

# School of Social Work Funding Calendar

This calendar contains information about the submission deadlines for various internal and external funding opportunities relevant to researchers (including graduate students) working in Memorial University's School of Social Work.

Funding opportunities are listed according to the month in which their final submission deadline normally falls, which may come early, in the middle, or late in the month and is always subject to change. They are also marked by their administering funding body (or bodies), with **SSHRC**, **CIHR** & **NSERC** representing tri-agency funding programs and **MUNL** referring to internal funding opportunities.

Please note that different funding opportunities have different submission procedures and steps. Some require pre-registration, expressions of interest, letters of intent, institutional review and selection, etc., and all require internal review within the School of Social Work.

Click on the hyperlinks in the calendar and/or consult with the School of Social Work's Grants Facilitation Officer for more details about submission procedures and the review processes for specific funding opportunities.
