from the initial endowment. It will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration.

Edna R. Woolgar Graduate Scholarship in Nursing

Edna Woolgar (nee Garland) was born in Carbonear, Newfoundland. She attended the Grace Hospital School of Nursing and practiced in the case room at the Grace Hospital and then as a private duty nurse. The friendship that she formed in nursing school remained and became stronger throughout the years. The scholarship, valued at a portion of the income from the endowment, will be presented annually to a graduate student in the School of Nursing who is completing research in or who has a passion for oncology or palliative care and who meets the minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland. Preference will be given to a full-time student. The scholarship will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean of the School of Nursing.

The Works Varsity Athletics Award

This annually funded award has been established in 2012-13 by the Works, with support from The Office of the President of Memorial University of Newfoundland for a minimum period of five years. Valued up to full-tuition and fees, the fund has been established to assist coaches in recruiting student-athletes for the University's varsity teams. To be eligible for these awards, returning athletes must be a current member of a Memorial University of Newfoundland Sea-Hawks athletic team and have achieved a minimum average of 65% based on the previous academic year of study at Memorial University of Newfoundland. First-year athletes may also be eligible to receive the award provided they have a minimum final admission average of 80%. First-year athletes who do not meet the minimum 80% final admission average may be eligible to receive the award following the release of Winter grades as long as the full-time student athlete earns a 65% average on all coursework. This is a one-time allowance. In granting this award, preference will be given to student athletes who have demonstrated leadership, athletic ability and overall commitment to teammates. For undergraduate students, the award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on recommendation of the

Director of Athletics. For graduate students, the award will be granted by the dean, School of Graduate Studies on recommendation of the Director of Athletics.

Dr. James A. Wright Memorial Scholarship in Earth Sciences

This scholarship was established in memory of Dr. James "Jim" Arthur Wright (1941-2010) by his wife Elsie and family. Dr. Wright was born, raised and educated in Toronto. Following a Bachelor's degree in Engineering Physics, a Master's degree in Physics, and a Ph.D. in Geophysics at the University of Toronto in 1968 he spent one year in Braunschweig, Germany, on a NATO Post-Doctoral Fellowship. He accepted a faculty appointment at Memorial University of Newfoundland in 1969 and worked there for 39 enjoyable years until his retirement in 2008. Jim was active in geophysical exploration, was the co-founder of a small oil and gas venture, and an active member of many professional organizations. Valued at a portion of the income on the endowment, it will be awarded annually to a full-time graduate student pursuing Geophysical research related to the exploration or development of onshore/offshore petroleum resources in Newfoundland and Labrador. Candidates must meet minimum academic requirements for a scholarship as defined by Memorial University of Newfoundland and must be engaged in non-political community and/or church volunteer activities. This scholarship will be awarded by the Dean of the School of Graduate Studies on the recommendation of the Head, Department of Earth Sciences.
