

A revised Tri-Agency Financial and Administrative Guide came into effect on April 1, 2020 and with it a new **grant amendment form** and the requirement for **institutional approval and submission**. Grant holders no longer submit amendment requests directly to the agency.

To process a grant amendment request please:

1. Complete the Tri-Agency [grant amendment form](#)
2. Circulate the completed form and this approval page for department and faculty signature
3. Create an amendment [EVENT](#) on the [MUN Researcher Portal](#) on the relevant grant file
4. Upload both the completed form and approval page as attachments to the event on the portal

If you need any assistance, please contact your Grants Facilitation Officer
